Addictions Counselling
Diploma

The program provides you with the competencies required for interventions appropriate to individuals, families, and communities experiencing a variety of compulsive behaviors such as substance abuse, gambling, and eating or sexual disorders.

This rigorous and unique program prepares you with knowledge of a range of dependencies and with multilevel intervention skills. After graduation you will be able to promote healthy lifestyles in urban and rural settings and with diverse populations. This program equips you with evidence-based skills and the potential to enhance the protective factors related to the resilience of individuals, families, and communities. You will find the field appealing as a healthy, high functioning individual, or if you have experienced addictions in your own life and have achieved a level of stability and functioning that enables you to counsel others successfully. Due to the nature and demands of the addictions counselling profession, the program invites emotional involvement and an ongoing commitment to self awareness as an integral component of the process of becoming educated as a professional addictions counsellor.

The Medicine Hat College Addictions Counselling Program meets the knowledge, skill and application competencies of The Canadian Addiction Counsellors Certification Federation (CACCF). The Medicine Hat College Addictions Counselling program is also approved by the CACCF and, as a result, graduates of the program are eligible for certification with CACCF and are also eligible for membership with The Addiction Professionals Association of Alberta (APAA). In regard to the CACCF all the courses meet the education requirements for the ICADC and the CCAC. The HLSC 350 internship course qualifies for the 360 supervised clinical hours required for CCAC and IDACD certification should graduates of this program decide to pursue their certification through CACCF.

Career Opportunities

Graduates of the Addictions Counselling Program will be prepared to find work in private and public addictions agencies, educational and health institutions, the criminal justice system, women’s shelters, and youth group homes. Upon graduation, students are eligible to apply within the profession of addictions counselling through the Alberta College of Counselling Therapy. To work in the addictions counselling profession in Alberta, an addictions counsellor must be registered. Graduates of the Addictions Counselling Program have found employment as:

- Prevention Workers
- Early Intervention Counsellors
- Treatment Counsellors
- Addictions Educators
- Women’s Shelter Counsellors
- Criminal Justice Workers
- Community Program Educators

Admission Requirements

High School Route

- ELA 30-1
- Biology 30 or Chemistry 30
- Two 30-level academic subjects
- One Grade 12 5-credit subject (excluding Special Projects)

Mature Student Route

Limited number of seats are available for mature students who do not meet high school subject requirements but have personal or professional experience with Addictions. A letter should be submitted to admissions@mhc.ab.ca. It is recommended mature students meet with an Academic Advisor or the program coordinator prior to submitting an application via this route.

Transfer Route

Eight or more transferable courses or a completed two-year College diploma.

Conditional Admission Plan (CAP)

If you do not possess all of the admission requirements, the Conditional Admission Plan (CAP) may provide conditional acceptance to this program, provided space is available. CAP is individualized to meet your needs. See page 18 for further details.

Other admission considerations

- An interview and/or letter of intent may be required.
- If you have significant experience(s) with addictions you should be apprised of the need to have reached a level of stability and functionality that will allow you to undertake this program of studies and to counsel others.

HLSC 350  Internship in Addictions Counselling

Electives
In addition to the specified core courses, students must also complete 5 additional university transfer courses prior to taking HLSC 350. Electives may be drawn from courses, which transfer to the University of Lethbridge as per the Alberta Transfer Guide (available at www.transferalberta.ca) and meet their Liberal Education Requirement. Contact your Academic Advisor for a list of appropriate selection.

Internship/Practicum

While every effort is made to accommodate your needs and preferences, you will likely travel out of Medicine Hat during the fieldwork semesters. Costs may be associated with travel and relocation and you are reminded to keep these in mind when calculating program costs. Placement decisions are based on your needs, placement/agency needs, and the outcome of placement interviews with agencies.

In order to ensure the protection of clients, students are required to provide proof of up-to-date child welfare and criminal record checks, at their expense, prior to entry into practicum placements. These documents need to be submitted to the Division of Science & Health, Health & Human Services administrative assistant. Students may be responsible for providing copies of the Alberta Children’s Services Intervention Record Check and Police Information Check to practicum supervisors prior to starting placements. Students are obligated to inform the Program Coordinator immediately of any change in the status of your criminal record. Prior involvement with Alberta Children’s Services or a criminal record may limit the practicum options available to you.

ALL students going to internships in Alberta Health Services (AHS) need to have your organizational requirements in place before proceeding into practicum.

These requirements include:
• proof of immunizations: Rubella is required as it is legislated by the Public Health Act. Students who are not immunized against Rubella may not complete a placement with AHS. Other immunizations are highly recommended and AHS strongly advises students are fully immunized in accordance with the "Standard for Immunization of Post-Secondary Health Care Students and Students in Other High-Risk Occupational Programs".
• signed AHS Oath of Confidentiality; this is generated upon completion of the mandatory Information and Privacy training.

Individuals with a history of addiction or dependency should note that placement agencies may require you to have a minimum two-year alcohol and other drug-free lifestyle prior to acceptance in an internship placement. The consequences of a prior criminal conviction on your status in the program will be examined and discussed on an individual basis.

Field Placement Requirements
If your academic or personal behavior is questionable regarding the safe and professional delivery of client care you may be held back from a practicum placement. Should the program coordinator judge, in consultation with the program faculty, that there is evidence that you are professionally unsuitable or a risk to clients, the coordinator may prohibit you from attending or completing a practicum.

Continuation Requirements

Continuation in the Program
To be in good standing, you must:
• maintain a Grade Point Average (GPA) of 2.0
• achieve a grade of C or better in all HLSC courses
• achieve a C or better in all first and second year courses, including electives, prior to HLSC 350 (all are prerequisite courses)
• pass both theoretical and clinical components of HLSC courses in order to receive credit in these courses. Should you fail the practical component of an Addictions Counselling course you will not be allowed to register in further Addictions Counselling courses which include practical components. You are only permitted to repeat an HLSC course once.

As a student in the Addictions Counselling Program you are expected to exercise responsible conduct that reflects favorably on you as a developing professional, the program, and Medicine Hat College.

Questionable performance in relation to harming yourself or others and/or to the maintenance of the professional standards of the program may result in you being asked to leave the course/lab setting/internship placement at any time and you may receive a failing grade in the course. Should you be found to be in academic difficulty or should your professional suitability be of concern, you may be referred for remedial assistance or, in extreme cases, asked to withdraw from the program.

If you have been absent from the program for one calendar year and are returning to complete a course, you will be required to successfully complete a comprehensive evaluation. Depending on the outcomes of the evaluation you may be required to successfully complete remediation in preparation to enter the practicum.

Required Withdrawal
If you are dismissed from the program for academic or practice reasons (see Academic Probation) you may reapply for readmission after a lapse of a full year. If you are dismissed for a second time, you will not be readmitted.
Addictions Counselling
Diploma

Graduation Requirements

Diploma
You must complete all program requirements for first and second years with an overall GPA of 2.0 and no grade less than C in the HLSC courses.

Time Limits for Program Completion
You are allowed four years to complete the Diploma, following the completion of the first addictions course.

Transfer
Excellent transfer opportunities have been developed with:

Athabasca University
The Addictions Counselling diploma transfers to Athabasca University’s Bachelor of Professional Arts (Human Services) degree.

Lethbridge College
Graduates with a cumulative GPA of 2.0 or higher along with the completion of additional bridge coursework are eligible for block transfer credit into the third year of the Bachelor of Applied Arts in Justice Studies program. Students should contact an Academic Advisor for more information.

Thompson Rivers University
Graduates are eligible to receive advanced credit toward the Bachelor of Health Science or the Bachelor of General Studies. Students should contact an Academic Advisor at TRU for further information.

University of Calgary
Graduates of the Addictions Counselling Diploma are eligible to apply to the two-year post-diploma Bachelor of Community Rehabilitation (BCR) program. Students should contact an Academic Advisor for more information.

University of Lethbridge
Students with a minimum GPA of 3.0 are eligible to transfer into the University of Lethbridge’s Post-Diploma Bachelor of Health Sciences-Addictions Counselling program.
Addictions Counselling/Social Work Dual Diplomas

The Addictions Counselling/Social Work combined diplomas program facilitates the completion of two diplomas in three years. The combined program is distinct and students must follow a prescribed program over three years to successfully complete the two diplomas.

The three year program combines knowledge of the humanities and behavioral sciences, addictions and compulsive behaviours, social work theory and philosophy, and the development of practical skills through academic classroom study and fieldwork settings.

The dual program meets the theory, research, and skill competencies of The Canadian Addictions Counsellors Certification Federation (CACCF) and therefore graduates of the program are eligible for certification with CACCF. In regard to the CACCF all the courses meet the education requirements for the ICADC and the CCAC should graduates of this program decide to pursue their certification through CACCF. Upon graduation, students are eligible to apply within the profession of addictions counselling through the Alberta College of Counselling Therapy. To work in the addictions counselling profession in Alberta, an addictions counsellor must be registered.

Graduates of the program are also eligible for membership with The Addiction Professionals Association of Alberta (APAA) and the Alberta College of Social Workers (ACSW).

Career Opportunities

Graduates of the Addictions Counselling/Social Work Dual Diplomas Program will be prepared to work in a broad range of public and private health, social, addictions, and welfare agencies, educational institutions, and the criminal justice system. Students will be prepared to work with individuals, families, groups and communities.

Admission Requirements

High School
- ELA 30-1 (minimum 60%)
- Biology 30 or Chemistry 30
- Two 30-level academic subjects
- One grade 12 5-credit subject (excluding Special Projects)

Mature Student
Limited number of seats are available for mature students who do not meet high school subject requirements but have personal or professional experience with Addictions. A letter should be submitted to admissions@mhc.ab.ca. It is recommended mature students meet with an Academic Advisor or the program coordinator prior to submitting an application via this route.

Transfer Route
Eight or more transferable courses or a completed two-year College diploma.

Conditional Admission Plan (CAP)
If you do not possess all of the admission requirements, the Conditional Admission Plan (CAP) may provide conditional acceptance to this program, provided space is available. CAP is individualized to meet your needs. See page 18 for further details.

Other Admission considerations
- A current resume
- A personal profile questionnaire providing information related to your background and suitability for the program
- One reference from a volunteer or workplace supervisor
  (You must have a minimum of 100 hours volunteer or work experience in a social service environment)

Program Requirements

First Year

Fall
- HLSC 200 Introduction to Addictions Studies
- IDST 100 Introductory Communications for Helping Professions
- PSYC 205 Principles of Psychology
- SLWK 100 Introduction to Social Work
- SLWK 102 Social Problems & Policies

Winter
- HLSC 220 Introduction to Counselling
- HLSC 230 Physiology and Processes of Addictions
- PSYC 351 Developmental Psychology
- SLWK 101 Social Work Theories and Practice
- SOCI 201 Introductory Sociology

Spring
- ENGL 2xx Junior English

Second Year

Fall
- ANTH 213 Contemporary Aboriginal Issues
- HLSC 320 Counselling II (Individuals and Groups)
- HLSC 340 Assessment of Addictions
- HLSC 365 Health Education and Promotion

Winter
- PSYC 357 Human Development
- SLWK 211 Social Work with Mental Illness, Trauma and Addictions

One of:
- SOCI 203 Current Social Issues
- SOCI 325 Deviant Group Behaviours
Addictions Counselling/Social Work
Dual Diplomas

Third Year
Fall
SLWK 206 Social Work Research and Leadership in Human Services
SLWK 208 Social Work with Families
SLWK 212 Practicum I

Winter
SLWK 209 Social Work with Communities
SLWK 213 Practicum II

Practicum/Internship
You are selected for practicum on the basis of academic performance, professional suitability, fitness and conduct, and availability of practicum sites.

Individuals with a history of addictions or dependency should note that placement agencies may require you to have a minimum two year alcohol and other drug free lifestyle prior to acceptance in an internship placement.

In order to ensure the protection of clients, you are required to provide up-to-date Alberta Children’s Services Intervention Record Check and Police Information Check, at your expense, to your practicum supervisor prior to entry into practicum placements. You are obligated to inform the Program Coordinators immediately of any change in the status of either of these reports.

Should the program coordinator judge, in consultation with the program faculty, that there is evidence that you are professionally unsuitable or at risk to clients, the coordinator may prohibit you from attending or completing a practicum.

Continuation Requirements
You must achieve a minimum of a "C" grade in all required courses.

As a student in the Addictions Counselling/Social Work Dual Diplomas program you are expected to exercise responsible conduct that reflects favorably on you as a developing professional, the program, and Medicine Hat College. Failure to do so could result in your dismissal from the program.

Questionable performance in relation to harming yourself or others and/or to the maintenance of the professional standards of the program may result in you being asked to leave the program at any time and you may receive a failing grade in any course you are registered in at that time.

If you have been absent from the program for one calendar year and are returning to complete a course, you will be required to successfully complete a comprehensive evaluation. Depending on the outcomes of the evaluation you may be required to successfully complete remediation in preparation to enter the practicum.

Repetition of Courses
You may only repeat SLWK and HLSC courses once.

Time Limits for Program Completion
You are allowed up to six years to complete the combined diplomas route.

Graduation Requirements
In addition to the courses required for graduation your progress in the program will be reviewed each semester by the program faculty. Should you be found to be in academic difficulty or should your professional suitability be of concern, you may be referred for remedial assistance or, in extreme cases, asked to withdraw from the program.

You must achieve a minimum of a C grade in all courses in order to be eligible to graduate.

The Code of Ethics of the ACSW and the professional competencies of the CACCF will be used as a measure of professional behaviour and suitability.

Transfer
The Addictions Counselling diploma and Social Work diploma transfer separately to universities in Alberta and British Columbia. Please consult with a MHC Academic Advisor regarding the transfer structures for these programs.

Lethbridge College
Graduates with a cumulative GPA of 2.0 or higher along with the completion of additional bridge coursework are eligible for block transfer credit into the third year of the Bachelor of Applied Arts in Justice Studies program.

University of Regina
Graduates are eligible to receive up to 60 credits towards the Bachelor of Social Work program. Students should contact an Academic Advisor at the University of Regina for further information.
Administrative Office Management Diploma

Academic Advising Office
Phone: 403.529.3819

Marla Middleton Freitag, Coordinator
Phone: 403.529.3988
E-mail: mfreitag@mhc.ab.ca

The Administrative Office Management Diploma is designed to provide you with the potential for obtaining a managerial, supervisory or leadership role in an office environment. In addition to technical office skills, you will learn management theory, supervision, human resource management, leadership, and group dynamics.

Admission Requirements

High School Route
• ELA 30-1 or ELA 30-2
• Math 10C
• Keyboarding speed of a minimum of 20 wpm with 90% accuracy is recommended

Mature Student Route
• ELA 30-1 or ELA 30-2
• Math 10C
• Keyboarding speed of a minimum of 20 wpm with 90% accuracy is recommended

Transfer Route
Completion of a one-year Administrative Office Professional certificate program.

Conditional Admission Plan (CAP)
If you do not possess all of the admission requirements, the Conditional Admission Plan (CAP) may provide conditional acceptance to this program, provided space is available. CAP is individualized to meet your needs. See page 18 for further details.

MKTG 345  Managing Marketing Relationships
MKTG 355  Creating Brand Intelligence
PSYC 205  Principles of Psychology
SOCI 201  Introductory Sociology

** Recommended Elective

Continuation Requirements
Generally, prerequisite grades must be “C-” or higher; however, some classes require a higher grade. Check course descriptions for individual courses. In Administrative Office Professional courses and Administrative Office Management courses, you must have a minimum of a “C” grade as a prerequisite for the next level.
Administrative Office Management Diploma

Graduation Requirements
To successfully complete the Administrative Office Management Diploma, you must:
• Successfully complete the Administrative Office Professional certificate plus the 10 second year courses as outlined
• Attain a minimum cumulative GPA of 2.0
• Obtain no more than one D or D+ grade in the second year of the diploma
• Obtain a minimum of "C" in OMGT 235 and OMGT 237

Transfer
Athabasca University
Student may be eligible to receive 30 credits from the Administrative Office Management Diploma into Athabasca University’s Bachelor of Professional Arts (Communication Studies) Degree program. Students should consult with an AU Advisor for further information.
The Administrative Office Professional program will provide you with the necessary computer skills, office skills and practical on-the-job work experience required for employment in today’s office.

After completing the Administrative Office Professional certificate program, you may enter the workforce, or, if you wish to increase your advancement opportunities and work responsibilities, you may consider taking the second year of either the Administrative Office Management Diploma or the Business Administration Diploma (Business Administration/Administrative Office Professional Major). If you wish to pursue one of these diploma programs, please ensure you have the admission requirements.

The Administrative Office Professional program develops employees for today’s challenging and ever-changing business office. At graduation, you will have the knowledge and skills required for entry-level office jobs. You will be prepared to manage information in an office; organize and maintain paper and electronic files; manage projects; provide information by using the telephone, postal service, or e-mail; and perform bookkeeping and computer tasks. You will exhibit strong listening, written, oral and interpersonal skills and will be adept at working with others to achieve goals and objectives.

Besides gaining the most current office education, you will gain on-the-job work experience in a business environment. While enrolled in the program, you will complete an office work experience during your first semester and during your final semester.

This program provides practical skills that can be immediately applied to numerous job situations. We encourage you to combine your background in other fields with an Administrative Office Professional Certificate to enhance job prospects.

**Career Opportunities**

Graduation from the Administrative Office Professional program will prepare you for office employment in numerous fields.

| Accounting | Government |
| Agriculture | Insurance Agencies |
| Automobile Dealerships | Legal |
| Banking | Medical |
| Bookkeeping | News Industry |
| Business | Oilfield Companies |
| Computer Consultants | Police and Security |
| Dental | Printers/Printshops |
| Education - School | Real Estate |
| Education - College/University | Retail |

**Admission Requirements**

**High School Route**
- ELA 30-1 or ELA 30-2
- Math 10C
- Keyboarding speed of 20 wpm with 90% accuracy is recommended

Or approval of the Coordinator

**Mature Student Route**
- ELA 30-1 or ELA 30-2
- Math 10C
- Keyboarding speed of 20 wpm with 90% accuracy is recommended

Or approval of the Coordinator

**Conditional Admission Plan (CAP)**
If you do not possess all of the admission requirements, the Conditional Admission Plan (CAP) may provide conditional acceptance to this program, provided space is available. CAP is individualized to meet your needs. See page 18 for further details.

**Program Requirements**

**Fall**
- APRO 108 Keyboarding/Desktop Publishing I
- APRO 120 Effective Speaking for the Office
- APRO 125 Office Communications I
- APRO 131 Office Applications I
- APRO 140 Bookkeeping I
- APRO 180 Work Experience I*

**Winter**
- APRO 109 Keyboarding/Desktop Publishing II
- APRO 133 Office Applications II
- APRO 145 Bookkeeping II
- APRO 155 Office Communications II
- APRO 167 Office Relations

**Spring**
- APRO 190 Work Experience II

* Includes customer service training during the semester, followed by work experience at the end of the semester.

**Continuation Requirements**

Must have a minimum of a “C” grade in all courses.
Administrative Office Professional Certificate

Graduation Requirements

To successfully complete this program you must:

• Complete 12 specific Administrative Office Professional courses (10 academic courses plus two work experience courses)
• Achieve keyboarding skill at a minimum of 45 wpm with 97% accuracy
• Attain a minimum cumulative GPA of 2.0
**This program will be offered Fall 2021**

The program provides you with the competencies required for producing food, forage, fiber, and fuel using sustainable methods. Courses within the program will prepare you with a range of knowledge in the three E’s: environment, economics, and energy using systems theory. You will gain real-world experience in designing, monitoring and assessing sustainable agroecological systems. In addition to developing technical skills of the trade, you will learn effective communication and research skills. This program meets the knowledge, technical skills, and performance competencies required for certification with the Alberta Institute of Agrologists as a registered Technologist in Agrology (RTAg). This program also maximizes transfer opportunities to universities offering sustainable agriculture programs.

**Career Opportunities**

There are many possible career opportunities with completion of the Agroecology diploma. You could start a business in sustainable agriculture or greenhouse horticulture. You can take over your family agriculture business as a crop or livestock producer. You can become an agricultural research technician, an urban agriculture designer or landscaper. You can also become a range management consultant or professional. You can also become an environmental consultant. The program would provide the background to become a registered Technologist in Agrology (RTAg).

**Admission Requirements**

**High School Route**
- ELA 30-1
- Biology 30
- Chem 30
- Math 30-1 or Math 30-2 (min 65%)

**Mature Student Route**
- ELA 30-1
- Biology 30
- Chem 30
- Math 30-1 or Math 30-2 (min 65%)

**Program Requirements**

**First Year**

**Fall**
- AGEC 120 Agroecology I
- BIOL 254 Plant Taxonomy
- BIOL 255 Ecology
- CADD 172 Sustainability and Systems Thinking
- SOSC 213 Soil Resources

**Winter**
- AGC 130 Introduction to Geographic Information Science
- AGC 140 Integrated Vegetation Management
- ECON 201 Microeconomics
- EREC 230 Water Fundamentals
- TCOM 110 Technical Communications

**Year Two**

**Fall**
- AGEC 200 Research Methods
- AGEC 210 Range and Holistic Management
- AGEC 220 Advanced GIS and Remote Sensing for Landscape Ecology
- AGEC 230 Forage and Cropping Systems
- AGEC 240 Climate and Ecosystems

**Winter**
- AGEC 250 Soil Ecology
- AGEC 260 Horticulture Methods
- AGEC 270 Wetland Ecology and Management
- AGEC 280 Agroecology II
- MGMT 161 Business Management Theory

**Additional Prerequisites for Program Graduation**

Students must also complete a Permaculture Design Course (PDC) and Rainwater Harvesting course prior to taking AGEC 280 (Agroecology II: Capstone). Both courses will be offered through Medicine Hats College Continuing Studies. However, students have a range of options to complete both courses: PDC are offered for free online, and Rainwater Harvesting courses are also available online. In order to complete the prerequisites, students must complete a 72 hour PDC from instructors recognized by the Permaculture Institute of North America. Students must also complete a rainwater harvesting course (Designer Certification) recognized by the Canadian Association for Rainwater Management (CANARM).

**Continuation Requirements**

Students must receive a minimum of grade of "C-" in each course to continue in the program.

**Graduation Requirements**

Students must complete all 20 courses with a minimum overall GPA of 2.0.
**Apprenticeship**

*Phone: 403.525.3100  
www.tradesecrets.alberta.ca*

Apprenticeship is an education and training system that teaches trade knowledge and skills through on-the-job training and formal instruction. About 80% of the instruction is done on-the-job training, provided by an employer, where the apprentice is supervised by a journeyman. The remaining 20% of the training involves formal instruction, provided by various post-secondary institutions.

Specific trade information can be found at:  
• Automotive Service Technician  
  page 87  
• Carpenter  
  page 97  
• Electrician  
  page 115  
• Heavy Equipment Technician  
  page 128  
• Plumber  
  page 145  
• Steamfitter/Pipefitter  
  page 163  
• Welder  
  page 165

* Please note the 1st year of technical training for Plumber, Gasfitter, Steamfitter/Pipefitter and Sprinkler Systems Installer is a common curriculum. Please contact AIT (Apprenticeship & Industry Training) for more information.

**Admission Requirements**

To become an apprentice, you must be a Canadian citizen, at least 16 years old, and have the education required for the trade you want to enter.

You must present a transcript of your school marks to the local apprentice office when you apply for apprenticeship. If you cannot get a school transcript, you will have to write an entrance examination. If you do not pass this exam, you must take the necessary upgrading courses.

You must find suitable employment with an employer who is a journeyman or employs a journeyman in the trade of your choice. Once employed, apprenticeship application forms must be signed by you and your employer. These forms are available from the AIT regional offices.

If you think you have related work experience and/or training which could be credited toward your apprenticeship, discuss it with your employer and request credit on the application form.

Once your application for apprenticeship is approved and your school transcripts or entrance exam marks are recorded, final approval is given and contracts are drawn up.

Out of province students must contact a provincial Apprenticeship Office.

**What is RAP?**

The Registered Apprenticeship Program is a modified apprenticeship program that permits a high school student to become an apprentice. A RAP apprentice accumulates hours of on-the-job training as credit towards his/her apprenticeship program and credit toward a high school diploma.

How long is an apprenticeship training program?
Apprenticeship programs vary with each trade. The longest program runs for four periods of training (about four years). A period of training for each trade usually consists of two components – a specific number of hours of on-the-job training and a set amount of formal instruction. The formal instruction ranges from three to 12 weeks per period.

How much does an apprentice earn?
Apprentices earn a percentage of the journeyman wage in their trade at the company with which they are employed. The wage varies from 40% to 90% of the journeyman’s wage, depending on the trade and on how much training the apprentice has completed, and increases as the apprentice progresses from one level of training to the next. An employer must pay a RAP apprentice at least the basic minimum wage.

Advancing through the Apprenticeship process.
To progress from one period of training to the next, an apprentice must:
• Successfully complete the formal instruction
• Have the required hours of on-the-job training and a satisfactory report from the supervisor
• Pass the apprenticeship examination for the period of training (70%)
• Have the record book stamped by the nearest Career Development Centre, Alberta Advanced Education – Apprenticeship and Industry Training (AIT)

The employer will:
• Update the apprentice’s record book, recording the on-the-job training provided, hours worked, type of work performed and evaluating the apprentice
• Forward the record book to the nearest Career Development Centre, AIT for stamping

After completing these steps, an apprentice’s wages should increase to the next level for that trade. The level may differ with each employer, but are based on the journeyman wage rate at that company.

An Alberta Journeyman Certificate is granted to an apprentice who:
• Completes the required hours of on-the-job training and receives a satisfactory report from the supervisor
• Successfully completes the formal instruction
• Passes all required examinations
• Has forwarded his/her record book to the Career Development Centre, AIT for completion

When an apprentice receives an Alberta Journeyman Certificate, he/she can use the term “certified” with the name of the trade, and journeyman wages should now be paid.

Where can the Journeyman work?
The Alberta Journeyman Certificate is valid in Alberta and may be recognized in other provinces. If the journeyman holds a certificate in one of the Interprovincial Standards (Red Seal) trades and is interested in working in another province, they can write an Interprovincial Standards Program (Red Seal) exam. Journeymen who carry an Interprovincial Standards Red Seal on their provincial certificate do not have to write any further examinations to qualify for certification in any other province.

Funding
Human Resources Development Centre may provide some financial support when you attend technical training courses. Contact your local Canada/Alberta Service Centre for more information. Other funding is available through Student Finance in the form of grants based on financial requirements.

Apprenticeship Fees
Seats are filled on a first come first served basis. Tuition fees are $105 per week. Books and supplies vary with each trade and cost between $450-$750 per training period. A consumable materials fee of $72 per training period applicable to all apprenticeship students.

A $100 non-refundable deposit is due upon registration. The balance of tuition is due two weeks prior to the first day of classes. Unpaid tuition will result in an automatic withdrawal from class and your seat will be offered to the next person on the waitlist. No refunds will be issued after the third day of classes.

Continuation/Graduation Requirements
Advancement and graduation requirements for the following apprenticeship programs:

- Automotive Service Technician
- Carpenter
- Electrician
- Welder
- Steamfitter/Pipefitter
- Heavy Equipment Technician

For each period (4-12 wks) of technical training completed at Medicine Hat College (MHC), Alberta Apprenticeship and Industry Training (AIT) specifies that “apprentices are required to achieve a minimum of 50% in each section of a course of studies and a minimum of 65% average in the course as a whole” (Apprenticeship General Operations Guide).

Following this standard and using MHC’s Academic Standard Grading System (see Academic Regulations section of the MHC calendar), a student will be deemed to have passed their 4-12 weeks of training at MHC if they achieve a grade of C+ or greater, and if they achieve 65% or greater on each section within their 4-12 week training period.

Students’ eligibility to proceed to the next period of technical training will be documented in each apprentice’s record with Apprenticeship and Industry Training (AIT). Apprentices may access this information using their AIT login information at www.tradesecrets.alberta.ca/mytradesecrets.
Medicine Hat College offers a Bachelor of Applied Arts (Art and Design - BAA (AD) degree program, which can be completed in three years. If you have already completed a two-year diploma in art, design, or a related field, Medicine Hat College offers a broad range of university transfer art, art education, and design courses.

Program Philosophy
At Medicine Hat College, the fine arts and design are integral parts of the program. Our instructors strive to integrate the fine arts and design throughout their courses. Moreover, our instructors attempt, wherever appropriate and possible, to integrate the most recent advances in technology, especially computer technology. This combination of fine art, design and technology help prepare students for the contemporary workplace. Today’s art and design professionals are often required to be involved in the entire creative and technical process, from concept through production, in media and forms that are no longer just two-dimensional, static, and print-based, but which now include virtual space, digital media, and interactivity.

VASS (Visual Arts Student Society)
VASS is an organization dedicated to the promotion and support of all visual arts students at the College. Any student taking at least one course offered by the Art and Design program is automatically a member. VASS has an executive council, class representatives, and a faculty advisor, all elected by the VASS student membership at the beginning of each new school year. Beyond providing a strong voice in ensuring the quality of their education, VASS works to provide support, including fund-raising support, for everything from student activities (student art shows, for example) to the supply of resources (special lab equipment, for example). All visual arts students are encouraged to become involved.

Career Opportunities
Our art and design graduates have had excellent success in securing employment, both freelance self-employment and employment within existing firms and industries. Employment opportunities are available in a variety of workplace locations, including print shops, design studios, publishing houses, film studios, television stations, theatres, museums and art galleries, and other places involved in visual and digital production.

Admission Requirements

High School Route
ELA 30-1 or ELA 30-2 or C or better in MHC English 30 or placement in post-secondary (diploma or university transfer) English as determined by the MHC Academic Assessment Test.

Conditional Admission Plan (CAP)
If you do not possess all of the admission requirements, the Conditional Admission Plan (CAP) may provide conditional acceptance to this program, provided space is available. CAP is individualized to meet your needs. See page 17 for further details.

NOTES: When selecting courses, be sure to choose your required courses first. In the event that a required course is in timetable conflict with an elective course that you desire, the required course is your first priority and you must therefore choose it. Because of scheduling complexities, high demand, and classroom or studio space constraints, we cannot guarantee the availability of all electives. If your first choice is full or unavailable for other reasons, you must be prepared to select an alternative. If there are special circumstances that require you to have a course that is full, you may appeal to the Art and Design Coordinator to override your exclusion. You may consult the Art and Design Coordinator to assist you with course selection at any time.

This program may also be completed on a part-time basis. You must devise a recommended plan of study with the assistance of an Academic Advisor.

Work Terms
The BAA (AD) program requires the completion of two, 3 to 4 month Work Terms (ARDE 395 and ARDE 495). These Work Terms can only be completed after Academic Term IV and at least one of the two Work Terms must be completed prior to the last academic semester (Academic Term VI). These requirements may be adjusted in exceptional circumstances, with the permission of the Dean.

The two applied degree Work Term courses are paid work semesters designed to extend the learning process into the work environment. Medicine Hat College will make every effort to place students; however, work opportunities may fluctuate with a changing labour market. Moreover, you should be aware that work placement opportunities in Medicine Hat are limited and that you may have to relocate to complete your work term semesters (work terms can be completed anywhere in Canada or even abroad). You should be prepared to cover your expenses for placement and should also be prepared to receive trainee or entry-level compensation at your place of employment.

You register for two Work Term semesters in addition to your academic requirements. Each Work Term is equivalent to 15 credits.

Graduation Requirements
To successfully complete the Bachelor of Applied Arts (Art and Design) degree you must:
• Attain a minimum cumulative GPA of 2.0 throughout the program
• Achieve passing grades in both Work Terms
• Obtain no more than one D or D+ grade in the program
• Obtain no D or D+ grades in any core and Art and Design courses (ARDE 331, ARDE 333, ARDE 396, ARDE 496, ARDE 498 and ARDE 499). Should you receive a D or D+ grade in any such core design or Visual Communications course, you will only have one opportunity (excluding “W” grade attempts) to repeat that course and raise its grade
• Please note that only one “W” grade is allowed for each of the required core art and design courses (ARDE 331, ARDE 333, ARDE 396, ARDE 496, ARDE 498 and ARDE 499)
Art and Design - Bachelor of Applied Arts
Applied Degree

Transfer and Pathways

University of Lethbridge
Graduates may be admitted to the 15 course Post-Diploma BFA (Art), 20 course Post-Diploma BFA (multidisciplinary), or 35 course Pre-Post Diploma BFA (Art) BEd.

University of Lethbridge - Dual Admission
Students may apply for dual admission to both Medicine Hat College and the University of Lethbridge for the Bachelor of Fine Arts - New Media or Pre-Bachelor of Fine Arts - New Media/ Bachelor of Education. Students must satisfy current admission standards at both institutions to be eligible. For more information, contact a Medicine Hat College Academic Advisor.

International Transfer Opportunities

Griffith University
Graduates with a diploma in Visual Communications are eligible to receive advance standing toward a Bachelor of Design or a Bachelor of Digital Media degree at Griffith University in Australia. For more information, contact a Medicine Hat College Academic Advisor.
If you are interested in learning about people, society, cultures and the arts then a degree in one of the many areas of arts might be the right path for you. Our program is designed to prepare you to transfer to another institution after you have completed a maximum of 20 courses at Medicine Hat College. The remaining years of your Bachelor of Arts may be in a range of disciplines such as psychology, sociology, economics, history or English.

A Bachelor of Arts can be used as a pathway into professional, graduate, or after degree programs such as Law, Rehabilitation Medicine or Education. Students intending to pursue professional programs can complete pre-professional requirements within the University Transfer Arts program. Students wishing to pursue a professional program are encouraged to seek the advice of an Academic Advisor prior to selecting their courses, as program requirements change yearly and vary by institution.

Admission Requirements

Refer to Admissions Chart on page 20

The University Transfer program at Medicine Hat College provides students with a foundation to be successful in university degrees. The program is possible with the College’s participation in Campus Alberta. Admission to all university programs in Alberta is competitive and students are responsible for understanding admission and program requirements.

Program requirements change yearly and vary by institution. Students pursuing an undergraduate degree as a learning pathway to a professional program should consult with a Medicine Hat College Academic Advisor and a representative from the institution they wish to attend. University Transfer students need to ensure they meet both the minimum requirements and competitive requirements for admission.

Course Selection

To facilitate the transfer of courses from Medicine Hat College, University Transfer students are encouraged to choose a university and program of study they wish to pursue. With this information, students can consult with their Medicine Hat College Academic Advisor for appropriate program planning.

Bachelor of Arts Students through Athabasca University are required to complete a major subject of concentration in addition to the Arts and Science requirements.

University Transfer
Students are encouraged to consult the Athabasca University Academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor or an Athabasca University Academic Advisor can help students interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.

Athabasca University, Bachelor of General Studies (Arts & Science)
Website: www.fhss.athabascau.ca/

The Bachelor of General Studies degree is a multidisciplinary program, which allows students to explore a variety of different subjects and interests to meet career and educational goals. Unlike other degrees offered by Athabasca University, the Bachelor of General Studies does not have a residency requirement, which means students may take the entire program through Medicine Hat College or through other educational institutions.

The Bachelor of General Studies degree requires the completion of 90 credits and is comparable to a three-year program. This degree allows students the freedom to develop their own intellectual and academic interests. This does not mean that course selection should be casual. Students are expected to ensure their vocational or personal needs are well defined. All courses transferred to this degree must be university-level credit as determined by Athabasca University faculty. Students are strongly encouraged to register in ENGL 255 early in their program. The English writing skills requirement is waived for students enrolling in the second undergraduate degree. Students complete the program regulations in effect at the time of their enrolment.

University Transfer
Students are encouraged to consult the Athabasca University Academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor or an Athabasca University Academic Advisor can help students interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.
University of Calgary, Faculty of Arts

Automotive Service Technician
Apprenticeship

Lee Eiserman, Coordinator
Phone: 403.504.3577
E-mail: leiserman@mhc.ab.ca

Medicine Hat College offers eight apprenticeship programs leading to journeyman status and solid careers in the skilled trades. The following trade information is drawn from www.tradesecrets.alberta.ca. For more information about the apprenticeship program see page 76.

The term of apprenticeship for an automotive service technician is 4 years (four 12-month periods) including a minimum of 1500 hours of on-the-job training and 8 weeks of technical training each year.

Automotive Service Technicians perform preventative maintenance, diagnose faulty operations, and repairs to automotive vehicles and light trucks.

Automotive service technicians adjust, test and repair engines, transmissions, steering systems, brake systems, drive trains, vehicle suspensions, electrical systems and air conditioning systems, and do wheel alignments. In large shops, they sometimes specialize in repairing, rebuilding and servicing specific parts (e.g., transmissions, engines, electrical components). In smaller shops, automotive service technicians may work on a wider variety of repair jobs.

Automotive service technicians begin by reading the work order and examining the vehicle. To locate the cause of faulty operation and repair it, they:
- use testing equipment, take the vehicle for a test drive, and/or refer to manufacturers’ specifications and manuals
- dismantle faulty assemblies, repair or replace worn or damaged parts and
- reassemble, adjust and test the repaired mechanism

Automotive service technicians also may perform scheduled maintenance services such as oil changes, lubrications and tune ups; and advise customers on work performed, general vehicle conditions and future repair requirements.

Working Conditions
Most automotive service technicians generally work a 40-hour, five-day week. The work is sometimes noisy and dirty.

There is some risk of injury involved in working with power tools and near exhaust gases.

Skills and Abilities
The work is most rewarding for those who enjoy doing precise work that is varied and challenging. Also, they usually like on-the-job security and a feeling of independence.

To be successful in the trade, automotive service technicians need:
- good hearing, eyesight, and manual dexterity
- mechanical aptitude and interest
- the ability to use proper lifting techniques for items up to 25 kilograms
- the ability to keep up to date with changing technology;
- a working knowledge of electricity, electronics, and computers

The above information was copied from the tradesecrets website. For complete information on being an Automotive Service Technician check the website at tradesecrets.alberta.ca.
Aviation Management Certificate

Academic Advising Office
Phone: 403.529.3819

Dennis Beaudoin, Dean, Trades & Technology
Phone: 403.504.3579
Email: dbeaudoin@mhc.ab.ca

Medicine Hat College, in partnership with Super T Aviation, offers an Aviation Management Certificate that complements the Super T flight training program and prepares students for an exciting career in the aviation industry.

Students in the Aviation Management Certificate program will take courses that can help them be successful in the aviation industry, including communication in the workplace, management, and geography. Other skills development include how to think critically, lead small teams, maintain professional ethics, and manage health and wellness. In addition, students who choose to complete Super T’s Integrated Flight Training program will establish a thorough understanding of the aviation industry in Canada and around the world, as well as aviation safety, regulations and procedures.

Students should be aware that flight training costs through Super T Aviation are not included in the costs of the Aviation Management Certificate. Students should contact Super T Aviation for additional information on costs and structure of the flight training offered.

Career Opportunities
Career opportunities in the aviation industry are vast and growing in demand. A graduate of MHC’s Aviation Management Certificate who also completes flight training through Super T Aviation can expect to find employment as a flight instructor, Medevac pilot, charter pilot, or commuter pilot for smaller airlines. After gaining industry experience and fulfilling required flight time, graduates will be able to apply to work as a pilot for the major airlines. This program would also be an asset for obtaining employment with Nav Canada (the corporation that owns and operates Canada’s civil air navigation service).

Admission Requirements

High school route
High school diploma with:
• ELA 30-1 or ELA 30-2
• Math 30-1 or Math 30-2
• Science 30 or Physics 20

Mature Route
• ELA 30-1 or ELA 30-2
• Math 30-1 or Math 30-2
• Science 30 or Physics 20

Program Requirements

Fall
COMM 140 Communication in the Workplace
GEOG 201 The Physical Environment
KNES 247 Intro to Wellness, Fitness and Nutrition
MATH 150 Technical Math
MGMT 161 Management Theory

Winter
AMET 200 Advanced Meteorology
COMM 252 Advanced Business Communications
GEOG 332 Map and Air Photo Interpretation
MICO 191 Introduction to Microcomputers

Spring
ADAE 200 Advanced Aeronautics

Graduation Requirements
To successfully complete this program students must:
• Attain a minimum cumulative GPA of 2.0
• Achieve no grade lower than C-
Mount Royal University and Medicine Hat College offer a degree completion program that enables graduates of Medicine Hat College’s Business Administration Diploma and University Transfer (UT) Commerce program to complete Mount Royal’s Bachelor of Business Administration (BBA) – General Management Major.

Students in this program are able to continue their management studies at the degree level while staying at Medicine Hat College and (after successful completion of the specific program requirements) receive their parchment from Mount Royal University. Admission to the BBA occurs after a student meets one of the two approved admission routes (see admission requirements). Application forms and fees are submitted to Medicine Hat College. Upon completion of the program, students are required to submit a graduation application to Mount Royal University.

Note for students completing the collaborative Bachelor of Business Administration Degree program: initiating appeals related to non-academic misconduct matters, academic matters, and course-related issues, are governed exclusively by Medicine Hat College. Students may therefore not access or utilize the appeal procedures of Mount Royal University.

Admission Requirements

To apply to this program, applicants must meet one of two admission routes.

**Route 1**
Graduates of Medicine Hat College’s Business Administration diploma program with a major in Accounting, Management, Financial Services or Marketing. Equivalent Business Administration diplomas from other post-secondary institutions will not be considered:
- Completion of a minimum of twenty (20) required Business Administration courses and approved electives as specified in the MHC calendar
- Achievement of a minimum cumulative GPA of 2.0 in the diploma

**Route 2**
- Completion of twenty (20) approved university transfer courses. Twelve specific and 8 electives
- Achievement of a minimum cumulative GPA of 2.0.

The Bachelor of Business Administration partnership program at MHC is a competitive program so that the most academically qualified students are accepted first. Successful applicants register in the third year of the Bachelor of Business Administration program.

Program Requirements

The Bachelor of Business Administration program at Medicine Hat College has specific course requirements based on the courses and major completed during a student’s previous study and on the specific degree requirements. The total BBA – General Management Major requirements (over four years) include 40 courses made up of sixteen (16) required core business courses, ten (10) major courses, ten (10) general education courses, and four (4) electives.

All degree courses must be completed at MHC and recognition will not be given to equivalent courses taken at other post-secondary institutions.

**Bachelor of Business Administration – General Management Major**

The Bachelor of Business Administration program requirements vary for each student. Students must see an Academic Advisor to create their individualized program plan for Year 3 and Year 4. Failure to follow the individual student program outlined will result in not meeting graduation requirements.

**Core Business Course Requirements**
Over the total program of study of diploma courses and degree courses, students are required to complete sixteen (16) core business courses to achieve the BBA – General Management Major. The core courses are as follows:

- ACCT 111 or ACCT 321: Introductory Accounting I
- ACCT 215 or ACCT 323 or ACCT 3224: Managerial Accounting or Managerial Accounting I
- COMM 252: Advanced Business Communications
- ECON 201: Principles of Microeconomics
- ECON 203: Principles of Macroeconomics
- ENTR 4433: Business Plan Development
- FINA 255: Finance
- INBU 3301: Global Business Environment
- INBU 3403: Global Business Environment
- MGMT 161: Management Theory
- MGMT 243: Human Resources Management
- MGMT 263: Organizational Behaviour
- MGMT 284: Business Statistics I
- MGMT 395: Business Law
- MGMT 5333: Strategic Management
- MKTG 171: Marketing

**General Education Requirements**
Students in the BBA at MHC will meet the general education requirements as defined by Mount Royal University. General Education provides students with the opportunity to build their ability to think critically, develop their communication and mathematical skills, stimulate their capacities for creative, innovative thinking, and enrich their knowledge of the wider social, cultural, and natural worlds in which they live and work. The General Education program is organized around four thematic clusters which constitute groups or streams of courses:
Numeracy and Scientific Literacy
These courses aim to develop an understanding of the nature and methods of subjects in the natural sciences, health sciences and computer science, as well as providing essential mathematical skills needed for study at the post-secondary level.

Values, Beliefs and Identity
These courses provide the opportunity to critically explore the values, beliefs and ideas that shape human experience, including understandings and meaning expressed through art, music, literature, philosophy and critical thought. You will also have opportunity to study the various media through which cultural expression takes place.

Community and Society
Through these courses you will explore the complex intersection of interests and relations that constitute social life - from local community to the globalized network of societies. By studying the interlocking of material, moral, and political factors affecting society at all levels, you will acquire knowledge and skills that help you understand and act in the world in which you are a citizen.

Communication
These courses focus on the development of an undergraduate level of proficiency in written and oral communication across a range of media. They will help you develop a capacity for critical reflection on various media and their uses. Opportunity for study in languages other than English will be available in this thematic cluster.

Students will complete ten (10) General Education courses from four clusters. Each cluster has three tiers.

MHC has identified a number of courses that meet the requirements for each cluster and each level. Students may have completed some requirements within their diploma.

Students are reminded to seek advising from MHC’s student advisor for the MRU BBA for program direction and cluster selection. Failure to follow the individual student program outlined will result in not meeting graduation requirements.

Management Options
The degree has ten (10) available general management electives. Please see an Academic Advisor for course selection.

Electives
Students may choose their electives from the lists of management options and general education courses. This list is subject to change at any time. Courses may have prerequisites. All students are responsible to ensure that they have the appropriate prerequisites before enrolling in their course. MHC’s student advisor for the MRU BBA maintains current lists of courses in these categories suitable for the BBA.

Continuation Requirements
MRU policies for academic progression and residency will apply to students in the Collaborative Program. MHC policies will apply for all other academic and non-academic issues and appeals.

Graduation Requirements
To successfully complete the partnership Bachelor of Business Administration – General Management Major degree requirements, students must:

- complete a minimum of twenty (20) required courses
- have a cumulative GPA of at least 2.0 based on all the courses required for graduation

Upon completion of the program, students will submit an application to graduate to Mount Royal University. Upon confirmation of graduation, students may attend convocation ceremonies at MRU and receive their parchment, or attend graduation ceremonies at MHC. If students wish to attend the MHC convocation ceremony, they must submit an MHC graduation application in addition to an MRU application. Students attending either institutions convocation ceremony will pay the respective institutions fees.
The Diploma in Built Environment Engineering Technology program at Medicine Hat College is a multi-disciplinary program focusing on the core disciplines of the built environment; mechanical engineering technology, civil engineering technology and building design technology. This program focuses on the fundamental theories and concepts in these core disciplines while learning and applying current technology so that graduates are prepared to enter a professional career as an engineering technician.

Our approach to understanding and modelling the built environment makes the Built Environment Engineering Technology program unique in Canada. Sustainability concepts are introduced early and are then embedded into the Built Environment Engineering Technology program curriculum, recognizing that our built environment, as with its counterpart the natural environment, is a complex ecosystem. The program has been designed to develop critical thinking and problem solving skills to effectively apply technical and theoretical knowledge for a successful career as an engineering technician. The Built Environment Engineering Technology program takes a sustainable approach to product design and manufacturing; civil planning and infrastructure; and building design and construction and provides understanding of current industry practices.

In addition to developing standard engineering and architectural technical drawings, graduates will be able to use a variety of digital design applications; create three-dimensional objects; use 3D data capture technologies; create presentation graphics and animations; and use multimedia and immersive presentations to help industry promote their ideas and products.

Career Opportunities

Meaningful and relevant employment prospects exist with consulting engineers; architects; land surveyors; oil and gas industry; mining and manufacturing companies; product & equipment design/manufacturers; process facilities; federal, provincial, and municipal governments. The multi-disciplinary engineering background developed in the program enables students to be employed in research, design, manufacturing and sales promotions. Students may become an important member of any team engaged in supplying the goods and services required by modern technology employers. Graduates of this program have been very successful in finding employment. Completion of the two-year program provides you with a Diploma in Built Environment Engineering Technology. Graduates can apply for membership in the Association of Science and Engineering Technology Professionals of Alberta (ASET). Guidelines for membership are found on their website at www.aset.ab.ca.
Built Environment Engineering Technology (BEET) Diploma

Graduation Requirements

To successfully complete this program students must:

• Attain a minimum cumulative GPA of 2.0
• Complete the program with no failures or incompletes in the required courses

Transfer

Degree & Post Diploma Programs

Athabasca University

Graduates of the Built Environment Engineering Technology (BEET) Diploma at Medicine Hat College are eligible for admission into the Bachelor of Professional Arts - Communications Major and are eligible to transfer 60 credits into this program. Students should consult with an AU Advisor for further information.

NAIT

Graduates with a 2.7 GPA may be admitted and receive 60 credits into NAIT’s Bachelor of Technology in Technology Management (BTech Mgmt) program. Students should contact NAIT for further information.
Business Administration Diploma

The Business Administration Diploma program offers students the comprehensive training and education required to build interesting and rewarding careers in business and industry.

Many of the courses completed in the Business Administration program may be used for credit towards a variety of professional designations and university programs. Students interested in these possibilities, please consult with the Business Administration Academic Advisor.

The Business Administration program offers the following majors:
• Accounting
• Financial Services
• Hospitality & Tourism *Pending Government Approval**
• Marketing
• Management
• Administrative Office Professional

All students will be admitted into a common first year. Students will declare a major prior to entering second year classes. Students who enter the program in January can expect to take a minimum of 2.5 years to complete the program, depending on their major selection.

Career Opportunities

Graduates with an Accounting Major are prepared to find work as a(n):
• Accounting Technician
• Accounts Payable or Accounts Receivable Clerk
• CPA Trainee
• Bookkeeper

Graduates with a Financial Services Major are prepared to find work as a(n):
• Financial Advisor
• Credit Officer
• Customer Service Representative
• Loans Officer
• Accounts Manager Trainee
• Personal Financial Services Officer

Graduates with a Hospitality & Tourism Major are prepared to find work as a(n):
• Hotel and Resort Manager
• Food and Beverage Manager
• Destination Marketer
• Event Planner
• Small Business Entrepreneur

Graduates with a Management Major are prepared to find work as a(n):
• Management Trainee in Financial Institutions, Retail, Wholesale or the Hospitality Industries
• Project Coordinator
• Shipping and Logistics Clerk

Graduates with a Marketing Major are prepared to find work as a(n):
• Promotions Coordinator
• Public Relations Assistant
• Event Marketing Representative
• Events Coordinator
• Merchandiser/Buyer
• Fundraiser for Not-For-Profit Agencies
• Researcher for Marketing Organizations
• Marketing Research Analyst

Admission Requirements

High School Route
• ELA 30-1 or ELA 30-2
• Math 30-1 or Math 30-2
• Two Grade 12 5-credit subjects with 50% or better

Mature Student Route
• ELA 30-1 or ELA 30-2
• Math 30-1 or Math 30-2

Conditional Admission Plan (CAP)
Students that do not possess all of the admission requirements, the Conditional Admission Plan (CAP) may provide conditional acceptance to this program, provided space is available. CAP is individualized to meet your needs. See page 18 for further details.

Program Requirements

First Year

Fall
ACCT 111   Introductory Accounting I

International Experience Elective
The Business Administration program offers INBU 330 as an elective course. Students interested in an international experience see the Business Administration Coordinator for a course outline.

Administrative Office Professional Major
(This major does not transfer to Mount Royal University)
This program is appropriate for students that wish to work in a technical position within a business office and also wish to develop a comprehensive perspective on business theory and practice.

Many business disciplines are introduced including accounting, marketing, management, and economics. Students entering this major must meet the entrance requirements for Business Administration.

First Year - Administrative Office Professional
See Administrative Office Professional Certificate for program selection. (page 73)

Second Year - Business Administration
To change from the Business Administration program to the Administrative Office Professional program for the second year, students must apply to the Administrative Office Professional program in January for the following Fall semester. (Administrative Office Professional has a limited enrolment.)

Fall
ACCT 111 Introductory Accounting I
MGMT 263 Organizational Behaviour
MGMT 161 Management Theory
MGMT 193 Business Problems Software Applications
Business Elective* or MKTG 171

Winter
ACCT 113 Introductory Accounting II
COMM 252 Advanced Business Communications
MGMT 243 Human Resource Management
Business Elective* or MKTG 171
One of
ECON 201 Introduction to Microeconomics
ECON 203 Introduction to Macroeconomics

Administrative Office Professional Business Electives*
ACCT 215, ACCT 276
ECON 201, ECON 203
FINA 255
FNSV 200, FNSV 210
MGMT 267, MGMT 268, MGMT 284, MGMT 395
MKTG 280, MKTG 315, MKTG 325, MKTG 345, MKTG 355

*with permission of the Program Coordinator, students may take an elective course from outside this list.

Continuation Requirements
Prerequisite grades must be “C-” or higher. For the Administrative Office Professional courses, students must have a minimum of a “C” grade (2.0) as a prerequisite for the next level.

Graduation Requirements
To successfully complete the Business Administration diploma in Accounting, Financial Services, Hospitality & Tourism, Management or Marketing, students must:
• Complete a minimum of 20 required Business Administration courses and approved electives
• Complete a minimum cumulative GPA of 2.0 (C grade)

To successfully complete a second diploma within the Business Administration diploma in Accounting, Financial Services, Hospitality & Tourism, Management or Marketing, students must meet the MHC residency requirement and:
• Complete 4 major specific courses
• Complete 4 additional courses approved by the department

To successfully complete the Business Administration Administrative Office Professional major, students must:
• Complete a minimum of 22 required Administrative Office Professional and Business Administration courses
• Complete a minimum cumulative GPA of 2.0
• Obtain at least a C grade (2.0) in Administrative Office Professional, and Administrative Office Management courses

Transfer
Degree & Post Diploma Programs
Athabasca University
Graduates are eligible for transfer credit into AU’s Bachelor of Commerce, Bachelor of Management and Bachelor of Professional Arts (Communication Studies) degree programs. Students should consult Transfer Alberta or further information regarding transfer credit; for program information please consult with an AU Academic Advisor.

College of the Rockies
Graduates of the Business Administration diploma majoring in Accounting, Financial Services, Management, or Marketing are eligible for block transfer of course work into the third year of the Bachelor of Business in Sustainable Business Practices degree. Students must have successfully completed all coursework with a cumulative GPA of 2.3 (C+) with a minimum grade of C on transferred courses. For further information, contact an MHC Academic Advisor or an Academic Advisor at the College of the Rockies.
Business Administration Diploma

Mount Royal University
Mount Royal University and Medicine Hat College offer a degree completion program for Mount Royal’s Bachelor of Business Administration (BBA) on-site at Medicine Hat College. This program will be of interest to Medicine Hat College’s Business Administration diploma graduates with majors in Accounting, Financial Services, Management and Marketing. For more information consult with a MHC Business Academic Advisor.

Okanagan College
Graduates of the Business Administration diploma majoring in Accounting, Financial Services, Management, or Marketing are eligible to apply for admission to the third year of the Bachelor of Business Administration program at Okanagan College. Students must present a minimum average of 67%; please contact Okanagan College for further information regarding this agreement.

Royal Roads
Graduates of the Business Administration diploma majoring in Accounting, Financial Services, Management, or Marketing are eligible to enter into the third year of the Bachelor of Business Administration in Business and Sustainability program or the Bachelor of Commerce in Entrepreneurial Management program. Students must present a minimum cumulative GPA of 3.0 and meet all other admission criteria. Students should contact an Academic Advisor for further information.

University of Lethbridge
Graduates of the Business Administration Diploma are eligible to apply into the post-diploma Bachelor of Management program at the U of L, subject to qualifying restrictions. Please contact an MHC Academic Advisor or contact the U of L for further information.

International Transfer Opportunities

Griffith University, Australia
Graduates of the Business Administration diploma are eligible to receive advanced standing toward the Bachelor of Business program or Bachelor of Commerce program. Students should contact an Academic Advisor for further information.

Montana State University, Northern, Havre, MT, USA
Montana State University-Northern offers degree completion opportunities to graduates of the Business Administration diploma majoring in Management or Marketing into the Bachelor of Science in Business Administration. Students should consult the MSU-Northern Academic Advisor for further information.
Carpenter Apprenticeship

Paul Schaan, Coordinator  
Phone: 403.529.3978  
E-mail: pschaan@mhc.ab.ca

Medicine Hat College offers eight apprenticeship programs leading to journeyman status and solid careers in the skilled trades. The following trade information is drawn from www.tradesecrets.alberta.ca. For more information about the apprenticeship program see page 76.

The term of apprenticeship for a carpenter is 4 years (four 12-month periods) including a minimum of 1560 hours of on-the-job training and 8 weeks of technical training each year.

Carpenters construct, erect and repair buildings and other structures made of wood, wood substitutes, steel, and other materials.

Duties vary according to the type of job.

In residential jobs, carpenters crib the basement; build the house framework, walls, roof, exterior and interior finishes; and install doors, windows, flooring, cabinets, stairs, handrails, panelling, moulding, and ceiling tiles.

In commercial or industrial jobs, they build concrete forms, scaffolding, bridges, trestles, tunnels, shelters, towers, and other structures.

In maintenance jobs, they repair and remodel existing structures of all kinds.

Some carpenters specialize in one type of work such as framing, bench work or finishing work.

Most carpentry tasks involve:
• reading blueprints and/or getting instructions from a supervisor
• performing the layout, including selecting materials, planning sequences and methods of work, and measuring / marking materials to avoid costly mistakes or omissions
• cutting and shaping materials and joining them with nails, screws, bolts or glue
• checking completed units to be sure they are level, square, plumb and the right size, shape and location

Carpenters must work accurately and economically, and follow national and local building codes.

Working Conditions
Carpenters may work alone, in teams or with helpers. Working conditions vary from one job to another. On some jobs carpenters work primarily indoors, are permanently employed and work a regular 40-hour week. On other jobs, they work primarily outdoors, are subject to seasonal unemployment, and routinely work overtime in peak periods.

There is some risk of injury from slips and falls, falling objects, and sharp hand and power tools.

Skills and Abilities
The work is most rewarding for those who take pride in creating a variety of things with their hands and honing their expertise in woodcraft.

To be successful in the trade, carpenters need:
• the ability to stand, crouch and kneel for long periods of time
• manual dexterity
• balance for working on scaffolding
• the ability to use proper lifting techniques
• the ability to solve arithmetic problems quickly and accurately
• the ability to get along well with others on a work team

The above information was copied from the tradesecrets website. For complete information on being a Carpenter check the website at www.tradesecrets.alberta.ca.
The mission statement of Medicine Hat College’s Child & Youth Care Counsellor program is to provide students with transformational learning opportunities, professional development, and foundational theoretical practice in preparing them to support the lives of vulnerable children, youth, and families.

The Child and Youth Care Counsellor diploma is a comprehensive two-year program that prepares students to work with vulnerable children, youth, and families. These children and youth may have suffered physical, sexual, or emotional abuse, neglect, failure, family breakdown, and may have behavioral and/or learning difficulties.

Preparation for a career in Child and Youth Care Counselling demands a commitment to learning the essential components of developing healthy, caring relationships. The dynamics of abuse and neglect and the treatment of those issues are explored through courses in professionalism, children and the law, psychology, treatment methods, counselling skills and caring for at-risk youth. Education in group process, family dynamics, and ethics is also offered to enhance personal development and growth.

Students will spend considerable time in lab and field placement settings as well as in the classroom.

The Child and Youth Care Counsellor Program (CYCC) has identified five (5) program wide learning outcomes to prepare students for personal and professional success: Professional Practice, Communication, Self, Theoretical Knowledge, and Assessment and Intervention. In the CYCC curriculum, students will gain knowledge, skills, and competency related to these outcomes.

Career Opportunities

Child and Youth Care Counsellor graduates are in demand across Canada. The scope of potential employment opportunities open includes group homes; residential treatment centres; institutional settings; young offender settings; school liaison work; child development assistant (school setting); outreach/street programs; mental health centres; family and community based programs; therapeutic foster care; and, day treatment programs.

Admission Requirements

High School Route
60% or greater in each of:

- ELA 30-1 or a minimum of 70% in ELA 30-2
- One 30-level academic subject
- Three grade 12 5-credit subjects (maximum of 5 credits of CTS courses)

Mature Student Route
- ELA 30-1 or ELA 30-2 (minimum 60%)
- One 30-level academic subject

Transfer Route
- ELA 30-1 or ELA 30-2
- Eight courses from an accredited post-secondary institution with a minimum of a "C" grade

Conditional Admission Plan (CAP)
If you do not possess all of the admission requirements, the Conditional Admission Plan (CAP) may provide conditional acceptance to this program, provided space is available. CAP is individualized to meet your needs. See page 18 for further details.

Pre Program Requirements
Along with the academic requirements, students must also meet ALL of the following non-academic requirements:

Upon acceptance, and prior to the first day of practicum, students are asked to submit:

- CPR and First Aid Certificates
- Police Information Check (You are obligated to inform the Program Coordinator immediately of any change in the status of your criminal record.)
- Intervention Record Check

Program Requirements

First Year
Fall
CYCC 111* The Profession of Child and Youth Care
Junior ENGL Introductory Communications for Helping Professionals
IDST 100
KNES 281 Introduction to Movement Activities of Children and Youth
PSYC 351 Principles of Psychology

Winter
CYCC 120 Practicum I
CYCC 122 Working with Vulnerable Children, Youth and Families
CYCC 125 Fundamental Skills in Counselling
Junior ENGL
MICO 191 Introduction to Microcomputers
PSYC 351 Developmental Psychology
Second Year

Fall
- CYCC 230* Practicum II
- CYCC 233 Legal and Cultural Issues Regarding Children and Youth
- CYCC 235 Group Facilitation
- CYCC 237 Youth Care Practice with Families
- PSYC 357 Human Development

Winter
- CYCC 232 Mental Health & Substance Abuse Issues
- CYCC 240 Practicum III
- CYCC 245 Assessment and Intervention
- PSYC 385 Introduction to Abnormal Psychology

*All Child and Youth Care Counsellor students are expected to participate in a 1 1/2 day retreat.

Practicum

The program has a major practicum component. During the first year, students will observe different agencies while gaining information about many others. This experience assists in determining a successful placement in the second year. As part of an integration of practice and theory, students are in practicum placements two days (15 hours) per week for the entire second year of the program. Students will apply for practicum placements and through an interview process must show a high level of commitment and professional suitability to the agency. Students may be placed outside of Medicine Hat for the second year practicum.

As stated in the Child & Youth Care Association of Alberta’s Code of Ethics, it is the professional responsibility of members to maintain their personal, physical and emotional well-being. Students are expected to meet the physical demands of meeting clients in their own life space, and to always maintain healthy, professional boundaries. Should the program coordinator judge, in consultation with faculty, that there is evidence that students are professionally unsuitable or a risk to clients, the coordinator may prohibit you from attending or completing a practicum.

Continuation Requirements

In order to be considered a continuing student of record in the Child and Youth Care Counsellor Program, students must:
- maintain a minimum of a C grade in all Child and Youth Care Counsellor (CYCC) courses
- maintain a minimum cumulative GPA of 2.0 or better in all courses required to complete the program
- complete all prerequisite courses before moving on to the next core CYCC courses

Students that have been absent from the program for one calendar year and are returning to complete a course, students will be required to successfully complete a comprehensive evaluation. Depending on the outcomes of the evaluation students may be required to successfully complete remediation in preparation to enter the practicum.

Graduation Requirements

All courses outlined in the calendar must be completed with an overall GPA of 2.0 or higher.

Transfer

Athabasca University
Graduates of the Child and Youth Care Counsellor Diploma are eligible to transfer into Athabasca University’s Bachelor of Professional Arts (Human Services) degree. Students should consult with an AU Advisor for further information.

MacEwan University
Graduates may be eligible to apply to the third year of the Bachelor of Child and Youth Care program. Students must present a minimum cumulative GPA of 2.0 on the 4.0 scale.

Thompson Rivers University
Graduates are eligible to receive advanced credit toward the Bachelor of Health Science or the Bachelor of General Studies program. Students should contact an Academic Advisor at TRU for further information.

University of Calgary
Graduates are eligible to apply to the two-year post-diploma Bachelor of Community Rehabilitation (BCR) program. Students should contact an Academic Advisor for further information.

University of Victoria
Graduates are eligible to apply to the School of Child and Youth Care for completion of the Bachelor in Child and Youth Care program. Students should contact an Academic Advisor for further information.

Vancouver Island University
Graduates of the Child and Youth Care Counsellor program are eligible to apply to the Bachelor of Arts in Child and Youth Care program. Students should contact an Academic Advisor for further information.

International Transfer Opportunities

Griffith University, Australia
Graduates of the Child and Youth Care Counsellor program are eligible to receive advanced standing toward the Bachelor of Human Services degree. Students should contact an Academic Advisor for further information.
Commerce/Management (B.Comm; B.Mgmt; BBA)
University Transfer

Success in business rests on a strong foundation of basic business concepts in areas such as accounting, financial services, marketing, human resources, and more. If you are planning to pursue a degree in Commerce, Business Administration, or Management, MHC offers degree completion in collaboration with Mount Royal University, as well as several university transfer options.

A Bachelor of Commerce, Management or Business Administration can be used as a pathway into professional, master’s, or after degree programs such as Law, Chartered Professional Accountant (CPA) or Certified Human Resources Professional (CHRP).

Admission Requirements

Refer to Admissions Chart on page 20

The University Transfer program at Medicine Hat College provides students with a foundation to be successful in university degrees. The program is possible with the College’s participation in Campus Alberta. Admission to all university programs in Alberta is competitive and students are responsible for understanding admission and program requirements.

Program requirements change yearly and vary by institution. Students pursuing an undergraduate degree as a learning pathway to a professional program should consult with a Medicine Hat College Academic Advisor and a representative from the institution they wish to attend. University Transfer students need to ensure they meet both the minimum requirements and competitive requirements for admission.

Course Selection

To facilitate the transfer of courses from Medicine Hat College, University Transfer students are encouraged to choose a university and program they wish to pursue. With this information, students can consult with their Medicine Hat College Academic Advisor for appropriate program planning.

Admission to the Alberta School of Business Bachelor of Commerce program at the University of Alberta occurs after completion of a pre-professional year, which must include a minimum of 24 transferable credit units (8 courses) and designated pre-requisite courses. Admission is competitive.

University Transfer

Students are encouraged to consult the University of Alberta Academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor or a University of Alberta Academic Advisor can help students interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.
Athabasca University, Faculty of Business

The Computer Aided Drafting and Design (CADD) certificate program is a multi-disciplinary program focusing on the core disciplines of the built environment; mechanical engineering technology, civil engineering technology and building design technology. This program concentrates on the foundational theories and concepts in these core disciplines while learning and applying current technology so that graduates may begin their career as an entry level technician. Our approach to understanding and modelling the built environment makes the CADD Certificate program unique. Upon successful completion of all the courses students will be granted a one-year certificate. Students may enter the work force or continue their studies in the Diploma in Built Environment Engineering Technology program at Medicine Hat College. The CADD certificate program is designed to prepare you for both traditional and technical CADD skills to meet the demand of this dynamic industry. Good opportunities for pay and advancement are available to graduates. As a successful graduate, students will have a basic understanding of CADD technologies; mechanical, civil and building design technologies; sustainability; and technical drawings. In the second year of the diploma in Built Environment Engineering Technology program, students will learn more advanced skills in engineering, 3D design, modeling and presentation; data capture; mechanical engineering technology, process piping, civil engineering technology, and building design technology. Upon successful completion of two years at Medicine Hat College students will be awarded a diploma in Built Environment Engineering Technology.

Career Opportunities
Employment opportunities exist with consulting engineers, land surveyors, oil and gas industry, mining and manufacturing companies, federal, provincial, and municipal governments. The broad engineering background provides students the opportunity to be employed in research, design, manufacturing and sales. Students also have the opportunity to become an important member of any team engaged in supplying the goods and services required by modern technology. Completing the one-year program provides students with eligibility for membership in the Association of Science and Engineering Technology Professionals of Alberta (ASET) after two years of suitable industry experience.

Admission Requirements
High School Route
High school diploma with:
- ELA 30-1 or ELA 30-2
- Math 30-1 or Math 30-2
- Physics 20

Mature Student Route
- ELA 30-1 or ELA 30-2
- Math 30-1 or Math 30-2
- Physics 20

Conditional Admission Plan (CAP)
For students that do not possess all of the admission requirements, the Conditional Admission Plan (CAP) may provide conditional acceptance to this program, provided space is available. CAP is an individualized program to meet these needs. See page 18 for further details.

Program Requirements
Fall
- CADD 101 Drafting I
- CADD 121 CADD Applications I
- CADD 172 Sustainability & Systems Thinking I
- CADD 173 Construction Methods
- CADD 161 Civil Design I – Civil Design Fundamentals
- CADD 182 Building Design I – Building Systems
- MATH 150 Technical Math

Winter
- CADD 102 Drafting II
- CADD 122 CADD Applications II
- CADD 132 Mechanical Design I - Applied Physics
- CADD 151 Technical Communications
- CADD 161 Civil Design I - Civil Design Fundamentals
- CADD 182 Building Design I – Building Systems

Continuation Requirements
Students may enroll in the Diploma in Built Environment Engineering Technology program after successful completion of year one. See the Built Environment Engineering Technology program for further program information.

Graduation Requirements
To successfully complete this program students must:
- Attain a minimum cumulative GPA of 2.0
- Complete the program with no failures or incompletes in the required courses

Transfer
Athabasca University
Graduates may be awarded 30 credits toward the Bachelor of Professional Arts Communications Studies. For more information contact a Medicine Hat College Academic Advisor.
Criminal Justice Diploma

Academic Advising Office
Phone: 403.529.3819

Jim Groom, Coordinator
Phone: 403.529.3987
E-Mail: jgroom@mhc.ab.ca

The Criminal Justice diploma program prepares students for a multitude of careers in criminal justice, including numerous governmental and non-governmental areas. These careers include opportunities in law enforcement, policing, private security, border enforcement, intelligence, criminal profiling, legal services, private investigations, and community peace officers.

The program provides a liberal arts education for adaptable career-minded individuals who are self-motivated and effective decision makers. The focus includes the development of responsible leaders for criminal justice careers. Possessing good communication and problem solving skills, as well as a positive attitude and values, makes students well suited for this program.

Aims of the Criminal Justice Program
The program is designed to prepare students to enter any one of many areas of public, contract, or private criminal justice occupations. Studies include exposure to an array of investigative techniques and practices including forensics, crime scene investigations, threat and risk assessments, and methods for gaining employment in the field of your choice.

Direction of the Criminal Justice Program
Rapid change, new technology, and increasing criminal sophistication demand that a criminal justice employee be well informed for a diverse and exacting profession. Police services, law enforcement industry trainers and educators have identified the key components and competencies required in the criminal justice community. In addition to leadership skills, these key competencies include ethics, analytical thinking, self-confidence, communication skills, flexibility, diligence, patience, self-control, problem solving, and physical skills. During the program students are encouraged to attain the necessary skills and fitness level to pass the testing requirements demanded by law enforcement organizations. Criminal Justice organizations expect applicants to be involved in their community and students are encouraged to volunteer for various groups and agencies.

The challenging and rewarding two-year program gives students the skills that future leaders in criminal justice will need to succeed. Students will also gain an understanding of the criminal justice systems through studies in human relations, psychology, sociology, investigations, policing, security, criminology and law.

Career Opportunities
The enforcement community encompasses a broad range of occupations in both government and private sectors. From government regulatory bodies to national security investigations, and specialized federal investigators to private security and consultants, the industry is extensive and growing.

There are a large number of career opportunities with police agencies and studies have indicated that many agencies are in the process of replacing a large percentage of their staff in the immediate future. As a result of terrorist threats, there have been a substantial number of new opportunities created in private and government security.

Our graduates have obtained employment with a wide range of private, municipal, provincial and federal agencies, including the RCMP, Municipal Police, Customs, Immigration, Military Police, Corrections, Solicitor General, Motor Transport, and private security providers.

Graduates of our program may apply to local, provincial, or federal police forces, other law enforcement agencies, and to federal agencies and corrections. However, you must apply to these agencies directly as Medicine Hat College does not supply graduates directly to any agency. It is imperative in this regard that you assess the hiring standards, especially the minimum physical qualifications such as eyesight, before expending extensive time concentrating on a law enforcement career.

Potential Career Positions
Police Officers Corrections Officers
Private Investigators Customs Officers
Emergency Measures Planners VIP Security
Risk Management Consultants Security Consultants
Immigration Officers Military Police Officers
Loss Prevention Investigators Bylaw Enforcement Officers
Motor Transport Officers

Admission Requirements
High School Route
60% in ELA 30-1 OR 65% in ELA 30-2

Mature Student Route
60% in ELA 30-1 or 65% in ELA 30-2

Conditional Admission Plan (CAP)
If a student does not possess all of the admission requirements, the Conditional Admission Plan (CAP) may provide conditional acceptance to this program, provided space is available. CAP for this program is considered after June 1st. See page 18 for further details.
Program Requirements

First Year
Fall
CJLS 101 Introduction to Criminal Justice Careers
CJLS 102 Effective Communications in Criminal Justice
CJLS 106 Law and the Administration of Justice
CJLS 111 Investigations and Forensics
CJLS 135 Police and Security Technical Reports

Winter
CJLS 116 Federal and Provincial Criminal Justice Legislation
CJLS 120 Lifestyles and Career Orientation
CJLS 126 Criminal Code, Offence Elements and the Charter
CJLS 131 Interviewing and Statements
ENGL 125 Introductory Report Writing and Speech
SOCI 201 Introductory Sociology

Second Year
Fall
CJLS 231 Forensic Science
CJLS 233 Legal Evidence and Trial Presentation
CJLS 247 Public Safety, Emergency Planning, and Response
CJLS 251 Specialized Investigations
PSYC 205 Principles of Psychology
SOCI 225 Criminology

Winter
CJLS 224 Mental Health
CJLS 241 Major Criminal Investigations
CJLS 246 Federal and Provincial Statutes
CJLS 257 Leadership and Development
SOCI 321 Youth Crime
One of
CJLS 221 Investigative Techniques
CJLS 261 Intelligence, Espionage and Terrorism

Students must contact the Program Coordinator to verify their schedule if completing the program outside of the normal cycle.

Continuation Requirements

The prerequisite for SOCI 225 and SOCI 321 is SOCI 201.
Students who do not obtain a grade of C- or higher in SOCI 201 are not allowed to take SOCI 225 or SOCI 321.

Graduation Requirements

To successfully complete this program students must:
• Attain a minimum cumulative GPA of 2.0
• Attain a minimum pass mark of C- in all CJLS designated courses

Transfer

Athabasca University
Graduates of the Criminal Justice Diploma program are eligible to receive up to 60 credits towards the Bachelor of Professional Arts (Criminal Justice), Bachelor of Professional Arts (Governance, Law and Management), or the Bachelor of Professional Arts (Human Services) programs. Students should contact an AU Academic Advisor for further information.

Lethbridge College
Graduates with a minimum cumulative GPA of 2.0 are eligible for admission and for block transfer into the third year of the Bachelor of Applied Arts in Justice Studies. Students should contact an Academic Advisor for further information.

Royal Roads University
Graduates are eligible to transfer into the third year of the Bachelor of Arts in Justice Studies program. Students must present a minimum cumulative GPA of 3.0 and meet all other admission criteria.

Seneca College of Applied Arts and Technology
Graduates of the Criminal Justice Diploma program are eligible to receive a block transfer of 15 specific courses within the Honours Bachelor of Crime and Intelligence Analysis Degree program. Students should contact an Academic Advisor for further information.

International Transfer Opportunities

Griffith University
Graduates are eligible to receive advanced standing toward the Bachelor of Criminology and Criminal Justice program. Students should contact an Academic Advisor for further information.
Early Learning and Child Care
Certificate and Diploma

Academic Advising Office
Phone: 403.529.3819
Pamela MacDougall, Coordinator
Phone: 403.504.3506
E-Mail: pmacdougall@mhc.ab.ca

The certificate and diploma programs in Early Learning and Child Care prepare early childhood professionals to work with young children and families. The program combines theory classes in development, interpersonal communications, and appropriate practice with a strong practical base. Knowledge and skills learned in the program enable you to provide good quality care to young children in various settings, as well as enhancing their personal development.

Career Opportunities
Students will be prepared to work as primary staff in settings that include:

• Pre-schools
• Child Care Centres
• Family Day Homes
• Assistants in Kindergarten programs
• Out of school care programs

The one-year certificate program provides an Alberta Level II child care certification. The two-year diploma provides an Alberta Level III child care certification, which is required by all program directors in Alberta child care centres. The Early Learning and Child Care diploma is recognized throughout Alberta and across Canada as the qualification to work with young children.

Admission Requirements

High School Route
High school diploma with:
• 50% in ELA 30-1 or 65% in ELA 30-2

Mature Student Route
• 50% in ELA 30-1 or 65% in ELA 30-2

Conditional Admission Plan (CAP)
If you do not possess all of the admission requirements, the Conditional Admission Plan (CAP) may provide conditional acceptance to this program, provided space is available. CAP is individualized to meet your needs. See page 18 for further details.

Practicum
Students are selected for practicum on the basis of academic performance, professional suitability, fitness and conduct, volunteer community service, and availability of practicum sites.

Students should be aware that under the Protection for Persons in Care Act (January, 1998) they may be required to provide a current Police Information Check with Vulnerable Sector Search as well as an Alberta Children’s Services Intervention Record Check to the practicum placement supervisors prior to starting placements. A current First Aid Certificate and Heath Immunization Record will be required in practicum placements. Should the program coordinator judge, in consultation with faculty, that there is evidence that you are professionally unsuitable or a risk to clients, the coordinator may prohibit you from attending or completing a practicum.

NOTE: Students may take up to two courses “for interest” without meeting admission requirements. At this point, however, you must meet all admission requirements to continue.

Program Requirements

First Year (Certificate)
Fall
CHPC 120* Child Development I
CHPC 122 Interpersonal Relations I
CHPC 123 Health, Safety and Nutrition
ELCC 102 Development through Play I
ELCC 105 Practicum I
ENGL 123 Fundamentals of Writing and Speech

Winter
CHPC 121* Child Development II: An Introduction to
Children with Special Needs
CHPC 124 Language and Literacy
ELCC 101* Introduction to Early Learning and Child Care
ELCC 112 Development through Play II
ELCC 113 Music and Movement
ELCC 115 Practicum II

Second Year (Diploma)
Fall
ELCC 201 Fine Arts
ELCC 202 Math and Science
ELCC 203 Interpersonal Relations II
ELCC 204 Ecology of the Family
ELCC 205 Practicum III

Winter
ELCC 211 Infant and Toddler Care
ELCC 212 Professional Practice
ELCC 213 Inclusive Care and Education
ELCC 214 Children in Society
ELCC 215 Practicum IV

* Also offered through Distributed Learning

Continuation Requirements
Admission to the second year of the Early Learning and Child Care diploma normally requires students to have successfully completed the Early Learning and Child Care certificate program from Medicine Hat College or from another accredited Alberta college with a GPA of not less than 2.3, and with no final course grade of less than C. Students must successfully pass all fall semester courses to proceed with the winter semester.

The successful completion of courses at an accredited institution outside Alberta that are equivalent to the one year certificate in Early Learning and Child Care from Medicine Hat College, may also be considered. Students must have attained a GPA of not less than 2.3 with no final course grade of less than C.
Graduation Requirements

To successfully complete the certificate program you must:
• Earn C grades (2.0) in ELCC 105 and ELCC 115
• Attain an overall GPA of at least C (2.0)
• Complete all courses with no grades below C-

To successfully complete the diploma program you must:
• Earn C grades (2.0) in ELCC 205 and ELCC 215
• Attain an overall GPA of at least C (2.0)
• Complete all courses with no grades below C-

Transfer

Athabasca University
Graduates are eligible to transfer into the Bachelor of Professional Arts (Human Services) program. Students are required to present an additional 15 university level credits prior to admittance into the Bachelor of Professional Arts program. Student should consult with an AU Academic Advisor for further information.

Grande Prairie Regional College*
Students who have successfully completed year one of the Early Learning and Child Care program are eligible for admission directly in year two of GPRC’s Early Childhood Development diploma program.

Keyano College*
Students who have successfully completed year one of the Early Learning and Child Care program are eligible for admission directly in year two of Keyano’s Early Childhood Development diploma program.

Lakeland College*
Students who have successfully completed year one of the Early Learning and Child Care program are eligible for admission directly in year two of Lakeland College’s Early Learning and Childcare diploma program.

Lethbridge College*
Students who have successfully completed year one of the Early Learning and Child Care program are eligible for admission directly in year two of Lethbridge College’s Early Childhood Education diploma program.

MacEwan University*
Students who have successfully completed the Early Learning and Child Care certificate they are eligible for admission into year two of MacEwan University’s Early Learning and Child Care diploma program.

Red Deer College*
Students who have successfully completed year one of the Early Learning and Child Care program are eligible for admission directly in year two of Red Deer Colleges Early Childhood Education diploma program.

University of Calgary
Graduates are eligible to apply to the two-year post-diploma Bachelor of Community Rehabilitation (BCR) program.

*The ELCC certificates from these institutions will transfer into Medicine Hat College’s ELCC diploma.

University of Victoria
Students who have completed a human services professional academic program at an accredited institution with an overall GPA of B or higher may be eligible to receive block credit upon admission to the School of Child and Youth Care (15 units for a one-year certificate and 30 units for a two-year diploma). This does not include vocational or continuing studies certificates or diploma. The School of Child and Youth Care is a member of the BC Child and Youth Care Education Consortium. Students should contact the University of Victoria for further information.

International Transfer Opportunities

Griffith University, Australia
Graduates are eligible to receive advanced standing toward the Bachelor of Child and Family Studies program. Students should contact an Academic Advisor for further information.
Bachelor of Education (B.Ed.)
Mount Royal University

Academic Advising Office
Phone: 403.529.3819

Lorelei Boschman, Program Coordinator
Phone: 403.529.3962
E-mail: lboschman@mhc.ab.ca

Mount Royal University and Medicine Hat College offer a degree completion program that graduates students as an elementary specialist with a humanities minor, and prepares its graduates for certification under the Professional Standards Branch of Alberta Education. Although the focus of this program is Kindergarten through Grade Six, the Bachelor of Education credential in Alberta qualifies graduates to teach Kindergarten through Grade Twelve. The program is both course and experience based, with courses deliberately arranged to generate synergy among them. The curriculum is designed to create a holistic experience for education students in their understanding of teaching, learning and assessment. Students in this program will graduate with an evolving teaching philosophy based on opportunities to research, discuss and critically analyze aspects of education and schooling throughout the program. Several courses, both core and elective, require students to participate in relevant classroom experiences in the community.

Admission Requirements

To apply to this program, applicants must meet the following admission requirements:

- Successful completion of 60 credits of approved university transfer course work
- Achieve a minimum grade of “B” in EDTS 232 and EDTS 234
- Achievement of a minimum GPA of 2.0, calculated based on the most recent 8 transferrable courses

The Bachelor of Education partnership program at MHC is a competitive program so that the most academically qualified students are accepted first. Please note that there is not an after-degree admission route for this program.

Program Requirements

The Bachelor of Education – Elementary is a four (4) year baccalaureate degree program offered by Mount Royal University in partnership with Medicine Hat College. The total requirements for this program include 40 courses made up of twenty (20) core education courses (including 2 practicums), eight (8) minor courses in the humanities, six (6) general education courses, and four (4) electives.

In Year 3 and Year 4, students will take seven Program of Studies and Curriculum Instruction in Teaching courses, four additional courses, and two practicums:

- EDUC 2375 – Effective Assessment – Measurement and Evaluation
- EDUC 3010 – Practicum I – 5 weeks
- EDUC 3101 – Program of Studies and Curriculum Instruction in Teaching Art
- EDUC 3103 – Program of Studies and Curriculum Instruction in Teaching English Language Arts
- EDUC 3105 – Program of Studies and Curriculum Instruction in Teaching Physical Education
- EDUC 3106 – Program of Studies and Curriculum Instruction in Teaching Science
- EDUC 3108 – Program of Studies and Curriculum Instruction in Teaching Mathematics
- EDUC 4030 – Practicum II – Full-term
- EDUC 4104 – Program of Studies and Curriculum Instruction in Teaching Music
- EDUC 4107 – Program of Studies and Curriculum Instruction in Teaching Social Studies
- EDUC 4325 – The Impact of Social Issues in Education & Schooling
- EDUC 4351 – Indigenous Perspectives in Education
- EDUC 4361 – Exceptional Students, Special Needs, & Inclusive Schooling

In addition to the two major practicum experiences in the third and fourth year, there are practicums embedded within certain coursework throughout the program. Placements for practicums will be in Medicine Hat and South Eastern Alberta area schools, in classes ranging from kindergarten through grade six.
Bachelor of Education (B.Ed.)  
Mount Royal University

Practicum Requirements
Students should be aware that under the Protection for Persons in Care Act (January 1998) they will be required to provide a current Police Information Check with Vulnerable Sector Search as well as an Alberta Children’s Services Intervention Record Check to the school jurisdiction in which students are placed for each teaching practicum or experience. Student teachers are responsible for the cost of obtaining this documentation and ensuring it is provided to school jurisdictions requiring it, and providing a copy to the Student Placement Officer prior to the start of the first field experience. It is also recommended that students possess a current Emergency or Standard First Aid Certificate and that Health Immunization Records are up to date.

Continuation Requirements
Students enrolled in the Bachelor of Education – Elementary program are bound by, and shall comply with, the Alberta Teacher’s Association Professional Code of Conduct and the Department of Education Field Experience and Practicum Handbooks. Refer to the Field Experience and Practicum Handbooks for details. Issues of non-compliance will warrant the student being required to withdraw from the program. Because of the professional nature of the Education program, there is an attendance policy that Education students will need to abide by.

MRU policies for academic progression and residency will apply to students in the Collaborative Program. MHC policies will apply for all other academic and non-academic issues and appeals.

Graduation Requirements
To successfully complete the partnership Bachelor of Education – Elementary degree requirements, students must:

- Complete the minimum 60 credits of required third and fourth year courses, including major practicums
- Have a cumulative GPA of at least 2.0 based on all the courses required for graduation

Upon completion of the program, students will submit an application to graduate to Mount Royal University. Upon confirmation of graduation, students may attend convocation ceremonies at MRU and receive their parchment, or attend graduation ceremonies at MHC. If students wish to attend the MHC convocation ceremony, they must submit an MHC graduation application in addition to an MRU application. Students attending either institutions convocation ceremony will pay the respective institutions fees.
Education (B.Ed.)
University Transfer

Career Opportunities
Classroom Teacher K-12
Counsellor

Admission Requirements
Refer to Admissions Chart on page 20

Practicum
Students should be aware that under the Protection for Persons in Care Act (January 1998) they will be required to provide a current Police Information Check with Vulnerable Sector Search as well as an Alberta Children’s Services Intervention Record Check to the school jurisdiction in which you are placed for each teaching practicum or experience. Student teachers are responsible for the cost of obtaining this documentation and ensuring it is provided to school jurisdictions requiring it, and providing a copy to the Education Advisor prior to the start of the first field experience. It is also recommended that you possess a current Emergency or Standard First Aid Certificate and that Health Immunization Records are up to date.

First Year Course Selection
To facilitate the transfer of courses from Medicine Hat College, University Transfer students are encouraged to choose a university and program of study they wish to work towards. With this information students can consult with their Medicine Hat College Academic Advisor for appropriate program planning.

University of Alberta, Faculty of Education
Phone: 780.492.4530 (Prospective Undergraduate Advising)
E-mail: education.recruitment@ualberta.ca
Website: www.education.ualberta.ca

Types of degrees offered:
• 4 year B.Ed. (40-course degree) direct entry or post secondary transfer
• 2 year after degree (for holders of an approved degree)
• 5 year combined degrees in which students receive two undergraduate degrees (Native Studies, Music, Drama, Kinesiology, Science, Math, Human Ecology)

Level of teaching that can be pursued:
• Elementary education (Kindergarten to Grade 6)
• Middle School Education (Grades 4 – 9) - Red Deer College collaboration
• Teacher Education North Program (Elementary route) – Grande Prairie College collaboration
• Teacher Education Rural North Program (Elementary route) – Keyano College collaboration
• Secondary education (Grades 7 – 12)

Major/Minor choices:
• Elementary – generalist major
• Secondary – major and minor are chosen from a list of teachable areas

Admission to the Faculty of Education:
Competitive Admission: GPA will be calculated on most recent two terms if they contain a minimum of 24 credits. If the most recent two terms contain less than 24 credits, all work in the next most recent term(s) is included in the calculation until the minimum total of 24 credits is reached. Fall/Winter courses are considered Winter courses in these calculations. For applicants who have attempted less than 24 credits of transferable postsecondary work, the GPA is based on all university transfer credits attempted. Note: Where the applicant has more than one passing grade for the same course at any institution, only the first passing grade is used in calculating the grade point average for admission purposes.

Students are encouraged to consult the University of Alberta Academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor, or a University of Alberta Academic Advisor can assist students to interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.
University of Calgary, Faculty of Education

Phone: 403.220.6794 (Werklund School of Education)
E-mail: upe@ucalgary.ca
Website: www.werklund.ucalgary.ca

Types of degrees offered:
- 4 year Bachelor of Education (40-course degree) direct entry
- 4 year community based B.Ed.
- 2 year after degree, on campus or community-based (for holders of an approved degree)
- 5 year concurrent degree in which students will receive two undergraduate degrees (BA/BE, BFA/BE, BMus/BE, BSc/BE, BKin/BE) (direct entry)

Level of teaching that can be pursued:
- Kindergarten/Elementary Route (Kindergarten to Grade 6)
- Secondary Route (Grades 7 – 12)
- K-12 Route; Specialization in English Language Learners, or Second Languages

Major/minor choices:
- Elementary - major chosen from list of teachable subjects
- Secondary - major and chosen from list of teachable areas

Students are encouraged to consult the University of Calgary Academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor, or a University of Calgary Academic Advisor can assist students to interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.

University of Lethbridge, Faculty of Education

Phone: 403.329.2254 (Student Program Services)
E-mail: edu.sps@uleth.ca
Website: www.uleth.ca/education

Types of degrees offered:
- 5 year combined degrees in which students receive two undergraduate degrees
  - BFA/B.Ed
  - BSc/B.Ed
  - BA/B.Ed
  - BMgmt/B.Ed
  - BMus/B.Ed
- Post-diploma degrees
  - Pre-Post-Diploma B.Mgt./B.Ed.
  - Pre-Post-Diploma B.F.A-Art/B.Ed.
  - Pre-Post-Diploma B.F.A-Dramatic Arts/B.Ed.
  - Pre-Post-Diploma B.Mus./B.Ed.
- 2 year after degree (for holders of an approved degree)

Level of teaching that can be pursued:
- Kindergarten to Grade 12

Major choices:
- Single discipline major
- General major

Minor choices:
- Optional from a list of teachable subjects
- Specialization: Optional from a list of Specializations
Education (B.Ed.)
University Transfer

Admission to the Faculty of Education:
- Admission cumulative GPA of at least 2.50 calculated on courses taken within the semesters containing the last 20 university-level courses (60 credit hours); quota program.
- If 20 specific courses (60 credits) are not completed, you can enter the pre-combined degrees program for year three.
- Appropriate number of courses in the major required with a minimum cumulative GPA of 2.50 on all courses comprising the major.
- Students must have completed a minimum of 42 credits (14 graded 3-credit courses) that includes a minimum number of courses towards the student’s chosen major
- Specific admission requirements for some majors (i.e. Music and Native Education Studies)
- EDUC 2500 – Practicum I - Orientation to teaching (MHC’s EDTS 232 – Professional Dimensions of Teaching I and EDTS 234 – Professional Dimensions of Teaching II) including a favourable recommendation from the instructor.

The Liberal Education Requirement (Lib Ed) is a requirement of all University of Lethbridge degree programs. The Lib Ed involves satisfactory completion of Arts and Science courses from three distinct lists: List 1 – Fine Arts & Humanities; List 2 – Social Sciences; List 3 – Science. Consult the University of Lethbridge academic calendar and the Transfer Alberta for details, or speak with a Medicine Hat College Academic Advisor.

Students are encouraged to consult the University of Lethbridge Academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor, or a University of Lethbridge Academic Advisor can assist students to interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.

Mount Royal University, Faculty of Education
(Degree completion program at Medicine Hat College)

Mount Royal University and Medicine Hat College offer a degree completion program for Mount Royal University’s Bachelor of Education on-site at Medicine Hat College. Further information is available on page 108 and on the MHC website at www.mhc.ab.ca.

Mount Royal University, Faculty of Education

Phone: 403.440.7729 (Department of Education)
E-mail: ldenney@mtroyal.ca
Website: www.mtroyal.ca/bed/

Types of degrees offered:
- 4 year Direct Entry B.Ed (40 courses offered)

Level of teaching that can be pursued:
- Elementary (Kindergarten to Grade 6)

Major/minor choices:
- Elementary - generalist major; minor is chosen from a list of teachable areas (English, French, General Science for Elementary Education, Elementary School Health & Physical Education, History, Humanities, Indigenous Studies, Linguistics, Mathematics for Elementary Education, Social Studies, Spanish, Teaching English as a Second Language (TESL).)

Admission to the Faculty of Education:
- Direct entry, competitive admission, from high school: grades are calculated based on the required Grade 12 courses for admission into the Faculty of Education.

The General Education (GNED) is a requirement of all Mount Royal University degree programs. The GNED involves satisfactory completion of GNED courses chosen from four different clusters - Numeracy & Scientific Literacy; Values, Beliefs & Identity; Community & Society; and Communication.

Students are encouraged to consult the Mount Royal University Academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor, or a Mount Royal University Academic Advisor can assist students to interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.
University of Regina, Faculty of Education

Phone: 306.585.4537 (Student Program Centre)
E-mail: education.counselling@uregina.ca
Website: www.uregina.ca/education/

Types of degrees offered:
- 4 year degree (BEd) Direct Entry, on-campus and community-based
- 2 year after degree (for holders of an approved degree)
- 5 year joint degree BEd/BKin and BEd/BSc with a Math Major

Programs offered:
- Early Elementary (pre-K-5) / Middle Years (6-9)
- Secondary (9-12)
- Baccalauréat en Éducation Française
- Arts Education
- Music Education

Major/minor choices:
- Variety of areas available

Admission to the Faculty of Education:
- Admission GPA calculated on all transferable courses
- Relevant Experience/References and a Personal Statement/Diversity
- Typically, a total of one year of pre-Education courses can be completed at MHC before transferring

Students are encouraged to consult the University of Regina Academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor, or a University of Regina Academic Advisor can assist students to interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.

University of Saskatchewan, Faculty of Education

Phone: 306.966.7654 (College of Education Programs Office)
E-mail: advising.education@usask.ca
Website: www.usask.ca/education/

Types of degrees offered:
- 4 year degree (B.Ed.)
- 5 year combined degrees (Music or Kinesiology)
- Secondary Technical Vocational Education
- Practical and Applied Arts
- Aboriginal Teacher Education

Level of teaching that can be pursued:
- Elementary/Middle Years sequential B.Ed
- Secondary sequential B.Ed

Major/minor choices:
- Teaching Area I/Teaching Area II (chosen from a list of teachable areas)

Admission to the Faculty of Education:
- Admission GPA calculated on most recent 20 Arts/Science (pre-Education) courses
- Typically, a total of one year of pre-Education courses can be completed at MHC before transferring
- On-line interview
- 35-40 hours of experience working with children (paid or unpaid)

Students are encouraged to consult the University of Saskatchewan Academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor, or a University of Saskatchewan Academic Advisor can assist students to interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.
Education Assistant Certificate

Academic Advising Office
Phone: 403.529.3819

This program is offered through Distributed Learning

The Medicine Hat College Education Assistant program is part of a collaborative program with Red Deer College which allows students to complete all of the required courses of the certificate through an online or distributed learning format. Students will be required to take courses through each of the three post-secondary institutions to complete this program. Completion of this program earns you an Education Assistant certificate from Medicine Hat College.

The Education Assistant program prepares students to work with children who required assistance in development and/or learning tasks. Graduates will be prepared to work both in school and in out of school settings.

Career Opportunities

Graduates will be prepared to work as Teacher Assistants and other roles with children who have learning and developmental needs.

Program Requirements

Students enrolled in this program are expected to develop a program plan of study with the Academic Advisor prior to course registration.

CHPC 120 Child Development I
CHPC 121 Child Development II: An Introduction to Children with Special Needs
CHPC 122 Interpersonal Relations I*
CHPC 123 Health, Safety and Nutrition*
CHPC 124 Language and Literacy
EDAS 101 The Education Assistant in the Classroom
EDAS 102 Children with Social and Emotional Difficulties
EDAS 103 Children with Specific Learning Disabilities
EDAS 104 Children with Physical Impairments
EDAS 105 Children with Sensory Impairments
EDAS 106 Technology in Education
EDAS 108 Assisting with Numeracy
ENGL 123 Fundamentals of Writing and Speech

Practicums with Red Deer College
EDAS 114 Field Experience
EDAS 181 Field Practice and Seminar

* Courses only available on-site at Medicine Hat College

Admission Requirements

High School Route
High school diploma with:
• ELA 30-1 or 65% in ELA 30-2

Mature Student Route
• ELA 30-1 (50%) or ELA 30-2 (65%)

Practicum
Students are selected for practicum on the basis of academic performance, professional suitability, fitness and conduct and availability of practicum sites. At this time, all practicum coordination will be through the Red Deer College, but placement is not limited to Red Deer.

Students should be aware that under the Protection for Persons in Care Act (January, 1998) they may be required to provide a current Police Information Check with Vulnerable Sector Search as well as an Alberta Children’s Services Intervention Record Check to the practicum placement supervisors prior to starting placements. A current First Aid Certificate and Health Immunization Record will be required in practicum placements.

Distributed Learning
Tuition and other fees are charged on a course by course basis; textbooks and supplies are additional.

Continuation Requirements

In order to be considered a continuing student of record in the Education Assistant program, students must:
• have completed all prerequisite courses before moving on to the next course
• have active yearly registration in a course either through MHC or one of its partners in the collaborative program

Time Limits for Program Completion
Students are allowed four years to complete the Education Assistant program. Following the completion of the first program course.

Graduation Requirements
To successfully complete this program you must:
• Attain an overall GPA of at least 2.0
• Complete all courses with no grades below C-
Medicine Hat College offers eight apprenticeship programs leading to journeyman status and solid careers in the skilled trades. The following trade information is drawn from www.tradesecrets.alberta.ca. For more information about the apprenticeship program see page 76.

Electricians install, alter, repair, and maintain electrical systems in buildings. These systems may supply heat, light, power, controls and signals, or fire alarms for all types of buildings, structures, and premises.

The term of apprenticeship for an electrician is 4 years (four 12-month periods) including a minimum of 1500 hours of on-the-job training, 8 weeks of technical training in each of the first three years, and a minimum of 1350 hours of on-the-job training and 12 weeks of technical training in the fourth year.

Electricians:
- read and interpret electrical, mechanical, and architectural drawings and electrical code specifications to determine wiring layouts
- cut, thread, bend, assemble and install conduits and other types of electrical conductor enclosures and fittings
- pull wire through conduits and holes in walls and floors
- position, maintain and install distribution and control equipment such as switches, relays, circuit breaker panels and fuse enclosures
- install, replace, maintain and repair electrical systems and related electrical equipment
- install data cabling
- splice, join, and connect wire to form circuits
- test circuits to ensure integrity and safety
- install and maintain fibre optic systems
- install, replace, maintain, and repair renewable power sources and related equipment

Some electricians specialize in:
- residential (housing developments)
- commercial (office buildings)
- institutional (hospitals)
- industrial (plants, factories)

Skills and Abilities
To be successful in their trade, electricians need:
- good communication and reading skills
- an aptitude for math
- mechanical ability
- strength and manual dexterity
- the ability to distinguish colours to work with colour-coded wiring
- the ability to work at heights
- the ability to use proper lifting techniques for weights up to 25 kilograms
- the ability to get along well with co-workers
- the willingness to keep up with new developments in the field
- the ability to create new ways of doing things
- the ability to do very precise work expertly

Those who install or maintain equipment in existing homes or businesses also must be neat, friendly and able to deal with customers courteously.

The above information was copied from the tradesecrets website. For complete information on being an Electrician check the website at www.tradesecrets.alberta.ca.

Working Conditions
Electricians may be involved in construction or maintenance, or do a variety of electrical work. Electricians usually work a 40-hour, five-day week. Especially in construction, there may be no guarantee of permanent work. Working conditions can change dramatically from one job to another, varying from indoors in clean conditions to outdoors on scaffolding, to indoors in cramped conditions. There is some risk of injury from accidental electric shock.
Engineering (B.Sc.)
University Transfer

A degree in engineering provides promising employment opportunity. A degree in engineering provides promising employment opportunities in design, development, exploration, and problem solving. There are several engineering specializations including civil, chemical, computing, electrical, and mechanical. Depending on the specialization, you can work in analysis, construction, and development in a variety of industries.

You can begin your studies in engineering at Medicine Hat College and then apply to transfer to the University of Alberta to complete your degree.

Career Opportunities

Civil engineers: Design bridges, roads, airports, pipelines, dams, ships, buildings, transportation systems, and urban systems
Mechanical engineers: Involved in energy production and use, combustion processes, vehicle design, and propulsion systems design
Chemical engineers: Deal with chemical processes, design and analyze systems involving organic materials, nuclear fuels, and food processing
Electrical engineers: Work with communication, navigation, controls, electronics, power, and instrumentation systems
Computer engineers: Design computer systems and applications

Admission Requirements

Refer to Admissions Chart on page 20

Course Selection

To facilitate the transfer of courses from Medicine Hat College, University Transfer students are encouraged to choose a university and program of study they wish to pursue. With this information, students can consult with their Medicine Hat College Academic Advisor for appropriate program planning.

University of Alberta, Faculty of Engineering

Phone: 780.492.1715 (Faculty of Engineering Prospective and Incoming Undergraduate)
E-mail: enginfo@ualberta.ca
Website: www.ualberta.ca/engineering

In cooperation with the Faculty of Engineering, University of Alberta, Medicine Hat College offers one year of engineering. After successful completion of year one, you can transfer into second year at the University of Alberta and complete a degree in four years, or in five years if completing a Cooperative program. All Engineering students follow a common curriculum in their first year.

The Faculty of Engineering at the University of Alberta offers undergraduate programs leading to BSc degrees in:
Chemical Engineering
Chemical Engineering - Biomedical
Chemical Engineering – Computer Process Control (CPC)
Chemical Engineering - Oil Sands Engineering
Civil Engineering
Civil Engineering – Environmental
Computer Engineering
Computer Engineering – Software
Computer Engineering - Nanoscale System Design
Electrical Engineering
Electrical Engineering – Biomedical
Electrical Engineering – Nanoengineering
Engineering Physics
Engineering Physics - Nanoengineering
Materials Engineering
Mechanical Engineering
Mechanical Engineering – Biomedical
Mining Engineering
Petroleum Engineering
Enrollment in all Engineering programs at the University of Alberta is limited. However, provided the students meet the minimum GPA and course requirements, engineering students at Medicine Hat College will be considered for admission to second year at the University of Alberta on an equal basis with those who complete first year engineering at the University of Alberta.

Qualifying for Transfer Agreement with University of Alberta
Students who previously received credit for courses within the engineering transfer program, or courses within the first year of the engineering program for University of Alberta, are not eligible for the transfer agreement. Credit is defined as a course with a final grade of C- or higher.

English as a Second Language for New Canadians

Academic Advising Office
Phone: 403.529.3819

Shalla Shaharyar, Administrator
Phone: 403.504.3622
E-Mail: sshaharyar@mhc.ab.ca

This program is offered at both Medicine Hat and Brooks Campus

Medicine Hat College offers a progressive, communication based English as a Second Language program for immigrant Canadians. It is intended to build on previous basic English language instruction and to prepare for further studies or for better understanding and communication in the workplace.

Our ESLC program focuses on:
• Reading Skills
• Writing Skills
• Oral Communication Skills
• Listening Skills

What does our ESLC program offer?
• Full-time or Part-time studies
• Access to computer labs and computer managed learning software
• Small class sizes
• Individual attention
• Classes start September, January, and May
• College environment
• Exploration of other academic upgrading and Medicine Hat College courses
• Dedicated, experienced and highly qualified instructors
• Individual assessment and placements at the appropriate levels

Admission Requirements
• Priority will be given to those applicants who complete all registration requirements early
• Meet with the ESL Administrator to complete an assessment to ensure placement in classes, before meeting with an Academic Advisor
Medicine Hat College offers students a progressive, communication based English as a Second Language program for international students (EAP-I). The EAP-I program has a proven history of providing the language training necessary to earn many university and college degrees and diplomas. Additionally, many of our short-term students have improved their English to a level high enough to enable them to function successfully in the global marketplace.

What does our EAP-I program offer?

• Several levels of instruction to meet your needs and abilities
• 3,13 week semesters per year
• 24 hours of classroom instruction per week
• Regular excursions and activities outside the classroom
• Small class sizes, maximum of 15 students per class
• Dedicated, experienced, and highly qualified instructors
• Personalized service and support
• Assistance with admissions and registration
• Opportunities to experience Canadian culture

Course Structure

Our English for Academic Purposes students will receive 24 hours of classroom instruction per week comprised of the following classes:

• Reading/Literature
• Writing/Essay
• Vocabulary
• Listening
• Conversation
• Grammar
• Film Studies

The EAP-I program is designed to develop students’ English language skills to meet Medicine Hat College English Language Proficiency admission requirements. Please see the Admissions English Language Proficiency section for details.

EAP-I Course Offerings

EAPI 079 Intermediate
EAPI 089 Low Advanced
EAPI 099 Advanced
EAPI 199 Bridging

Notes
Tuition fees and schedules are found on our website at www.mhc.ab.ca. Health insurance is compulsory and must be purchased through Medicine Hat College.
Environmental Reclamation Technician
Diploma

Academic Advising Office
Phone: 403.529.3819
Brent Smith, Coordinator
Phone: 403.529.3936
E-mail: bsmith@mhc.ab.ca

Consider a career where your passion for the environment and making the world a better place can be combined with excellent job and earning potential. Would you like the chance to work out of doors, travel and be able to apply your knowledge and skills to solve problems? Do you have above average communication, people and computer skills? Do you enjoy collecting information, meeting deadlines and have strong organization and planning skills? The environmental field is rapidly expanding and there is very strong demand for individuals with the required attitude, knowledge, skills and practical experience.

Environmental Reclamation is the returning of lands disturbed from oil and gas activities, logging, mining, infrastructure or industrial development back into either economically productive or natural habitats. Government regulations now require that only individuals with extensive training, knowledge and professional designation can certify reclamation of disturbed lands or decommissioning of wells and pipelines.

The MHC Environmental Reclamation Technician program is a two-year diploma designed with potential employers to include specific training essential for this career while focusing on the unique environmental conditions of southern Alberta and Saskatchewan. Graduates may find office or field orientated employment with private or government agencies involved with reclamation activities taking place. Safety protocols with most employers also requires drug screening. Because of the applied, experiential approach of many courses in this program students will be expected to participate in field trips and field-based activities.

Career Opportunities
A partial listing of some of the jobs found by graduates of the MHC Reclamation program include: environmental technician and technologist; junior soils and vegetation reclamation specialist; junior environmental consultant or assistant project manager; compliance inspector for government or industry, junior conservation or land manager; Assistant Ag Field person; drilling waste consultant; and Junior monitoring specialist for soils, air or water. Note that employment may require extensive travel; long days including evenings and weekends; work in remote locations; and working out of doors in all weather conditions. Employees must demonstrate a level of physical fitness due to uneven ground and irregular terrain where reclamation activities are taking place. Safety protocols with most employers also requires drug screening. Because of the applied, experiential approach of many courses in this program students will be expected to participate in field trips and field-based activities.

Admission Requirements

High School Route
High school diploma with:
- ELA 30-1 or ELA 30-2 (minimum 60%)
  A minimum of 55% in:
  - Biology 20
  - Chemistry 30 or Science 30
  - Math 30-1 or Math 30-2

Mature Student Route
- ELA 30-1 or ELA 30-2 (minimum 60%)  
  A minimum of 55% in:
  - Biology 20 
  - Chemistry 30 or Science 30 
  - Math 30-1 or Math 30-2

Conditional Admission Plan (CAP)
If you do not possess all of the admission requirements, the Conditional Admission Plan (CAP) may provide conditional acceptance to this program, provided space is available. CAP is individualized to meet your needs. See page 18 for further details.

Computer competency requirement
Many of the courses in this program require a level of familiarity and competency with Microsoft Office suite of computer software. You are advised to enrol in MICO 191 before beginning this program if your computer skills are limited.

Corequisite Certification and Safety Training
H2S, Standard First Aid Level A.
Additional Safety certification/training is highly recommended:
ATV Safety, Authorized Assistant Pesticide Applicator.

NOTE: Students must have current certification for each of these safety certificates prior to completion of the program. For students to participate in field trips/activities to active oil & gas leases they must have completed both H2S and PST certifications within the first six weeks of the program. Costs of certifications ranges from $50 to $350; you are responsible for these costs.

Professional Certification
Graduates of the Environmental Reclamation Technician program are eligible to apply to the Canadian Environmental Certification Board (CECAB) for designation as EPIT (Environmental Practitioner in Training). Graduates are also eligible to apply to the Alberta Institute of Agrologists (AIA) under the designation of Registered Technician Agrologists (RTAg). Students should note provincial legislation in Alberta and Saskatchewan requires that to work as a professional and be able to sign off reclamation certificates individuals must be registered either as RTAg, PAg, PBIOL, RPF or FIT, or PEng.

Field Trips

Course related field trips and fieldwork may take place on weekends or may require overnight travel. Participation in all activities related to field trips and fieldwork is mandatory.

Continuation Requirements

In order to be able to continue into the second year of the program, a cumulative grade point average of at least 2.0 is required at the end of year one.

Graduation Requirements

To complete this program:

- Successfully complete all the program courses as outlined along with corequisite safety and training certificates
- Attain a minimum cumulative GPA of 2.0
- Obtain no more than one D or D+ grade in the second year
- Successfully complete EREC 280

Transfer

Lakeland College
Graduates are eligible for admission into the third year of the Bachelor of Applied Science: Environmental Management (BAppSc) program. Students are required to complete additional bridging coursework for full admission into the third year; students should contact an Academic Advisor for further information.

University of Lethbridge
Graduates may apply to the post-diploma Bachelor of Science (Environmental Science) program. Students must present a cumulative diploma GPA of 2.75 (on a 4.0 scale); students should contact an Academic Advisor for further information.

University of Saskatchewan
Graduates may transfer into the Bachelor of Science in Agriculture with a major in Environmental Science or Soil Science, or the Bachelor of Science in Renewable Resource Management with a major in Resource Science and receive up to 57 credits. Students should contact an Academic Advisor for further information.

International Transfer Opportunities

Griffith University
Graduates are eligible to receive advanced standing toward the Bachelor of Environmental Science degree. Students should contact an Academic Advisor for further information.
Environmental Science (B.Sc.)
University Transfer

If you are interested in how the world works and what makes up the earth, a degree in environmental science might be the right path for you. Our program will prepare you to transfer to another institution after you complete a maximum of two years at Medicine Hat College.

Admission Requirements

Refer to Admissions Chart on page 21

The University Transfer program at Medicine Hat College provides students with a foundation to be successful in university degrees. The program is possible with the College’s participation in Campus Alberta. Admission to all university programs in Alberta is competitive and students are responsible for understanding admission and program requirements.

Course Selection

To facilitate the transfer of courses from Medicine Hat College, University Transfer students are encouraged consult with their Medicine Hat College Academic Advisor for appropriate program planning.

- Music

Bachelor of Fine Arts students at the University of Lethbridge are required to complete a major program in addition to the Liberal Education List Requirements. The Liberal Education List Requirements consists of four courses from each of the following lists: List I (Fine Arts & Humanities), list II (Social Sciences), and list III (Sciences).

Students interested in graduate studies (Masters Degree/PhD) also have the opportunity to complete an undergraduate thesis course in some majors. Please consult the University of Lethbridge Academic Calendar for program options and requirements.

University Transfer

Students are encouraged to consult the University of Lethbridge Academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor or a University of Lethbridge Academic Advisor can help students interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.

University of Lethbridge, Faculty of Fine Arts: Dual Admission

Phone: 403.330.1864 (Admissions & Portfolio Advisor)
E-mail: finearts.admissions@uleth.ca
Website: www.uleth.ca/finearts/

Degrees offered in the area of:

- New Media

Dual admission is a collaborative initiative between Medicine Hat College and the University of Lethbridge. Students are admitted to University Transfer Fine Arts at Medicine Hat College and Bachelor of Fine Arts New Media at the University of Lethbridge at the same time. Students enroll in classes at Medicine Hat College for the first two years of their degree program and complete the last two years of their degree program at the University of Lethbridge.

In this program students will benefit from a guaranteed spot in their degree program at the University of Lethbridge, early course registration and access to campus housing with the University of Lethbridge, as well as scholarship opportunities through both institutions.

Bachelor of Fine Arts students at the University of Lethbridge are required to complete a major program in addition to the General Liberal Education Requirement. The General Liberal Education Requirement (GLER) consists of four courses from each of the following lists: List I (Fine Arts & Humanities), list II (Social Sciences), and list III (Sciences).

University Transfer

Students are encouraged to consult the University of Lethbridge Academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor or a University of Lethbridge Academic Advisor can help students interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.
University of Regina, Faculty of Fine Arts

Phone: 306.585.5570 (Student Program Centre)  
E-mail: media.art.performance@uregina.ca  
Website: www.uregina.ca/mediaartperformance/

Degrees offered in the areas of:

- Art History  
- Creative Technologies  
- Cultures of Display  
- Film Studies  
- Film Production  
- Indigenous Art  
- Indigenous Art History  
- Music  
- Pop Culture  
- Theatre and Performance - Design/Stage Management  
- Theatre and Performance - General Studio  
- Visual Arts  
- Theatre and Performance - Acting

Students within the Faculty of Media, Art and Performance at the University of Regina are required to complete a concentration in addition to the General Arts Requirement.

Students interested in graduate studies (Masters Degree/ PhD) also have the opportunity to work towards an Honours program in some majors. Please consult the University of Regina Academic Calendar for program options and requirements.

University Transfer
Students are encouraged to consult the University of Regina Academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor or a University of Regina Academic Advisor can help students interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.

University of Saskatchewan, College of Arts and Science

Phone: 306.966.4231 (Academic Advising)  
E-mail: student-advice@artsandscience.usask.ca  
Website: www.arts.usask.ca/

Degrees offered in the areas of:

- Art History  
- Drama - Design  
- Drama - Acting  
- Music  
- Studio Art

Bachelor of Arts/Fine Arts students at the University of Saskatchewan are required to complete a single major or interdisciplinary program as well as distribution requirements.

University Transfer
Students are encouraged to consult the University of Saskatchewan Academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor or a University of Saskatchewan Academic Advisor can help students interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the University of Saskatchewan Transfer Database online to determine Medicine Hat College course equivalents.
Global and Intercultural Studies Certificate

The Global and Intercultural Studies certificate program recognizes the global and intercultural awareness, knowledge, and understanding acquired through targeted coursework and educational experiences at MHC. This embedded certificate is intended to be completed in conjunction with other coursework at MHC.

Global and intercultural studies includes:
- developing awareness of international and intercultural issues, and the ability to analyze these issues from different perspectives
- developing appreciation and respect for varying cultural perspectives and behavioral norms
- gaining experience in multicultural environments and the ability to adapt to unfamiliar environments
- improve one’s ability to communicate effectively across cultures

Admission Requirements

Students must be enrolled in a program of study at MHC. Students interested in completing the certificate should consult with their academic advisor and International Education Office.

Program and Graduation Requirements

1. Complete fifteen credits in coursework towards the certificate with a minimum GPA of 2.0 and no grade lower than C-, including:
   - One of:
     - GNED 230/GNED 1301 Citizenship without Borders
     - GNED 234/GNED 1304 Communities and Societies
   - Twelve credits from courses with a global or intercultural focus or language from course lists below, with a maximum of six credits from any one subject area.*

2. Complete intercultural development training and a documented intercultural or study abroad experience, facilitated by MHC International Education, to include:
   - Intercultural Development Inventory® assessment and individual debrief
   - Intercultural development training of three hours or more (offered by International Education)
   - Intercultural experience with reflection exercises and interviews
   - Study abroad experience of two weeks or more
   - Documented intercultural experience, facilitated by International Education of 25 hours or more

* A course cannot normally count towards both coursework and the study abroad or intercultural experience.

Courses with Global or Intercultural Studies Focus

Courses Open to Students across Programs
- ANTH 203 Introduction to Social and Cultural Anthropology
- ANTH 213 Contemporary Aboriginal Issues in Canada
- ENGL 353/ENGL 3353 North American Indigenous Literature
- GEOG 203 The Human Environment
- GEOG 321 Environmental Problems and Resource Management
- GNED 230/GNED 1301 Citizenship Without Borders
- GNED 234/GNED 1304 Communities and Societies
- HIST 205 The Americas
- INBU 330/INBU 3302 International Marketing
- MKTG 280 Global Business Environment
- RELI 205 International Business and Culture
- SOCI 357 The Nature of Religion
- Human Ecology

Language Courses
- FREN 200/FREN 1109 Beginner’s French I
- FREN 202/FREN 1111 Beginner’s French II

Courses Restricted by Program Enrolment
- CYCC 233 Legal and Cultural Issues Regarding Children and Youth
- EDUC 4351 Indigenous Perspectives in Education
- EDUC 4325 The Impact of Social Issues in Education and Schooling
- ELCC 213 Inclusive Care and Education
- SLWK 219 International Social Work
- SLWK 220 International Social Work Practicum
If you enjoy “hands-on” work and working with people, you will be interested in the Health Care Aide program. Medicine Hat College offers the Provincial Health Care Aide curriculum. This 8-month program offers students instruction in the classroom, laboratory, and clinical placements in Continuing Care, Assisted Living, and Community Agencies. The program is offered according to demand and is delivered in a full-time format.

Prior Learning Assessment
Individuals with related prior learning obtained during employment as a Health Care Aide may be eligible for Prior Learning Assessment and Recognition. Please refer to the Prior Learning Assessment and Recognition portion of the calendar for further information regarding this process. Please contact the Articulation and PLAR Coordinator at Medicine Hat College for further information.

Application Deadline
Applications are accepted for September (both campuses) and January start dates (Distributed Learning).

Distributed Learning (DL)
Our distributed learning program will be on-line, but in a synchronous format. Theory portions of the courses will occur on line and students should have access to a computer with a reliable internet for the courses. Lab portions of these courses will occur on weekends or times that are set ahead and only occur at the Brooks Campus or Main Campus of Medicine Hat College.

Career Opportunities
Upon graduation, students may find employment in home care and institutional settings where personal care is delivered. This career is very satisfying if you enjoy working with people. The work demands a high level of physical and emotional well-being.

Admission Requirements
Health Care Aide Program admission requirements are determined by the Government of Alberta and can be found in the admissions portion of the Calendar.

Pre-Professional Requirements
The following documentation must be submitted one month prior to the first day of classes:

- Standard First Aid Certificate
- CPR - Level C Certificate
- N95 Mask Fit Testing
- Health Form indicating that you are physically able to perform the duties of a Health Care Aide
- Police Information Check (including vulnerable sectors check). An adverse Police Information Check may delay or inhibit clinical and practicum placements
- Intervention Record Check
- Immunization records (deficiencies must be addressed or in the process of being addressed prior to clinical/practicum placement)

Program Requirements
The MHC program consists of nine courses in three clusters:

- **Cluster 1 (3 months)**
  - HCAP 140 Health Care Aide Role & Responsibility
  - HCAP 141 The Human Body, Health & Chronic Illness
  - HCAP 142 Communication & Documentation in the Health Care Environment
  - HCAP 143 Providing Person-Centered Care & Comfort

- **Cluster 2 (2 months)**
  - HCAP 144 Clinical Placement I
  - HCAP 145 Meeting Complex Care Needs
  - HCAP 146 Special Activities for Clients with Various Health Conditions

- **Cluster 3 (3 months)**
  - HCAP 147 Clinical Experience II (Instructor-Led)
  - HCAP 148 Consolidated Clinical Placement

Continuation/Graduation Requirements
To complete this program:
- Attain passing grades in all theory/lab/practicum assessments
- Meet attendance requirements as stated in the Health Care Aide program handbook
- Should you fail to achieve these outcomes you will be required to withdraw from the program

All HCA students must successfully complete all course work and pass the provincial comprehensive final exam in order to graduate from the program and receive a certificate. Students will be required to pass the comprehensive final exam in order to receive their program certificate.

Notes
Students are expected to observe program policies regarding punctuality, attendance, dress, response to supervision and feedback, and to provide safe, competent nursing care. If your performance is questionable in relation to the delivery of safe patient care and/or to the maintenance of the program standards you may be asked to leave the laboratory or clinical site at any time. Continued failure to uphold standards related to safe, professional performance will result in dismissal from the program. Students may be required to travel to neighboring communities for clinical and/or practicum placements. For international students: A coop work permit is required for practicum as well as your student visa, please contact our International Education Office for information (phone 403-504-3615 or www.mhc.ab.ca/InternationalStudents).
Heavy Equipment Technician Apprenticeship

Keon Clift, Coordinator  
Phone: 403.529.4852  
E-mail: kclift@mhc.ab.ca

Medicine Hat College offers eight apprenticeship programs leading to journeyman status and solid careers in the skilled trades. The following trade information is drawn from www.tradesecrets.alberta.ca. For more information about the apprenticeship program see page 76.

The term of apprenticeship for a heavy equipment technician is 4 years (4 12-month periods) including a minimum of 1500 hours of on-the-job training and 8 weeks of technical training each year.

Heavy Equipment Technicians maintain, repair, and overhaul heavy vehicles and industrial equipment.

Maintenance and repair of vehicles and equipment may include:

- internal combustion engines and components, both stationary and mobile
- tracked equipment, commonly called crawler tractors
- ground engaging equipment and components
- earth moving equipment
- rubber tired equipment, commonly called tractors
- on and off-highway motor vehicles, commonly called trucks
- towed on and off-highway vehicles, commonly called trailers

In general, heavy equipment technicians:

- interpret work orders and technical manuals
- keep equipment cleaned, lubricated and maintained
- diagnose faults or malfunctions
- adjust equipment and repair or replace defective parts, components or systems
- test repaired equipment for proper performance and ensure that the work done meets manufactures’ specifications and legislated regulations
- write service reports

Working Conditions

The working environment for heavy equipment technicians varies considerably from one job to another. Some heavy equipment technicians work in modern laboratories, while others work at construction or industrial sites. Travel requirements and hours of work also vary.

There is some risk of injury involved in working with heavy equipment and power tools. However, proper safety standards are maintained at all times.

Skills and Abilities

The work is most regarding for those who enjoy achieving expertise with precise work, problem solving, and working with their hands.

To be successful in the trade, heavy equipment technicians need:

- good vision, hearing, and sense of smell to diagnose problems
- the strength and stamina required to work with heavy equipment and work in cramped or awkward positions
- the ability to work alone or as part of a team
- mechanical ability and an interest in all types of machinery and engines, electronics, and precision equipment
- the ability to think logically and keep up with changes in technology

The above information was copied from the tradesecrets website. For complete information on Heavy Equipment Technician check out the website at www.tradesecrets.alberta.ca.

Alberta Apprenticeship & Training Regional Office  
3021 Dunmore Rd SE  
Medicine Hat AB T1B 2H2  
Phone: 403.525.3100  
www.tradesecrets.alberta.ca
Recognizing the large and growing demand for skilled computer professionals and the diversity of skills needed in the computer field, Medicine Hat College offers a two year Information Technology Diploma with the two majors:

Software and Internet Development (two years)
Technology Support (two years)
The program is designed to be flexible. Students will be asked to select a major when they apply to the program. However, the first semester of the program is common to all students and you may have the opportunity to change your major based on your aptitudes and career goals as well as availability of seats in the major. Movement between majors will require re-applying to the major of your choice by December 1.

Co-op Program Option
Co-op Education is an integrated approach to higher education that enables bright, highly motivated students to integrate their academic program with paid, relevant work experience in their chosen field. The special Co-op designation on your diploma testifies to your accomplishments and helps you gain solid work opportunities.

Industry Certification
The IT programs incorporate all or part of the curriculum requirements for a number of industry certifications including A+, i-Net+, Network+, and various Microsoft Certifications. The examinations for the respective certifications must still be written independently.

Career Opportunities
Information Technology - Software and Internet Development Major
Graduation with a two year Software and Internet Development diploma prepares students for employment in a variety of entry-level positions in programming and software development, web design and development, database development, and software sales and support.

Information Technology - Technology Support Major
Graduation with a two year Technology Support diploma prepares students for employment in the following areas: User support, network and hardware installation and support, network administration, and computer sales and support.

Information Technology Certificate
You are eligible to receive a certificate if you choose to exit the diploma program after one year. This route is appropriate for students that are looking for a strong background in computer fundamentals, are looking for retraining, or have graduated from other areas and wish to update their computer skills. Graduates with a one-year certificate could expect to find employment in retail sales or computer support or as a microcomputer operator in business, government, or industry.

Admission Requirements
High School Route
• 50% or higher in ELA 30-1 or 60% or higher in ELA 30-2
• 50% or higher in Math 30-1 or 65% in one of Math 20-1 or Math 30-2

Mature Student Route
Mature students may meet the entrance requirements as a result of having achieved placement in Math 30 and college-level English, as determined by the Medicine Hat College Academic Assessment Test.

Conditional Admission Plan (CAP)
If you do not possess all of the admission requirements, the Conditional Admission Plan (CAP) may provide conditional acceptance to this program, provided space is available. CAP is individualized to meet your needs. See page 18 for further details.

Prior Learning Assessment and Transfer Credit
Prior Learning Assessment may be granted for extensive work experience. This must be completed well in advance of the beginning of the program. (See the calendar section on Prior Learning Assessment for more details.) Transfer Credit for previous post-secondary training may be possible. Application for Transfer Credit must be made through the Office of the Registrar for the courses for which exemption is sought, preferably before the term in which such courses are offered.

Co-op Program Admission
Admission to the co-op program will occur at the end of the first semester and will be based on:
• academic standing
• evaluation of the two written communications assignments in ITEC 100
• work term availability
• approval of the IT faculty

Program Requirements
Software and Internet Development Major
First Year
Fall
ITEC 100 Professional Communications I
ITEC 110 A+ Computer Technology I
ITEC 120 Applied Mathematics
ITEC 140 Programming Fundamentals I
ITEC 150 Application Software

ITEC 240 Web Server Administration
ITEC 265 Applied Technical Support II
ITEC 285 Security
NETW 222 Advanced Microsoft Server Technologies

NOTE: Students enrolled in the Co-op Program must complete ITEC 205 and ITEC 291. Typically, ITEC 205 will be taken in the Winter semester of the first year and ITEC 291 will be completed over the spring and summer months between first and second year.

Notes
1. Students that have a strong high school Math background, an approved university transfer Math course such as MATH 203, STAT 213 may be taken in place of ITEC 120. Advanced permission is required.
2. Students in the Software and Internet Development major, university transfer courses CPSC 231 and/or CPSC 233 may be taken in place of one or two courses (on a one for one basis) designated by the program. Advanced permission is required.

Graduation Requirements
To successfully complete the ITEC Diploma in either major students must:

- Complete a minimum of 10, 100-level or higher approved courses
- Obtain no D (D or D+) grade in 100-level or higher courses.
- Attain a minimum GPA of 2.0

To successfully complete the ITEC Diploma Co-op in either major students must:

- Complete a minimum of ten 100-level approved courses
- Obtain no more than one D (D or D+) grade in 100-level courses
- Complete a minimum of twelve, 200-level or higher approved courses
- Obtain no D (D or +) grade in 200-level or higher courses
- Attain a minimum GPA of 2.0

To successfully complete the IT Certificate students must:

-Complete a minimum of 10 approved courses
-Obtain no more than one D (D or +) grade
-Attain a minimum GPA of 2.0

Transfer
Graduation from the diploma program provides eligibility to:

Athabasca University
Graduates of the Information Technology Diploma (both majors) are eligible to receive block transfer of 30 credits toward the post-diploma Bachelor of Science in Computing and Information Systems (BSc (PD)) program. Students may receive up to 30 additional credits on a course-by-course basis, provided courses in the diploma fulfill requirements of AU’s BSc (PD) programs. Students should contact an Academic Advisor for further information.

University of Lethbridge
Graduates of the Information Technology Diploma (Software and Internet Development major) are eligible to receive 60 credits toward the post-diploma Bachelor of Science-Computer Science. This transfer option is open to graduates who have achieved a cumulative diploma GPA of 2.50 or higher (on a 4.0 scale). Students should contact an Academic Advisor for further information.

NAIT
Graduates of the Information Technology Diploma Software and Internet Development major with a cumulative 2.3 GPA are eligible to enter into the Bachelor of Information Systems Technology Information Systems major. Students should contact an Academic Advisor for further information.

Graduates of the Information Technology Diploma Technology Support major with a cumulative 2.3 GPA are eligible to enter into the Bachelor of Information Systems Program Network Management major. Students should contact an Academic Advisor for further information.

International Transfer Opportunities

Griffith University, Australia
Graduates of the Information Technology Diploma (both majors) are eligible to receive advanced standing toward the Bachelor of Information Technology degree program. Students should contact an Academic Advisor for further information.
If you are interested in learning about how to capture and produce news and stories in all forms of media then a degree in journalism might be the right path for you. Our program is designed to prepare you to transfer to the University of Regina after you have completed a maximum of 20 pre-journalism courses at Medicine Hat College.

Career Opportunities

- Documentary maker
- Producer
- Editor
- Reporter (Newspaper, magazine or broadcast)

Admission Requirements

Refer to Admissions Chart on page 20

University of Regina, Faculty of Arts

Phone: 306.585.4420 (School of Journalism)
E-mail: journalism@uregina.ca
Website: www.uregina.ca/arts/journalism

Degrees offered in areas including:
- Bachelor of Arts in Journalism

The University of Regina, Faculty of Arts admits students into the third year of a four-year Bachelor of Arts in Journalism degree.

Pre-journalism Requirements

Completion of 60 credit hours of specified pre-journalism courses, with a minimum program grade point average (PGPA) of 70%. For a listing of required classes, please consult the University of Regina Official Undergraduate Calendar available here: https://www.uregina.ca/student/registrar/resources-for-students/academic-calendars-and-schedule/undergraduate-calendar/index

Additional requirements for admission:
- Completed application form
- Cover Letter
- Resume
- Supporting Documents (articles that have been written for publication, unpublished writing samples or relevant supporting material)

University Transfer

Students are encouraged to consult the University of Regina Academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor or a University of Regina Academic Advisor can help students interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.
Kinesiology (B.A., B. Kin., B.P.E., B.Sc.)
University Transfer

Kinesiology is the study of human movement. Its goal is to use evidence-based research to improve human health, wellness, and performance. With a degree in kinesiology, you may become employed in areas related to coaching; recreation; general and workplace health and fitness; sports performance; research; illness and injury prevention; and rehabilitation. A degree in kinesiology can also help you to meet the admission requirements for a graduate program or another professional degree such as physical therapy or medicine.

Our program will prepare you to transfer to another institution after you complete a maximum of two years at Medicine Hat College.

Career Opportunities

- Elementary/Secondary Schools
- Colleges/Universities
- Community Centres/Sports and Fitness Centres
- Municipal Recreation Departments
- Comprehensive Health Care Facilities
- Hospitals/Primary Health Care Settings

Admission Requirements

Refer to Admissions Chart on page 20

The University Transfer program at Medicine Hat College provides students with a foundation to be successful in university degrees. The program is possible with the College’s participation in Campus Alberta. Admission to all university programs in Alberta is competitive and students are responsible for understanding admission and program requirements.

Program requirements change yearly and vary by institution. Students pursuing an undergraduate degree as a learning pathway to a professional program should consult with a Medicine Hat College Academic Advisor and a representative from the institution they wish to attend. University Transfer students need to ensure they meet both the minimum requirements and competitive requirements for admission.

Course Selection

To facilitate the transfer of courses from Medicine Hat College, University Transfer students are encouraged to choose a university and program of study they wish to pursue. With this information students can consult with their Medicine Hat College Academic Advisor for appropriate program planning.

University of Alberta, Faculty of Physical Education and Recreation

Phone: 780.492.5604 (Faculty of Kinesiology, Sport, and Recreation Student Services Office)

E-mail: jwentzel@mhc.ab.ca

Introduction
The University of Calgary (UofC) Bachelor of Nursing program at the Medicine Hat College site is an 8 semester program offered entirely on the Medicine Hat College (MHC) campus. This innovative Bachelor of Nursing degree program and integrated curriculum prepares students for the opportunities and challenges of a nursing career in a changing health care system. Throughout the program, students are provided with an extensive theoretical foundation and supervised practice experience in a variety of nursing settings. One BN entrance route is available: a full time four-year route with an annual September intake. Undergraduates of the UofC nursing program strive for excellence in meeting entry-level competencies as outlined by the College and Association of Registered Nurses of Alberta (CARNA) (2013) in five domains: professional responsibility/accountability; knowledge-based practice; ethical practice; service to the public; and self-regulation. They demonstrate professional and ethical decision-making behaviours as outlined by the Canadian Nurses Association Code of Ethics for Registered Nurses (2017). Students in the nursing program participate in the generation of disciplinary knowledge and are prepared to interpret, integrate and apply relevant knowledge from other fields to their practice on a continuum of active learning. Graduates are prepared to provide a strong voice in inter-professional, collaborative undertakings; use evidence-informed approaches and diverse ways of knowing to provide compassionate care. Graduates take on leadership roles to promote health for individuals, families, public groups, communities and/or populations who are experiencing health transitions and, as such, work in a variety of practice settings across health/illness trajectories. The University of Calgary (UofC) Bachelor of Nursing program at the Medicine Hat College site is an approved program by CARRA Nursing Program Approval Education Board.

Career Opportunities
Employment opportunities for registered nurses are many and varied. Nursing positions are found in acute care (hospital) settings, extended care, home care, community, and rural settings. Nurses are also employed in occupational health nursing, and various government services such as outposts nursing, penitentiaries, international nursing or with the Canadian Armed Forces. Additionally, baccalaureate prepared nurses can also pursue graduate studies so they can have more advanced roles in practice and in nursing research.

Professional Conduct
The study of nursing practice places students in a position of special trust with Registered Nurses, other health care professionals, and their patients or clients. The Faculty of Nursing recognizes that nursing education occurs both inside and outside the classroom and has the responsibility to ensure that its graduates are competent and ethical. Students are expected to comply with all University of Calgary policies and regulations. Although nursing students in program are not regulated members of the College and Association of Registered Nurses of Alberta (CARRA), as part of their formation as professional nurses, they are also expected to meet professional and ethical standards for Registered Nurses as outlined by:

Students are expected to ensure they are both familiar with, and comply with these standards.

Resources
The Faculty is located in the E-Wing of Medicine Hat College main campus. The nursing program has simulated learning throughout the program, which is designed as an interactive environment to enhance excellence in nursing. Nursing is a practice-based profession. Nursing practice begins in Term 3. Nursing practice courses take place in a variety of institutional and community settings including rural and urban centres, with a variety of client populations. Students are expected to travel, at their own expense, to any nursing practice agency within commuting distance to Medicine Hat. Examples of facilities and agencies utilized by the Faculty of Nursing include: Medicine Hat Hospital, Bow Island Hospital, Brooks Hospital, and various community agencies such as but not limited to Medicine Hat Home Care, Medicine Hat Public Health Unit, and long term care facilities within Medicine Hat. Term 7 has out-of-region placements for the rural foci and international placements are available and arranged on an individual basis in Term 8.

Program Structure
Semesters 1 & 2: Combination of required, option courses or program prerequisites needed to proceed to year two.
Semesters 3, 4, 5, and 6 have identical course designs and consist of four courses per semester: The Profession & Discipline, The Science of Health, Supporting Health, and Nursing Practice.

Each Term has the following focus:

- Semester 3: Community and Population Health
- Semester 4: Transitions Across the Lifespan
- Semester 5: Acute Health Challenges
- Semester 6: Chronic Health Challenges
- Semester 7: Complex Health Challenges in Focused Populations
- Semester 8: Preceptored Practicum

University of Calgary at Medicine Hat College
Admission Requirement
Students apply to Medicine Hat College and are a Medicine Hat College student for the first and second years. Upon successful completion of the first two years of the program, students apply to the University of Calgary as a third year student and are guaranteed acceptance if they have met all the UofC entrance requirements (minimum 2.0 GPA on last 30 units or 5 full-course equivalents). Students take years three and four as a University of Calgary student at Medicine Hat College campus.

MHC CALENDAR 2020/2021  135
Enrolment in the BN program is limited. Applicants will be accepted on the basis of academic standing in high school and/or previous post-secondary education completed. Applications will be accepted until all seats are filled.

Program documentation is due June 30.

International Student Admission

International applicants should be aware of the following "English Language Proficiency" requirements. For entry to the Bachelor of Nursing program, they must present a minimum score of 237 on the computer-based Test of English as a Foreign Language (TOEFL) and a score of 50 on the Test of Spoken English; or a minimum score of 580 on the paper-based TOEFL examination and a score of 50 on the TSE.

Pre-Program Requirements

Immunization Requirements

All BN students are required to complete a series of immunizations and diagnostic tests as outlined on the Student Immunization Form. Documented proof of completion must be provided to the Faculty of Nursing prior to commencement of the program. Throughout the BN program, students are required to ensure that immunizations are current and must provide proof of updates to the Faculty of Nursing. Failure to do so may result in students being removed from practice courses until adequate proof has been provided. Please note requirements may change during the program as determined by Alberta Health Services.

N-95 Fit Testing

All BN student must be fit tested for a N-95 mask prior to commencement of Term 1 (high school students) or Term 3 (UT transfer students). Documented proof of a fit test must be provided to the Faculty of Nursing prior to commencement of the program. Failure to do so may result in students being removed from practice courses until adequate proof has been provided. Fit testing is valid for two years; therefore, students must present proof of a second fit testing at the time of expiration.

Police Information Check

All applicants to the Nursing program are required to provide a current Police Information Check (PIC), which includes a Criminal Record Check and Vulnerable Sector Search. In order to be considered ‘current’, the PIC must be completed during the three months prior to admission (i.e. June 1 – August 31 for Fall admission). Without this documentation, admission to the Faculty will be rescinded.

Students who are concerned about the presence of a criminal record should contact the police department to discuss the process for eliminating or erasing such a record. Students need to keep the original PIC for future employment purposes. Failure to present a clear Police Information Check may result in admission being denied/rescinded.

Subsequent to admission and at any time during the program, a student may be required to produce a current PIC, the results of which could require their withdrawal from the program. Students are required to inform the Faculty immediately of any change in status of their criminal record.

Cardio Pulmonary Resuscitation Certification

All BN students will be required to submit proof of current CPR Certification (valid for a 12 month period from date of course completion) which includes a Health Care Provider component prior to the commencement of clinical practice courses to the Faculty of Nursing annually and to the practice instructor on the first day of nursing practice each in terms 3-8.

Students will be responsible for obtaining course training and certification. Without this documentation, may result in students being removed from practice courses until adequate proof has been provided.

Skills and Abilities for Becoming a Registered Nurse in Alberta

Nursing students require certain basic skills and abilities to progress through a nursing education program and for initial entry to practice as a Registered Nurse in Alberta. Students are encouraged to review the document “Requisite Skills and Abilities for Becoming a Registered Nurse in Alberta (May 2011)” to identify their fit with the requirements of becoming a registered nurse and/or identify their potential need for accommodation in becoming a member of the nursing profession. Examples following each requisite skill and ability are included in the document to provide the nature and kind of activities involved in typical entry-level registered nurse practice. Accommodation is the process of making alterations (to the point of undue hardship) to the delivery of services so that those services become accessible to more people, including those with disabilities (Alberta Human Rights Commission).

Program Requirements

The education provided is based on the entry-to-practice competencies as specified by the Nursing Educational Approval Board in Alberta. Students must meet these competencies to successfully complete the nursing program.

Nursing
University of Calgary Bachelor of Nursing at Medicine Hat College

NURS 289  Integrating Nursing Roles and Practices I: Learning, Praxis and Scholarship in the Practicum Setting

Semester 4 -  Issues and Experiences of Family Health Transitions and Challenges
NURS 385  The Discipline and Profession of Nursing II: Inter-Professional Practice and Professional Accountability
NURS 387  The Science of Health II: Families in Transition
NURS 388  Supporting Health II: Families in Transition
NURS 389  Integrating Nursing Roles and Practices II: Learning, Praxis and Scholarship in the Practicum Setting

Third Year  (Register with U of C)
Nursing (NURS) courses listed below (Years 3 and 4) are University of Calgary courses. Refer to the University of Calgary Calendar for course descriptions: www.ucalgary.ca/pubs/calendar/current/nursing.

Semester 5 -  Issues and Experiences of Life Threatening Health Challenges
NURS 485  The Discipline and Profession of Nursing III: Further Inquiry and Scholarship in Nursing
NURS 487  The Science of Health III: People Experience Life Threatening Health Challenges
NURS 488  Supporting Health III: People With Life Threatening Health Challenges
NURS 489  Integrating Nursing Roles and Practices III: Learning, Praxis and Scholarship in the Practicum Setting

Semester 6 -  Issues and Experiences of Chronic Health Challenges
NURS 495  The Discipline and Profession of Nursing IV: Understanding the Challenges of Leadership and Systems of Care
NURS 497  The Science of Health IV: People Experiencing Chronic Health Challenges
NURS 498  Supporting Health IV: People With Chronic Health Challenges
NURS 499  Integrating Nursing Roles and Practices IV: Learning, Praxis and Scholarship in the Practicum Setting

Fourth Year  (Register with U of C)
Semester 7 -  Focused Exploration of Complex Health Challenges
NURS 585  The Discipline and Profession of Nursing V: Challenges of Leadership and Systems of Care: Nursing and Health Care Systems, Policy, Ethics and Politics
NURS 589  Integrating Nursing Roles and Practices V: Learning, Praxis and Scholarship in the Practicum Setting

Senior Nursing Option I
Senior Nursing Option II

Semester 8 -  Transition to Practice: Senior Clinical Practicum
NURS 599  Integrating Nursing Roles and Practices VI: Transition to Nursing Practice

Continuation Requirements

Students must demonstrate successful completion and satisfactory standing of all courses in Semesters 1 and 2 before advancing to subsequent semesters.

Satisfactory Standing
To maintain satisfactory standing students must meet all of the following conditions:

- All non-nursing courses (Semester 1 and Semester 2) require a minimum grade of C-.
- Students must attain a minimum grade of C+ in all nursing theory courses. Students who do not achieve a minimum grade of C+ in a nursing theory course will be required to repeat it, along with all co-requisite nursing theory and practice courses and must meet with the Department Chair or designate to determine a progression plan.
- Obtain a grade of CREDIT (CR) in the nursing practice courses to be successful/pass. If students do not receive a passing grade, students will receive one of the following grades: NO CREDIT (NC), WITHDRAWAL (W), or a FAIL (F) for that course. A NC, W, or a F must be cleared (i.e. must successfully repeat the course) to advance to the next clinical course and/or term. Students are permitted to repeat any required course only once while in the nursing program.
- Students who receive a grade of “F” in a nursing practice course will be required to repeat it and the corequisite nursing theory courses in that same term. Students will be required to withdraw from the corequisite theory courses at the time of failure of the nursing practice course and meet with the Department Chair or designate to determine a progression plan.
- Maintain a GPA of 2.0 as a MHC student in each semester in years 1 and 2 and an annual GPA of 2.0. If a student’s GPA is below 1.7, a letter of academic probation from the College is below 1.7, a letter of academic probation from the College will be given in addition to a letter of warning from the nursing program. A student may only be on academic probation once during the nursing program [while as a MHC student or as a University of Calgary student].
- All nursing practice experiences are mandatory. Students that miss two or more labs/practice days may be at risk of not successfully completing the course. Students may be asked to withdraw from the course and complete the course requirements at a later date or they may be granted a deferral of term work pending availability of resources. Students will be required to meet with the Department Chair or designate to determine a progression plan.
- Promotion from year to year is by recommendation of the Faculty of Nursing. Terms 1 and 2 are taken in Year 1; Terms 3 and 4 are taken in Year 2; Terms 5 and 6 are taken in Year 3 and Terms 7 and 8 in Year 4.
- Students must maintain an annual GPA of 2.5 as a U of C student.
Students that do not meet one or any of the satisfactory standing requirements [as mentioned above] will be given an academic warning within the Nursing Program. If students do not meet the requirements a second time, students will be required to withdraw (RTW) from the nursing program and not be able to reapply to the Nursing Program. (An “academic warning” within the nursing program is different than being put on “academic probation” by the College or by the University. Consult the Medicine Hat College calendar and the University of Calgary calendar for circumstances indicating academic probation).

Students required to withdraw from the nursing program are not necessarily required to withdraw from the college and could possibly continue in other college programs.

Students that are dismissed from the nursing program once, can return to the nursing program but must wait until the next offering of the term from which the student was dismissed. Students must complete the nursing program in their second admission within seven years of initial registration in the program. Students can re-apply to the program only once.

While the College and Program will endeavour to inform students of their academic status in a timely manner, students are responsible for monitoring their own academic program and informing the Department Chair if they have been unsuccessful in a course.

Program Policies Related to Practice Experiences
Students’ clinical experiences may be at sites outside of Medicine Hat and may be scheduled at various hours, including evenings, nights, statutory holidays, and weekends.

Students are expected to make accommodation for commitments outside the program to fit this scheduling. Participation in all activities related to clinical is mandatory. Failure to fully participate in clinical experiences may jeopardize their standing in the program. Should student performance compromise patient safety and/or fall below acceptable professional standards of the program, the student will be asked to leave the clinical site and will receive Fail (F) for that course immediately.

Other Relevant Information
- Information related to the students academic conduct and clinical performance at MHC may be shared with the Faculty of Nursing at the University of Calgary.
- Students may be required to produce a medical clearance to continue after an injury, illness, or surgery.
- Students are only allowed to be on academic probation one time during the Nursing Program in years 1, 2, 3, & 4
- Students will need to purchase the following items throughout the program: uniforms, lab jacket, duty shoes, lab supplies (nursing and non-nursing courses), a watch with a sweep hand, a stethoscope, textbooks and related supplies as outlined in course outlines, and any updates for required program certifications.
- Access to a personal vehicle is required for experiences in the community and possibly for other clinical experiences.
- The Nursing Program at MHC follows the University of Calgary faculty of nursing program policies and protocols.

Duration of Program
Except with special permission of the Associate Dean (Undergraduate Programs) at the University of Calgary, the BN degree must be completed within seven calendar years from the date of initial registration in the program.

• All students in years 3 and 4 of the MHC nursing program follow the University of Calgary Faculty of Nursing program policies and protocols.
The Occupational Therapist Assistant/Physical Therapist Assistant (OTA/PTA) career is aimed at improving patient/clients’ health, movement, and quality of life. OTA/PTA’s work under the direction and supervision of Occupational Therapists (OT) to help clients successfully perform daily activities related to self-care, leisure, and work, school or play. They also work under the direction and supervision of Physiotherapists (PT) to help provide treatment to help patients recover from illness or injury to improve patient mobility, relieve pain, and prevent and/or lessen physical limitations.

A successful OTA/PTA is a compassionate and creative individual who enjoys working with people and being part of the health care and rehabilitation team. Working with clients of all ages ranging from infants to seniors with a variety of health conditions, students learn how to use a variety of interventions to help clients. The activities may include games or crafts; group activities; exercise for strength, flexibility, balance and coordination; use of assistive devices, and various electrotherapy and physical modalities. An OTA/PTA may work with clients who have conditions such as back pain, arthritis, heart disease, stroke, cerebral palsy, autism, mental health disorders or dementia among others. An OTA/PTA’s responsibilities also include monitoring and recording client progress, and reporting the information back to the OT or PT.

The OTA/PTA program has limited enrollment for both onsite and distance delivery. The OS program has one start date (September); the DL program has two start dates (September and January).

This program is flexible in that the majority of the first 10 courses are common to both the OTA/PTA and Speech Language Pathologist Assistant (SLPA) diplomas. This unique approach provides students with an excellent core upon which to build more specific skills depending on their interests. Along with extensive classroom training, students participate in experiential learning and practicum training with potential employers in hospitals, private clinics, home care settings, schools, and community programs.

The diploma is offered both OS at Medicine Hat College or via Distance Learning (DL). OS is a two-year (five semester) diploma program, whereas DL is completed over a longer period of three to five years. Students may wish to continue on and complete the SLPA diploma after completion of the OTA/PTA diploma. This diploma also transfers to degree programs.

**Program Accreditation**

The Occupational/Physical Therapy Assistant program at Medicine Hat College has been accredited by the Occupational Therapist Assistant and Physiotherapist Assistant Education Accreditation Program (OTA & PTA EAP) in collaboration with Physiotherapy Assistant and Physiotherapist Assistant Education Accreditation Hat College has been accredited by the Occupational Therapist Assistant and Physiotherapist Assistant Education Accreditation Program, Suite 26, 509 Commissioners Road W, London, Ontario N6J 1Y5. Phone: 226.636.0632 Website: www.otapta.ca

**Distributed Learning (DL)**

- Students enrolled in DL must develop a program plan of study with the Academic Advisor prior to taking any courses.
- Students enrolled in DL are expected to participate in experiential learning opportunities that are group or individually based. Students must travel to Medicine Hat College or pre-arranged sites for one weekend lab in each of OPTA 212, OCTA 215, OCTA 216, PHTA 215, and PHTA 216. For further information, please contact the program coordinator (DL cohort).
- Students normally complete all courses as per the sequence in the program. Courses completed out of sequence will require submission of Prerequisite Waiver forms and approval from the program coordinator.
- Tuition and other fees are charged on a course by course basis; textbooks and supplies are additional.
- Courses offered by DL may have additional start dates (e.g. September, November, January and March)

**Prior Learning and Recognition (PLAR)**

Individuals with related prior learning obtained during employment in the Occupational Therapy/Physical Therapy field prior to entering the Occupational Therapy Assistant/Physical Therapy Assistant Diploma may be eligible for Prior Learning Assessment and Recognition. Please refer to the Prior Learning Assessment and Recognition portion of the catalog for further information regarding this process. Please contact the Articulation and PLAR Coordinator at Medicine Hat College for further information.

**OTA or PTA Graduates**

Individuals who have obtained an OTA or PTA certificate or diploma from Medicine Hat College or another Canadian public college may apply to complete the OTA/PTA program at Medicine Hat College. Specific information about this opportunity include the following:

- Applicants will be assessed as transfer students for entrance requirements.
- Once accepted, educational transcripts are evaluated for transfer credit and/or substitution credit into the MHC OTA/PTA program.
- Students currently working as an OTA or PTA may be eligible for PLAR for some courses.
- Students will be required to take all courses in the MHC OTA/PTA program where transfer or substitution credit has not been granted.
- Students will be required to take all the discipline specific courses, including fieldwork, in the focus area that the original certificate/diploma was not received (i.e. if it is a PTA diploma, all OTA courses must be completed and vice versa.) requirements.
- Students may be required to take an additional course (TAPC 209) to bridge between the original certificate/diploma and the MHC program.
Occupational Therapist Assistant/Physical Therapist Assistant Diploma

• In order to receive the MHC OTA/PTA diploma, students meet the residency requirements of Medicine Hat College.

This opportunity is available to a limited number of students per intake and is primarily delivered through DL. Please contact the program coordinator of the DL cohort for further information.

Part-Time Program
Students wishing to take an extended or part-time program must receive approval from the program coordinator(s).

Career Opportunities
Graduates from this program have very high employment rates. They find employment in both rural and urban locations in most provinces across Canada similar to those experienced in practicum training such as:
• Health regions
• Schools and School Boards
• Private Agencies
• Long term care facilities

Admission Requirements

High School Route
High school diploma with a minimum mark of 60% in each of:
• ELA 30-1
• Biology 30
• Two 30-level subjects, one of which must be a 30-level Science, Math 30-1 or Math 30-2

Mature Student Route
A minimum mark of 60% in:
• ELA 30-1
• Biology 30

Transfer Student Route
A minimum mark of 60% or a minimum C grade in:
• ELA 30-1 or a post-secondary level equivalent
• Biology 30, a post-secondary level equivalent or a university level lab science course

English Language Proficiency
Students also need to meet English Language Proficiency at a higher level than the general college. For the International English Language Proficiency System (IELTS) students must have an overall band score of 7.0 with no band score less than 7.0.

Pre-Program Requirements
Once successful in gaining admission and have received the program orientation package, students must:
• Complete a standardized health form, program of immunization (and chest x-ray as required)
• Provide a current resume if requested
• Provide proof of current CPR/AED Certification from one of the following:
  o Heart & Stroke Foundation: Basic Life Support (BLS)
  o Canadian Red Cross: Level Health Care Provider (HCP)
  o St. John Ambulance: Health Care Providers (HCP)
• Provide proof of current Standard First Aid Certification
• Provide a current Police Information Check with Vulnerable Sector Check. (Students are obligated to inform the Program Coordinator immediately of any change in the status of their criminal record)
• Provide proof of current N-95 Mask Fit test

Program Requirements

First Year
Fall OS or Group 1 DL
IDST 100 Introductory Communications for Helping Professionals
ENGL 1XX or ENGL 2XX (ENGL 252 recommended)*
KNES 261 Human Anatomy
PSYC 205** Principles of Psychology
TAPC 110+ Introduction to Health Care and Rehabilitation

Winter OS or Group 2 DL
KNES 265 Functional Anatomy
Junior SOCI** (SOCI 203 recommended)
TAPC 111 Rehabilitation Process
TAPC 112 Health Disorders & Conditions in Rehabilitation
TAPC 113 Growth and Development for Rehabilitation Service Providers

Spring OS or Group 3 DL
OPTA 212 Principles and Techniques of Client Contact

Second Year
Fall OS or Group 4 DL
OCTA 215 OTA Therapeutic Processes I
OCTA 216 OTA Therapeutic Processes II
PHTA 215 PTA Therapeutic Processes I
PHTA 216 PTA Therapeutic Processes II
TAPC 210 Professional Integration for the Therapist Assistant

Winter OS or Group 5 DL
OCTA 217+ OTA Therapeutic Processes III
OPTA 217+ OTA/PTA Therapeutic Processes IV
OPTA 218 Career Preparation for the OTA/PTA
PHTA 217+ PTA Therapeutic Processes III

Note:
* ENGL 125 is offered by DL at MHC. Other English courses are not offered by DL at MHC but are available in a DL format through other post-secondary institutions. Contact Academic Advising for more information.
** These courses are not offered by DL at MHC. They are available in a DL format through other post-secondary institutions. Contact the Academic Advisor for more information.
+ These courses are fieldwork courses.

Fieldwork

Fieldwork Requirements
• All program requirements must be completed appropriately and satisfactorily prior to commencing fieldwork.
• Students who have not successfully met their course and program requirements will not be permitted into the fieldwork courses.
### Occupational Therapist Assistant/Physical Therapist Assistant Diploma

- Fieldwork arrangements are made by Medicine Hat College with consideration of student preferences; however, students may be required to complete fieldwork at sites other than those requested by students. Once arrangements are confirmed, they are usually not modified.
- Students should expect to complete at least one fieldwork course/placement outside of Medicine Hat.
- DL students may also be required to travel outside of their home area in order to complete their fieldwork requirements.
- Students may anticipate additional costs associated with these placements, e.g., travel, accommodations, etc.
- At this time, fieldwork placements occur only in Canada.
- Fieldwork placements are usually full-time placements unless otherwise approved by the coordinator and fieldwork sites.

### Continuation Specific to Fieldwork
- Immunizations required must be up to date prior to program start date, shadowing and fieldwork placement(s).
- Participation in all activities related to fieldwork is mandatory.
- Immunizations must be maintained throughout the program. Additional immunizations may be required for fieldwork.
- Students must successfully complete lab examinations in OCTA 215, OCTA 216, OPTA 212, PHTA 215, and PHTA 216 prior to entering fieldwork.
- All fieldwork experience must meet attendance and participation requirements as specified.
- Should a student receive an unsatisfactory evaluation on a fieldwork placement, they will be required to discuss this situation with Medicine Hat College faculty. This evaluation may result in having to repeat the placement.
- Students that receive an unsatisfactory evaluation in more than one placement, will be required to withdraw from the program.
- Students may be required to obtain a recent police information check and/or similar checks, at their expense, prior to entry into some fieldwork sites.
- Should the students performance and/or health be questionable in relation to the delivery of safe client care and/or the maintenance of the professional standards of the program, they may be asked to leave the fieldwork site and may not receive credit in the fieldwork course.

### Continuation Requirements
- Students must adhere to the professional commitment as outlined in the Therapist Assistant Programs Student Handbook.
- Failure to do so may result in dismissal from the program.
- Students must complete the program within five years of registration in TAPC 110.
- All OCTA, OPTA, PHTA, TAPC, KNES, and IDST 100 courses must be completed with minimal final grades of C.
- Students must earn a final grade of at least C- in all other courses.
- In order to continue in the program, a current and cumulative grade point average of at least 2.0 is required at the end of each semester.
- Attendance in all courses is considered essential.
- Students will usually be permitted to repeat a particular OTA/PTA course (OCTA, OPTA, PHTA, TAPC) only once.

- Students are normally expected to complete courses in the sequence outlined in the calendar. Courses taken in a sequence other than what is outlined (including deferring courses into other terms) may compromise your standing in the program as lab. This also facilitates proper planning for labs and fieldwork.

### Graduation Requirements
Students must successfully complete 20 specific courses and meet attendance, fieldwork and grade requirements as set out in the program policies.

### Transfer
Individual courses transfer to other post-secondary institutions as outlined in the Alberta Transfer Guide.

#### Athabasca University
Graduates are eligible to receive up to 60 credits into the Bachelor of Professional Arts (Human Services major). Students should consult with an AU Academic Advisor for further information.

#### Thompson Rivers University
Graduates are eligible to receive advanced credit toward the Bachelor of Health Science or the Bachelor of General Studies. Students should contact an Academic Advisor at TRU for further information.

#### University of Calgary
Graduates are eligible to apply to the two-year post-diploma Bachelor of Community Rehabilitation (BCR) program. Students should be sure to consult Transfer Alberta when choosing option/elective courses when considering transfer to the U of C, access to higher level courses may be restricted if proper planning is not employed. Students should contact an Academic Advisor for further information.

#### Humber College Institute of Technology and Advanced Learning
Graduates with an overall GPA of 65% may be eligible to receive advanced standing into the second year of the Bachelor of Health Sciences, Workplace Health and Wellness. Applicants must possess the equivalent to Grade 12 English (ENG4U) with a minimum 65% and the equivalent to Grade 12 Biology (SB/4U). Students should contact an Academic Advisor for further information.

#### International Transfer
The University of Northampton, United Kingdom
Graduates are eligible to apply to the Bachelor of Science (Hons)-Occupational Therapy. Students should contact an Academic Advisor for further information.

---

**MHC CALENDAR 2020/2021** 141
The Bachelor of Applied Health Science (Paramedic) Degree has been created to meet the emerging needs of patients, practitioners and employers. The Bachelor of Applied Health Science (Paramedic) Degree is a national accredited program for Advanced Care Paramedic. The program prepares practitioners in accordance with the Paramedic Association of Canada’s National Occupational Competency Profile and the Alberta Occupational Competency Profile for Paramedics and equips the student to write the Alberta College of Paramedic registration examinations. The Medicine Hat College curriculum extends beyond the learning of discipline specific skills to encompass broader learning goals that will prepare the graduate to excel in the present as well as the future health care environment. Transferability of some courses, which are taught from a multidisciplinary perspective, enhances the educational opportunities for graduates.

Paramedics think critically and clearly, act quickly, and respond calmly, while reassuring patients and families in a variety of stressful situations. Paramedics possess general skills in patient management and communication as well as skill sets specific to their discipline. Paramedics are confident and assertive in their professional role. They seek to understand the roles of other professionals however, and strive to work in a collaborative manner with a variety of health care disciplines. Paramedics accept responsibility and demonstrate personal integrity and the ability to work with people from diverse backgrounds. A paramedic responds to both emergent and non-emergent health care and transport needs with individuals, groups and, if necessary, in a mass casualty multi-disciplinary environment.

Prior Learning/Transfer Credit

Previous education and qualifications may be applied to the program. Students that currently hold an EMR certificate or a PCP/EMT certificate, from an Accreditation Canada accredited, may receive credit for experience and education through Medicine Hat College’s Prior Learning/Transfer Credit assessments. Prior Learning and/or Transfer Credit for EMT/PCP does not permit progression into the advanced paramedic courses. All required non-Para courses need to be completed prior to taking the advanced paramedic courses. Consult with an Academic Advisor or program coordinator for further details.

Career Opportunities

There is a high demand for paramedics who are employed by public and private ambulance services provincially, nationally and internationally. Paramedics also work in a variety of industrial and community-based emergency health settings.
Paramedic - Bachelor of Applied Health Studies
Diploma and Applied Degree

Applicants can also arrange to write the HOAE at another educational testing centre approved by the college. Testing arrangements and any additional costs will be the responsibility of the prospective student.

Applicants will be ranked based on their HOAE score as follows:
- Applicants that meet and exceed the threshold HOAE score set by the program will be offered a seat in the program until the program has met capacity
- Once the program is full, applicants will be waitlisted based on their HOAE score

Post Diploma Degree Completion

The Bachelor of Applied Health Science Paramedic degree entry is open to Practicing Paramedics (ACP) with pre-existing credentials and exists to meet the emerging needs of patients, practitioners, and employers. As a result of practitioner and industry demand, the Bachelor of Applied Health Science (Paramedic) degree option is open to all graduate Advanced Care Paramedics via a distance learning format.

The Bachelor of Applied Health Science - Paramedic (BHSc-Paramedic) is designed to build on the previous knowledge and experience of practicing paramedics. Qualified candidates are able to obtain the BHSc-Paramedic by completing the nine courses offered in the program.

Entry Requirements:
- ELA 30-1
- Advanced Care Paramedic Credential from an accredited and recognized college/university
- Current Advanced Care Paramedic license in the province the student is located preferred
- Continued employment as an Advanced Care Paramedic is also preferred

PARA 452 EMS and the Canadian Health System
PARA 453 Community Focused Theory
PARA 454 Leadership in Health Care
PARA 455 Research
PARA 470 Paramedic Work Term I
PARA 480 Paramedic Work Term II

NOTES:
EMR completed within the previous three calendar years may apply for transfer credit for Para 100.
** EMT/PCP from an Accreditation Canada accredited program and completed within the previous three calendar years may apply for transfer credit for PARA 100,
PARA 115, PARA 120, PARA 125, PARA 130, PARA 145 and PARA 150. Awarding of credit is also dependent on work experience since the time of EMT/PCP program completion. Program specific guidelines for awarding of transfer credit are available from the Program Coordinator.
++ for students that did not complete the Medicine Hat College practicum.

Practicum

Students may be required to complete clinical and field experiences at sites throughout Alberta and Saskatchewan. Clinical and field experiences may be scheduled days, evenings, nights, and weekends. Depending on our site capacity, students may have a delayed start or an extended rotation falling outside of the regular program schedule in order to complete the placement requirements. Participation in all activities related to practical experiences is mandatory. Students are expected to make
Continuation Requirements

Student Standing
To maintain satisfactory standing, you must attain:
• a minimum of a B grade in all PARA courses throughout the program (Diploma Only). If unsuccessful in a PARA course, you will be required to repeat the unsuccessful and all concurrent PARA course within that semester to ensure a safe and competent continuation in the program.
• a minimum of a pass in the practicum component of all courses. (A fail in a practicum course will require you to repeat the course before progressing to further PARA courses)
• a minimum of a C- in all support courses
• students will be permitted to repeat a course only once (PARA and support courses)

Satisfactory Standing
• Students must maintain a cumulative minimum GPA of 2.0 throughout the program.
• Students that defer clinical or practicum and/or have been deemed unsuccessful must complete a remediation process which may contain an assessment or course work deemed necessary by the assigned instructor to returning to the program.
• Depending on the results of the assessment further remediation may be required prior to commencing practicum.
• Students may only be absent from the program for one calendar year. A longer absence will require reapplication and readmission to the entire program.
• The diploma program must be completed within 6 years of initial entry.
• Fourth year degree courses must be completed within five (5) years of starting the degree component (fourth year).

ACP Registration Exams
For employment purposes, students may elect to challenge the Alberta College of Paramedics (ACP) registration examinations for both the Primary Care Paramedic (second year) or Advanced Care Paramedic (post-graduation at the diploma). This is not a requirement of the program nor the Alberta College of Paramedics to remain in good standing within the program. All costs related to registration, travel, accommodation, and meals are the students responsibility. Further information is available on the ACP website.

Fitness Requirements
A career as a Paramedic requires a high level of physical and emotional well-being. Students must be able to demonstrate the physical capabilities to safely maneuver stretchers and equipment and be emotionally capable to deal with trauma and high stress situations.

In the event of illness students must present a medical clearance certificate prior to returning to the program.
Scott Stickel, Coordinator  
Phone: 403.504.3587  
E-mail: sstickel@mhc.ab.ca

Medicine Hat College offers eight apprenticeship programs leading to journeyman status and solid careers in the skilled trades. The following trade information is drawn from www.tradesecrets.alberta.ca. For more information about the apprenticeship program see page 76.

The term of apprenticeship for a plumber is 4 years (four 12-month periods) including a minimum of 1500 hours of on-the-job training and 8 weeks of technical training each year.

An applicant who is not already certified in Alberta as a Gasfitter (A) or (B) will complete an apprenticeship program that includes both the plumber and gasfitter (B) trades.

Plumbing is one of the “pipe trades.” Plumbers plan, install, and service plumbing systems, fixtures, piping equipment and controls. The piping systems may be used to transport water, waste, gases or hot liquids.

On a typical construction job, plumbers do the roughing in after the frame and roof of a new building are in place. In other words, they:
- study the building plans and specifications to determine the layout for the plumbing and other materials
- locate and mark the positions for connections and fixtures
- cut holes through walls and floors to accommodate pipes
- select the type and size of pipe required, and measure, cut, thread, bend, clamp, solvent cement, or solder pipe
- assemble and install valves and fittings
- join pipe sections and secure them in position
- test pipe systems for leaks
- install underground storm sanitary and water piping system

Plumbers return to the construction site after the plasterers or drywallers, tile setters and floor covering installers have completed their work to do the finishing work such as installing sinks, tubs, and toilets.

Plumbers may specialize in:
- installing water conditioners
- installing plumbing in houses under construction
- installing plumbing in commercial, institutional, industrial or public buildings
- renovating, maintaining, and repairing existing plumbing
- installing hydronic heating and chilled water systems
- installing Sustainable Technologies

Working Conditions
The working conditions for plumbers vary from one job to another. There is little protection from the weather when a plumber is roughing-in, more protection for finishing, and often comfortable conditions for maintenance and repair work. In smaller communities, plumbers generally do a wider variety of plumbing and plumbing-related jobs such as installing private sewage disposal systems and potable water distribution systems.

There may be some risk of injury involved in working with rough metals, power tools, and pipe-joining equipment.

Skills and Abilities
The work is most rewarding to people who enjoy using their specialized skills in a variety of working conditions and working with little supervision.

To be successful in the trade, plumbers need:
- physical stamina required to
  - use proper lifting techniques for heavy pipes weighing in excess of 25 kilograms
  - be on your feet for long periods
  - sometimes work in cramped positions
- mechanical ability
- the ability to work alone or with others

The above information was copied from the tradesecrets website. For complete information on being a Plumber check out the website at www.tradesecrets.alberta.ca.
Power Engineering Diploma

Admission Requirements

High School Route
High school diploma and a minimum 60% standing in:
- ELA 30-1
- Math 30-1 or Math 30-2
- Physics 30

Mature Student Route
- ELA 30-1
- Math 30-1 or Math 30-2
- Physics 30

Even though a high school diploma is not required for program admission, some employers may require it.

Program Requirements

First Year
Block 1 (September - November)
- PLAC 111* Field Placement
- PLAB 116 First Lab
- POWER 161 Introductory Mechanics & Thermodynamics, Legislation and Safety
- POWER 162 Introductory Electricity and Instrumentation, Materials, Welding and Safety
- POWER 163 Introduction to Boilers, Environment, Communication

Block 2 (December - February)
- PLAB 117 Second Lab
- POWER 166 Lubrication, Pumps, Compressor, Boiler Safety and Operation
- POWER 167 Maintenance, Water Treatment, Prime Movers/Engines and Auxiliary Building Systems
- POWER 168 Refrigeration & Air Conditioning and Types of Plants

Block 3 (February - May)
- PLAB 118 Third Lab
- POWER 151 Intermediate Mechanics & Thermodynamics
- POWER 152 Metallurgy
- POWER 153 Codes & Drawings
- POWER 154 Intermediate Electricity & Instrumentation

Second Year
Block 4 (September - December)
- PLAB 219 Fourth Lab
- POWER 260 Intermediate Boilers
- POWER 261 Intermediate Prime Movers
- POWER 262 Water Treatment & Special Equipment

Career Opportunities

Some examples of industry where our graduates find employment are: oil and gas, petrochemical, food processing, power generation, manufacturing plants, hospitals and other large commercial buildings.
Block 5 (January - April)
POWE 265  Advanced Boilers
POWE 266  Advanced Pumps & Water Treatment
POWE 270  Advanced Codes
POWE 271  Plant Installation & Management
POWE 272  Advanced Mechanics
POWE 280  Advanced Thermodynamics
POWE 281  Advanced Metallurgy

* You are responsible for the cost of obtaining safety certification in Standard First Aid with CPR, H2S Alive, and Confined Space Entry before being eligible for PLAC 111 (Field Placement). Copies of these safety certificates must be on file with the PLAC 111 instructor by the date stated in the course outline.

Graduation Requirements

To successfully complete this program you must:
• Obtain a minimum grade of C- in all POWE and PLAB courses
• Achieve mandatory 100% attendance in all lab courses (PLAB)

Transfer

Athabasca University
Graduates are eligible to receive block transfer of 30 credits toward the post-diploma Bachelor of Science (General Science), post-diploma Bachelor of Science (Human Science major), post-diploma Bachelor of Science (Applied Mathematics major), or the Bachelor of Science (Computer and Information Systems major) (BSc (PD)) programs. Students may receive up to 30 additional credits on a course-by-course basis, provided courses in the diploma fulfill requirements of AU’s BSc (PD) programs. Students should contact an AU Academic Advisor for further information.
Practical Nurse
Diploma

Academic Advising Office
Phone: 403.362.1682 (Brooks Campus)
or 403.529.3819 (Medicine Hat Campus)

Stephanie Nowaczyk, Program Coordinator
Phone: 403.362.1472 (Brooks Campus)
E-mail: snowaczyk@mhc.ab.ca

This program is at Brooks Campus

The Practical Nurse program is a two-year (5 semester) diploma program that prepares you to become a Professional Licensed Practical Nurse (LPN). Students will gain knowledge, skills and learn the practical competencies required by the College of Licensed Practical Nurses of Alberta (CLPNA) to become a certified LPN. This program prepares graduates to work as valued members of the health care team within a multidisciplinary environment. The LPN graduate will encompass a wide range of skills that are applicable in various health care settings. The LPN scope of practice has broadened significantly within the decade which has increased the demand for more nurses.

The Practical Nurse program of Medicine Hat College utilizes a conceptual framework called the “Concept of Caring”, this conceptual framework provides an opportunity for reflection on nursing education and practice. “Caring” is the central concept in which the curriculum is based. Practical Nurses apply the nursing process using health assessments that consider physical, social, emotional, cultural and spiritual needs of clients. Practical Nurses work with clients, families and other members of the health care team to develop a plan of care that will best meet the client’s needs. Practical nurses assist the client with activities of daily living, carry out prescribed procedures and treatments while maintaining a safe and comfortable environment.

Learning involves a variety of teaching methods, as well as instructor and preceptor supervised clinical experiences. Classes and laboratory experiences are provided at the Brooks Campus. However, students will be required to travel to other locations in the region for clinical and practical learning experiences.

Graduates of the program are eligible for licensure through the College of Licensed Practical Nurses of Alberta upon payment of a fee of $675 (subject to change) and successfully passing the national practical nurse examination (Canadian Practical Nurse Registration Exam or CPNRE).

Career Opportunities

Practical nurses work as:
• Staff nurses
• Team leaders or charge nurses

Current employment opportunities are active, with Canadian statistics suggesting a shortage of approximately 110,000 nurses (registered and licensed practical nurses) by the end of this decade.

Admission Requirements

High School Route
• 60% in ELA 30-1 or 70% in ELA 30-2
• 60% in Math 20-1 or 70% in or Math 20-2
• 60% in Biology 30 or Bow Valley College ANAT 1101

Mature Student Route
• 60% in ELA 30-1 or 70% in ELA 30-2
• 60% in Math 20-1 or 70% in or Math 20-2
• 60% in Biology 30 or Bow Valley College ANAT 1101

Pre-Program Requirements

Immunization Requirements
All PN students are required to complete a series of immunizations and diagnostic tests as outlined on the Student Immunization Form. Documented proof of completion must be provided to the Administrative Assistant, Division of Science and Health, prior to commencement of the program. Throughout the PN program, students are required to ensure that immunizations are current and must provide proof of updates. Failure to do so may result in students being removed from practice courses until adequate proof has been provided. Please note requirements may change during the program as determined by Alberta Health Services.

N-95 Fit Testing
All PN students must be fit tested for a N-95 mask prior to commencement of Clinical. Documented proof of a fit test must be provided to the Administration Assistant, Division of Science and Health prior to commencement of the program. Failure to do so may result in students being removed from practice courses until adequate proof has been provided. Fit testing is valid for two years; therefore, students must present proof of a second fit testing at the time of expiration.

Police Information Check
All applicants to the Practical Nurse Program are required to provide a current Police Information Check (PIC), which includes a Criminal Record Check, Vulnerable Sector Search and an Intervention Record Check. In order to be considered ‘current’, these documents must be completed during the three months prior to admission (i.e. June 1 – August 31 for Fall admission). Without this documentation, admission to the Faculty will be rescinded. Students who are concerned about the presence of a criminal record should contact the PN Coordinator. Students need to keep the original documents for future employment purposes. Failure to present clear documentation may result in admission being denied/rescinded. Subsequent to admission at any
time during the program, a student may be required to produce a current documentation, the results of which could require their withdrawal from the program. Students are required to inform the Faculty immediately of any change in status of their criminal record.

Cardio Pulmonary Resuscitation Certification
All PN students will be required to submit proof of current CPR Certification (valid for a 12 month period from date of course completion) which includes a Health Care Provider component prior to the commencement of clinical practice courses. Students will be responsible for obtaining course training and certification. Without this documentation, may result in students being removed from practice courses until adequate proof has been provided.

International Students
A coop work permit is required for practicum as well as your student visa, please contact our International Education and Diversity Office for information (phone 403.504.3615 or mhc.ab.ca/InternationalStudents).

Program Requirements

**First Year**

**Fall**
- BIOL 152 Anatomy and Physiology for Practical Nurses
- COMM154 Interpersonal Communications for Practical Nurses
- HLSC 151 Personal Health and Wellness
- PRNU 156 Nursing Theory I & Nursing Science Lab I
- PSYC 153 Growth and Development for Practical Nurses

**Winter**
- PHSL 200 Pathophysiology
- PRNU 158 Clinical Experience I - Continuing Care
- PRNU 160 Adult Health Assessment Theory and Lab
- PRNU 162 Applied Pharmacology & Medication Admin Lab
- PRNU 166 Nursing Theory II & Nursing Science Lab II

**Spring**
- PRNU 168 Clinical Experience II - Continuing & Acute Care

**Second Year**

**Fall**
- PRNU 200 Nursing Theory III & Nursing Science Lab III
- PRNU 201 Maternal & Newborn and Lab
- PRNU 203 Mental Health and Addiction
- PRNU 204 Clinical Experience III - Acute Care
- PRNU 205 Pediatric Nursing

**Winter**
- PRNU 208 Transition to Practical Nursing Graduate
- PRNU 209 Community Health Theory and Lab
- PRNU 215 Final Practicum
- SOCI 201 Introductory Sociology

Clinical and Practica
The Practical Nurse program is an intensive program involving full classroom/laboratory days and clinical days. Clinical experiences, in particular, may be scheduled at various hours, including evenings, nights, and weekends and it is expected that students will make accommodation for commitments outside the program to accommodate this scheduling. Students must be prepared to travel for clinical experiences and/or practica outside of Brooks.

Performance in Clinical and Practica
Students are expected to observe program policies regarding punctuality, attendance, dress, response to supervision and feedback, and to provide safe, competent nursing care. If your performance is questionable in relation to the delivery of safe patient care and/or to the maintenance of the program standards you may be asked to leave the laboratory or clinical site at any time. Continued failure to uphold standards related to safe, professional performance will result in dismissal from the program.

Program Costs
In addition to tuition and textbook costs, students must plan for the inclusion of costs such as CPR, uniforms, white duty shoes, lab kits, name tag, stethoscope, a watch with a sweep hand, and travel/accommodation for clinical and practicum placements.

Continuation Requirements
- Maintain a C+ in all PRNU courses, BIOL 152 and PHSL 200
- Maintain a C- in all other required courses
- A CR (Pass) is required in clinical and practicum courses for successful course completion

Students who are transferring from another nursing program or have been away for more than one year, and will be entering into a clinical course, will be required to demonstrate competence in the knowledge and skills required for that clinical experience prior to the beginning of the clinical course.

Note: Students can only re-enter the PN Program and must complete the program within five (5) years of initial admission.

Final Grades
The final grade in the PRNU theory courses is derived from assignments, unit exams, quizzes, and final exam; and the grade average for each course must be no less than a letter grade of C+. The final grade in lab case scenarios must be 75% or higher or you will receive an F grade for the course. The final grade in the nursing practice clinical courses will be derived from clinical performance and assignments. Clinical objectives must be met in order to achieve a passing grade in Nursing Practice clinical courses.
Practical Nurse Diploma

Failure to meet performance objectives or learning outcomes
Throughout the program, instructors will give verbal and written feedback on your performance and progress. If your performance is inconsistent and is not meeting learning course objectives or learning outcomes, you may be placed on a learning agreement. If the terms of the agreement are not met, or if the original behavior occurs after the expiry date of the agreement, you will be unsuccessful in the course and unable to progress in the program.

Re-entry to the Program
A student must indicate their intent to re-enter in consultation with the Academic Advisor, and the Program Coordinator. Students that have failed to meet the performance requirements of the program are required to indicate re-entry into the program at predetermined dates. For re-entry into the fall semester, students must confirm with the Academic Advisor by March 1. For re-entry into the winter semester, students must confirm with the Academic Advisor by July 1. For re-entry into the spring semester, students must confirm with the Academic Advisor by December 1.

Graduation
You must successfully complete all required courses and meet program requirements. The Medicine Hat College Practical Nursing program is approved by the Educational Standards Advisory Committee, a committee of the College of Licensed Practical Nurses of Alberta (CLPNA). New MHC graduates are eligible to apply for a CLPNA Temporary Practice Permit allowing the graduate to work under supervision while waiting to successfully complete the Jurisprudence Examination and the Canadian Practical Nurse Registration Exam (CPNRE).

Transfer
Thompson Rivers University
Graduates are eligible to receive advanced credit towards the Bachelor of Health Science or the Bachelor of General Studies. Students should contact an Academic Advisor for further information.
Pre-Employment Apprenticeship

Continuing Studies
Program Administrator, Medicine Hat Campus
Phone: 403.502.8975

Program Administrator, Brooks Campus
Phone: 403.362.1675

Pre-employment trades programs are designed to help you become more marketable when seeking employment in the trades. The pre-employment program covers the same material as our traditional apprenticeship program, but students do not have to be employed/indentured to be accepted to this training. Students who successfully complete and pass the program will have skills equivalent to a first year trades apprentice and will be eligible to write the Alberta Apprenticeship & Industry Training First Period Theory Exam for the trade. In addition to the course content offered in the first year apprenticeship program, our pre-employment program includes many additional hours of hands-on practice and safety training. Our pre-employment programs may be offered on a full-time, or part-time basis.

Pre-employment programs are student loan eligible. Please contact the Financial Aid Office for more information at 403.504.3594.

For more information on pre-employment programs and when they are offered contact Continuing Studies or visit their website at www.mhc.ab.ca/continuingstudies.
Science (B.Sc.)
University Transfer

If you are interested in how the world works and what makes up the earth, a degree in one of the many areas of science might be the right path for you. Our program will prepare you to transfer to another institution after you complete a maximum of two years at Medicine Hat College. Your Bachelor of Science may be in a range of disciplines such as cell biology, immunology and infection, physiology, pharmacology, physics, or zoology.

A Bachelor of Science can be used as a pathway into professional, master’s, or after degree programs. Students intending to pursue professional programs can complete pre-professional requirements within the University Transfer Science program. Students can take pre-professional program requirements within our science program towards chiropractic, dental hygiene, dentistry, medical laboratory science, medicine, nutrition, optometry, pharmacy, and veterinary medicine. Students wishing to pursue a professional program are encouraged to seek the advice of an Academic Advisor prior to selecting their courses, as program requirements change yearly and vary by institution.

Career Opportunities

| Agricultural Companies | Doctor                  | Pharmaceutical
| Animal Biology (Zoology) | Environmental Science  | Production/Manufacturing
| Chiropractor            | Government              | Registered Dietitian
| Consulting              | Industrial Laboratories | Research & Development
| Dentist or Dental Hygienist | Lab Technician       | Veterinarian
|                                       | Optometrist            |

Admission Requirements

Refer to Admissions Chart on page 21

The University Transfer program at Medicine Hat College provides students with a foundation to be successful in university degrees. The program is possible with the College’s participation in Campus Alberta. Admission to all university programs in Alberta is competitive and students are responsible for understanding admission and program requirements.

Program requirements change yearly and vary by institution. Students pursuing an undergraduate degree as a learning pathway to a professional program should consult with a Medicine Hat College Academic Advisor and a representative from the institution they wish to attend. University Transfer students need to ensure they meet both the minimum requirements and competitive requirements for admission.

Course Selection

To facilitate the transfer of courses from Medicine Hat College, University Transfer students are encouraged to choose a university and program of study they wish to work towards. With this information, students can consult with their Medicine Hat College Academic Advisor for appropriate program planning.

University of Alberta, Faculty of Science

Phone: 780.492.4758 (Faculty of Science, Student Services)
E-mail: advisor.science@ualberta.ca
Website: www.ualberta.ca/science

The Faculty of Science offers 3 types of science degrees: honours, specialization and general - in the following areas:

Applied Mathematics  Geology  Pharmacology
Astrophysics         Geophysics          Physical Sciences
Biochemistry         Immunology & Infection  Physics
Biological Sciences  Integrated Physiology  Physiology
Cell Biology         Mathematical Physics  Psychology
Chemistry            Mathematics           Statistics
Ecology, Evolution & Environmental Biology  Molecular, Cellular & Developmental Paleontology
Environmental Earth Sciences

Professional programs offered at the University of Alberta include Dental Hygiene, Dentistry, Medical Laboratory Science, Medicine, Pharmacy, and Radiation Therapy.
University of Alberta, University Transfer

Students are encouraged to consult the University of Alberta academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor or a University of Alberta Academic Advisor can help students interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.

University of Calgary, Faculty of Science

Phone: 403.220.8600 (Undergraduate Science Centre)
E-mail: usc@ucalgary.ca
Website: www.science.ucalgary.ca

The Faculty of Science offers degrees in the following areas:

- Actuarial Science
- Astrophysics
- Biochemistry
- Biological Science
- Cellular, Molecular & Microbial Biology
- Chemistry
- Ecology
- Geology
- Geophysics
- Plant Biology
- Zoology

Professional Programs offered at the University of Calgary include Medicine and Veterinary Medicine.

University of Lethbridge, Faculty of Arts and Science

Phone: 403.329.5106 (Academic Advising)
E-mail: artsci.advising@uleth.ca
Website: www.uleth.ca/artsci

The Faculty of Arts & Science offers degrees in the following areas:

- Agricultural Biotechnology
- Agricultural Studies
- Anthropology
- Applied Statistics
- Archaeology & Geography
- Biochemistry
- Biological Sciences
- Chemistry
- Environmental Science
- General Major in Science
- Geography
- Mathematics
- Neuroscience
- Physics
- Psychology

All University of Lethbridge degree programs have a Liberal Education Requirement. Liberal Education involves satisfactory completion of 12 Arts and Science courses, chosen from three distinct lists (List 1 – Fine Arts & Humanities; List 2 – Social Sciences; List 3 – Science).

University Transfer

Students are encouraged to consult the University of Lethbridge academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor or a University of Lethbridge Academic Advisor can help students interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.
Science (B.Sc.)
University Transfer

MacEwan University, Faculty of Arts & Science
Phone: 780.497.4505 (Faculty of Arts & Science Program Services)
E-mail: artsandscience@macewan.ca
Website: www.macewan.ca/science

The Faculty of Arts & Sciences offers degrees in the following areas:

- Biological Sciences
- Mathematical Sciences
- Psychology
- Mathematics
- Physical Sciences

In mathematical sciences students focus on two of the following areas of concentration: mathematics, statistics, or computer science. Similarly, in physical sciences students focus on two of the following areas of concentration: chemistry, physics, or earth and planetary sciences.

University Transfer
Students are encouraged to consult the MacEwan University academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor or a MacEwan University Academic Advisor can help students interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.

Mount Royal University, Faculty of Science & Technology
Phone: 403.440.7220 (Bachelor of Science Academic Advisors)
E-mail: scitechadvising@mtroyal.ca
Website: www.mtroyal.ca/science

The Faculty of Science & Technology offers degrees in the following areas:

- Biology
- Environmental Science
- Geology
- Chemistry
- General Science

The General Education (GNED) is a requirement of all Mount Royal University degree programs. The GNED involves satisfactory completion of GNED courses chosen from four different clusters – Numeracy & Scientific Literacy; Values, Beliefs & Identity; Community & Society; and Communication.

University Transfer
Students are encouraged to consult the Mount Royal University academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor or a Mount Royal University Academic Advisor can help students interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.

St. Mary’s University
Phone: 403.531.9130 (Main Number)
E-mail: advising@stmu.ca or admissions@stmu.ca
Website: www.stmu.ca/biology/

Medicine Hat College students can transfer directly into the third year of St. Mary’s University’s (StMU) Bachelor of Science degree with a major in biology. Students interested in this transfer agreement must meet with a Medicine Hat College Academic Advisor to ensure they understand all admission and transfer requirements.

University Transfer
Students are encouraged to consult the St. Mary’s University academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor or a St. Mary’s University Academic Advisor can help students interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.
This two year program combines knowledge of the humanities and behavioral sciences, an understanding of social work theory and philosophy, and the development of practical skills through academic classroom study and fieldwork settings. This program is designed to meet the knowledge, skills and practice competencies as defined by the Alberta College of Social Work.

### Career Opportunities

At graduation students are prepared for employment in a broad range of private health, social, and welfare agencies as well as in provincial and municipal social service, health, and welfare agencies. The program prepares students to do social work with individuals, families, groups, and communities. Upon graduation students are eligible to be registered with the Alberta College of Social Workers. In Alberta, students educated in Social Work and work within the scope of Social Work Practice must be registered.

### Admission Requirements

For all routes, applicants must first apply to Medicine Hat College indicating your interest in the Social Work Diploma program. Applicants will then receive an application package specific to the Social Work program that outlines details of the pre-program requirements. Please note that the information provided on the personal profile, and that provided by references, will be considered during admission screening to ensure you meet basic standards and have reasonable chance for success in the program and in the profession. The social work program is a competitive program with high numbers of applicants. It may be in the applicant's best interest to apply early.

#### High School Route
- ELA 30-1 (minimum 60%)
- Three grade 12 5-credit courses

#### Mature Student Route
- 60% or greater in ELA 30-1 (or equivalent) or a university level English

This route is applicable if applicants do not meet the minimum requirements for admission but possess other post-secondary and/or work experiences that create potential for success in the program.

#### Transfer Route

Having previously attended a recognized college or university, applicants will be accepted on the basis of your college or university level coursework. Applicants must have 60% or greater in ELA 30-1 (or equivalent) or a university level English course.

### Pre-Program Requirements

- A current resume
- A personal profile questionnaire providing information related to your background and suitability for the program
- One reference from a volunteer or workplace supervisor. (You must have a minimum of 100 hours of volunteer or work experience in a social service environment)

### Program Requirements

#### First Year

**Fall**
- ANTH 213 Contemporary Aboriginal Issues in Canada
- IDST 100 Introductory Communications for Helping Professionals
- PSYC 205 Principles of Psychology
- SLWK 100 Introduction to Social Work Practice
- SLWK 102 Social Problems & Policies

**Winter**
- PSYC 351 Developmental Psychology
- SLWK 101 Social Work Theories & Practice
- SLWK 103 Social Work with Individuals
- SLWK 105 Social Work with Groups
- Elective

**Spring**
- Junior ENGL
- Elective

#### Second Year

**Fall**
- PSYC 357 Human Development
- SLWK 206 Social Work Research & Leadership in Human Services
- SLWK 208 Social Work with Families
- SLWK 212 Social Work Practicum I
- SLWK 219* International Social Work (optional)

**Winter**
- SLWK 209 Social Work with Communities
- SLWK 211 Social Work with Mental Health, Trauma and Addictions
- SLWK 213 Social Work Practicum II
- Elective

**Spring (Optional)**
- SLWK 220* International Social Work Practicum

*You may choose to take classes in a different configuration or at a slower pace. Any changes to the above configuration, however, should be discussed with the Program Coordinator or Academic Advisor.

*Not offered every year. Check with the Program Coordinator.*
Social Work Diploma

Electives
In addition to the specified core courses, students must also complete three additional university transfer courses during the two years of study. Some of these may be taken during Spring semester. Electives may be drawn from any courses which transfer to the University of Calgary as per the Alberta Transfer Guide (available at www.transferalberta.ca)

** Please note in order to take these courses you will require permission from that department's program coordinator.

Practicum
Students are selected for practicum on the basis of academic performance, professional suitability, fitness and conduct, volunteer community service, and availability of practicum sites.

In order to ensure the protection of clients, students are required to provide up-to-date child welfare and criminal record checks, at their expense, prior to entry into practicum placements. Students are responsible for providing copies of the Alberta Children’s Services Intervention Record Check and Police Information Check (PIC), which includes a Criminal Record Check and Vulnerable Sector Search. This is at the student’s expense, and must be submitted prior to entry into practicum placements. Students are responsible for providing copies of the checks to practicum supervisors prior to starting placements. Students are obligated to inform the Program Coordinator immediately of any change in the status of your criminal record. Prior involvement with Alberta Children’s Services or a criminal record may limit the practicum options available to you.

Students will be responsible for purchasing a name tag prior to commencing practicum placement. The name tags will be ordered through the bookstore and must be paid for in advance. The name tags are to be worn while the student is in their practicum placement.

Should the program coordinator judge, in consultation with faculty, that there is evidence that the student is professionally unsuitable or a risk to clients, the coordinator may prohibit them from attending or completing a practicum.

International Practicum
Different opportunities may arise for students to participate in an international practicum. Social Work students from Medicine Hat College may be invited to participate in international practicum placements with other institutions or Medicine Hat College Social Work program may offer this opportunity by itself. In both situations students must go through an application process and suitability for participation will be evaluated on a case by case basis. Students will be expected to complete all prerequisite requirements before departure.

Continuation Requirements
- Achieve a minimum of a “C” grade in all required courses
- SLWK courses can only be repeated once
- In order to continue in the program, a current and cumulative grade point average of at least 2.0 is required at the end of each semester

Students that have been absent from the program for one calendar year and are returning to complete a course, will be required to successfully complete a comprehensive evaluation. Depending on the outcomes of the evaluation students may be required to successfully complete remediation in preparation to enter the practicum.

Graduation Requirements
In addition to the courses required for graduation the students progress in the program will be reviewed each semester by the program faculty. Should the student be found to be in academic difficulty or should their professional suitability be of concern, they may be referred for remedial assistance or, in extreme cases, asked to withdraw from the program.

- Minimum of a “C” grade in all required courses in order to be eligible to graduate.
- One D grade allowed in non Social Work courses.

The Code of Ethics of the Alberta College of Social Workers will be used as a measure of professional behaviour and suitability.

Transfer
Athabasca University
Graduates are eligible to transfer 60 credits toward the Bachelor of Professional Arts (Human Services) program.

MacEwan University
Graduates with a minimum cumulative GPA of 2.5 may be eligible for entry into the Bachelor of Social Work program. Students should contact a MacEwan University Academic Advisor for further information.

Thompson Rivers University
Graduates are eligible to receive advanced credit toward the Bachelor of Health Science or the Bachelor of General Studies. Students should contact an Academic Advisor for further information.

University of Calgary
Graduates are eligible to apply to the two-year post-diploma Bachelor of Community Rehabilitation (BCR) program, the Learning Circles Social Work degree program or the post-diploma Bachelor of Social Work program. Students should contact an Academic Advisor at TRU for further information.

University of Regina
Graduates are eligible to receive up to 60 credits towards the Bachelor of Social Work program. Students should contact an Academic Advisor at the University of Regina for further information.

International Transfer Opportunities
Griffith University, Australia
Graduates are eligible to receive advanced standing toward the Bachelor of Child and Family Studies. Students should contact an Academic Advisor for further information.
University of Calgary, Faculty of Social Work (BSW Learning Circles)

Phone: 403.329.2794 Toll free: 1.866.329.2794 (Faculty of Social Work)  
E-mail: pjaiken@ucalgary.ca  
Website: www.ucalgary.ca/fsouth

In partnership with the Faculty of Social Work at the University of Calgary Medicine Hat College hosts the University of Calgary’s Bachelor of Social Work Learning Circles Program. Combining virtual education formats with on site block and weekend programming, the Learning Circles program is accessible to students living in and near host communities and to those maintaining employment while pursuing undergraduate education. The Learning Circles Program offers an innovative and fully accredited variation of the University of Calgary BSW Program. It offers the same quality as the university’s on-campus BSW programs, with several unique features, including:

- A redesigned curriculum to ensure cultural and geographic relevance to communities outside urban areas
- Convenient scheduling of courses with local practicum placements
- Alternative, flexible and widely accessible program delivery that combines the best distance education technology with face-to-face educational opportunities

Program Overview

Core social work content for the Learning Circles program is themed into four areas:

- Generalist Practice in context
- Communications & Information
- Diversity & Oppression
- Social Work Methods

Through portfolio courses, students apply their learning to their developing professional identity. Option courses allow students to study specialized topics such as mental health, intergenerational trauma, or child welfare. The social work practicum is an integral part of the BSW program. Learning Circle students complete field placements during the Spring term following completion of the core social work curriculum and option courses. Post diploma students complete 400 hours in practicum and university transfer students complete 720 hours in practicum. Field education offers you opportunities to integrate theory and practice under the supervision of qualified social workers. Through seminars that accompany practicum courses, students will discuss learning experiences and challenges.

The University of Calgary, Faculty of Social Work admits students into the third year of a four year Bachelor of Social Work degree. Applicants can gain admission to the Bachelor of Social Work Degree through a University Transfer or Alberta Social Work Diploma route; additional admission criteria and specific courses required.

University Transfer

Students are encouraged to consult the University of Calgary Academic calendar regarding admission requirements and course selection. A Medicine Hat College Academic Advisor or a University of Calgary Academic Advisor can help students interpret and apply these requirements. Students are responsible for making informed course choices as part of their academic degree planning. Students may access the Transfer Alberta Search Database online to determine Medicine Hat College course equivalents.
Social Work (BSW)
University Transfer

If you are interested helping people gain capacity, identify societal challenges and make a difference in the lives of others then a Social Work degree might be the right path for you. Our program is designed to prepare you to transfer to another institution after you have completed a maximum of 20 courses at Medicine Hat College.

A Bachelor of Social Work can be used as a pathway into professional, master’s, or after degree programs such as Law, or Rehabilitation Medicine. Students wishing to pursue a professional program are encouraged to seek the advice of an academic advisor prior to selecting their courses, as program requirements change yearly and vary by institution.

Career Opportunities
Health agencies     Social and Welfare Agencies     Private Practice

Admission Requirements

Refer to Admissions Chart on page 20

The University Transfer program at Medicine Hat College provides students with a foundation to be successful in university degrees. The program is possible with the College’s participation in Campus Alberta. Admission to all university programs in Alberta is competitive and students are responsible for understanding admission and program requirements.

Program requirements change yearly and vary by institution. Students pursuing an undergraduate degree as a learning pathway to a professional program should consult with a Medicine Hat College Academic Advisor and a representative from the institution they wish to attend. University Transfer students need to ensure they meet both the minimum requirements and competitive requirements for admission.

Course Selection

To facilitate the transfer of courses from Medicine Hat College, University Transfer students are encouraged to choose a university and program of study they wish to pursue. With this information, students can consult with their Medicine Hat College Academic Advisor for appropriate program planning.

Speech Language Pathologist Assistant Diploma

Academic Advising Office
Phone: 403.529.3819

Grace Torrance, Program Coordinator (Distance Learning Cohort - DL)
Phone: 403.529.3949
E-mail: gtorrance@mhc.ab.ca

Leeanne Sadowsky, Program Coordinator (Onsite Cohort - OS)
Phone: 403.504.3698
E-mail: lsadowsky@mhc.ab.ca

As a Speech-Language Pathologist Assistant (SLPA), students will find a rewarding career supporting Speech-Language Pathologists (SLPs) in their assessment and treatment of people with communication difficulties. Graduates will have the opportunity to help people of all ages to improve their ability to communicate and interact with others.

For students that want a challenging and fulfilling career with a focus on helping people, the field of speech-language pathology may be ideal. A communication disorder may be evident in a person's ability to pronounce sounds, to understand what is spoken, to use vocabulary and grammar skills, to speak without stuttering, or to use his voice. Illnesses, accidents, strokes, and delayed development may be causes of communication difficulties, which can affect every aspect of a person's life.

Working one-on-one and in groups to improve communication skills, SLPA's will have the opportunity to make a positive difference every day in the lives of children and adults in schools, clinics and hospitals. Under the supervision of a Speech-Language Pathologist, they may provide treatment based on the SLP's goals, make and develop materials and activities, document and report results, carry out screenings, maintain equipment, and assist with administrative duties.

This program is flexible in that the majority of the first 10 courses are common to the Occupational Therapist Assistant/Physical Therapist Assistant (OTA/PTA) and SLPA diplomas. This unique approach provides students with an excellent core upon which to build more specific skills depending on their interests. Along with extensive classroom training, students will participate in experiential learning and practicum training with potential employers in hospitals, private clinics, homecare settings, schools and community programs.

This diploma is offered both OS at Medicine Hat College or via DL. OS is a two-year (five-semester) diploma program, whereas DL is completed over a longer period of three to five (5) years. Students may wish to continue on and complete the OTA/PTA diploma after completion of the SLPA diploma. This diploma also transfers to degree programs.

Distributed Learning (DL)
- Students enrolled in the DL must develop a program plan of study with the Academic Advisor prior to taking any courses.
- Students enrolled in the DL are expected to participate in experiential learning opportunities that are group or individually based. Students must travel to Medicine Hat College or pre-arranged sites for one weekend lab in each of SLPA 212, SLPA 215, and SLPA 216. For further information, please contact the program coordinator (DL cohort).
- Students normally complete all courses as per the sequence in the program. Courses completed out of sequence will require completion of prerequisite waiver forms and approval from the program coordinator.
- Tuition and other fees are charged on a course by course basis; textbooks and supplies are additional.
- Courses offered by DL may have additional start dates (e.g. September, November, January and March).

Prior Learning Assessment
Individuals with related prior learning obtained during employment in the Speech Language Pathology field prior to entering the Speech Language Pathologist Assistant Diploma may be eligible for Prior Learning Assessment and Recognition. Please refer to the Prior Learning Assessment and Recognition portion of the calendar for further information regarding this process. Please contact the Articulation and PLAR Coordinator at Medicine Hat College for further information.

Part-Time Program
Students wishing to take an extended or part-time program must receive approval from the program coordinator(s).

Career Opportunities
Graduates from this program have very high employment rates. They find employment in both rural and urban locations in most provinces across Canada similar to those experienced in practicum training:
- Health regions
- Schools and School Boards
- Private Agencies

Admission Requirements

High School Route
High School diploma with a minimum mark of 60% in each of:
- Biology 30
- ELA 30-1
- Two 30-level subjects, one of which must be a 30-level science, Math 30-1 or Math 30-2

Mature Student Route
A minimum mark of 60% in:
- Biology 30
- English 30-1

Transfer Student Route
A minimum mark of 60% or a minimum C grade in:
- ELA 30-1 or a post-secondary level equivalent
- Biology 30, a post-secondary level equivalent or a university level lab science course

English Language Proficiency
Students also need to meet English Language Proficiency at a higher level than the general college. For the International English Language Proficiency System (IELTS) students must have an overall band score of 7.0 with no band score less than 7.0.
Speech Language Pathologist Assistant Diploma

Pre-Program Requirements
Once successful in gaining admission and have received the program package, students must:
- Complete a standardized health form, program of immunization (and chest x-ray as required)
- Provide a current resume if requested
- Provide proof of current CPR Certification from one of the following:
  - Heart & Stroke Foundation: Basic Life Support (BLS)
  - Canadian Red Cross: Health Care Provider (HCP)
  - St. John Ambulance: Level Health Care Provider (HCP)
- Provide proof of current Standard First Aid Certification
- Provide proof of current N-95 Mask Fit test
- Provide a current Police Information Check with Vulnerable Sector check. Students are obligated to inform the Program Coordinator immediately of any change in the status of their criminal record.

Program Requirements

First Year
Fall OS or Group 1 DL
ENGL 1XX or ENGL 2XX* (ENGL 252 recommended)
IDST 100 Introductory Communications for Helping Professionals
KNES 261 Human Anatomy
PSYC 205** Principles of Psychology
TAPC 110+ Introduction to Health Care and Rehabilitation

Winter OS or Group 2 DL
LING 2XX Introductory Linguistics
Junior SOCI** (SOCI 203 recommended)
TAPC 111 Rehabilitation Process
TAPC 112 Health Disorders & Conditions in Rehabilitation
TAPC 113 Growth and Development for Rehabilitation Service Providers

Spring OS or Group 3 DL
SLPA 212 Basics for the Speech-Language Pathologist Assistant

Second Year
Fall OS or Group 4 DL
DBSS 160 Introduction to American Sign Language
SLPA 215 SLPA Therapeutic Processes I
SLPA 216 SLPA Therapeutic Processes II
TAPC 210 Professional Integration for the Therapist Assistant
AUDA 212 Introduction to Audiology

Winter OS or Group 5 DL
SLPA 206+ SLPA Therapeutic Processes III
SLPA 207+ SLPA Therapeutic Processes IV
SLPA 218 Career Preparation for the SLP Assistant

Note:
- ENGL 125 is offered by DL at MHC. Other English courses are not offered by DL at MHC but are available in a DL format through other post-secondary institutions. Contact Academic Advising for more information.
- These courses are not offered by DL at MHC. They are available in a DL format through other post-secondary institutions. Contact the Academic Advisor for more information.
- These courses are fieldwork courses.

Fieldwork

Fieldwork Requirements
- All program requirements must be completed appropriately and satisfactorily prior to commencing fieldwork.
- Students who have not successfully met their course and program requirements will not be permitted into the fieldwork courses.
- Fieldwork arrangements are made by Medicine Hat College with consideration of student preferences; however, students may be required to complete fieldwork at sites other than those requested by students. Once arrangements are confirmed, they are usually not modified.
- Students should expect to complete at least one fieldwork course/placement outside of Medicine Hat.
- DL students may also be required to travel outside of their home area in order to complete their fieldwork requirements.
- Students may anticipate additional costs associated with these placements, e.g., travel, accommodations, etc.
- At this time, fieldwork placements occur only in Canada.
- Fieldwork placements are usually full-time unless otherwise approved by the coordinator and fieldwork sites.

Continuation Specific to Fieldwork
- Immunizations required must be up to date prior to program start date, shadowing and fieldwork placement.
- Participation in all activities related to fieldwork is mandatory.
- Immunizations must be maintained throughout the program. Additional immunizations may be required for fieldwork.
- Students must successfully complete lab examinations in SLPA 212, SLPA 215 and SLPA 216 prior to entering fieldwork.
- All fieldwork experience must meet attendance and participation requirements as specified.
- Should students receive an unsatisfactory evaluation on a fieldwork placement, they will be required to discuss this situation with Medicine Hat College faculty. This evaluation may result in reevaluation on a fieldwork placement, or they may be asked to withdraw from the program.
- Students may be required to obtain a recent police information check and/or similar checks, at their expense, prior to entry into some fieldwork sites.
- Should the students performance and/or health be questionable in relation to the delivery of safe client care and/or the maintenance of the professional standards of the program, they may be asked to leave the fieldwork site and may not receive credit in the fieldwork course.
Speech Language Pathologist Assistant Diploma

Continuation Requirements
- Students must adhere to the professional commitment as outlined in the Therapist Assistant Programs Student Handbook. Failure to do so may result in dismissal from the program.
- Students must complete the program within five years of registration in TAPC 110.
- All TAPC, SLPA, KNES and IDST 100 courses must be completed with grades of C or better.
- Students must earn a grade of at least C- in all other courses.
- In order to continue in the program, a current and cumulative grade point average of at least 2.0 is required at the end of each semester.
- Attendance in all courses is considered essential.
- Students will usually be permitted to repeat a particular SLPA course (TAPC, SLPA) only once.
- Students are normally expected to complete courses in the sequence outlined in the calendar. Courses taken in a sequence other than what is outlined in the calendar [including deferring courses into other terms] may compromise your standing in the program. This also facilitates proper planning for labs and fieldwork.

Graduation Requirements
Students must successfully complete 19 specific courses and meet attendance, fieldwork and grade requirements as set out in the program policies.

Transfer
Individual courses transfer to other post-secondary institutions as outlined in the Alberta Transfer Guide.

Athabasca University
Graduates are eligible to receive up to 60 credits into the Bachelor of Professional Arts (Human Services). Students should consult with an AU Advisor for further information.

Humber College Institute of Technology and Advanced Learning
Graduates with an overall GPA of 65% may be eligible to receive advanced standing into the second year of the Bachelor of Health Sciences, Workplace Health and Wellness. Applicants must possess the equivalent to Grade 12 English (ENG4U) with a minimum 65% and the equivalent to Grade 12 Biology (SBI4U). Students should contact an Academic Advisor for further information.

Thompson Rivers University
Graduates are eligible to receive advanced credit toward the Bachelor of Health Science or the Bachelor of General Studies. Students should contact an Academic Advisor at TRU for further information.

University of Calgary
Graduates of the Addictions Counselling Diploma are eligible to apply to the two-year post-diploma Bachelor of Community Rehabilitation (BCR) program. Students should contact an Academic Advisor for further information.
Steamfitter/Pipefitter Apprenticeship

Chad Baron, Coordinator
Phone: 403.525.2662
E-mail: cbaron@mhc.ab.ca

Medicine Hat College offers eight apprenticeship programs leading to journeyman status and solid careers in the skilled trades. The following trade information is drawn from www.tradesecrets.alberta.ca. For information about the apprenticeship program see page 76.

The term of apprenticeship for a steamfitter/pipefitter is 4 years (four 12-month periods) including a minimum of 1560 hours of on-the-job training and 8 weeks (240 hours) of technical training each year.

Steamfitters/pipefitters lay out, assemble, fabricate, maintain, and repair piping systems that carry water, steam, chemicals or fuel used in heating, cooling, lubricating, and other processes.

The graduate of the Steamfitter/Pipefitter apprenticeship program is a certified journeyperson who will be able to:

• install and maintain high pressure and low pressure steam and hot liquid systems, including various process and industrial
• fabricate, join and install any pipe system used for various purposes in buildings, using any type of pipe including steel, alloy, cast iron, copper or plastic, etc
• provide safe and efficient systems which function in conjunction with other systems
• comply with rules and codes governing installations
• read and interpret plans, specifications and working drawings and prepare layouts
• be proficient with the safe use of hand and power tools and equipment
• calculate material quantities and compile material lists
• install components according to specifications and assume responsibility for the end product
• relate to job situations and other trades that precede or follow
• understand the fundamental of operating a small business
• perform assigned tasks in accordance with quality and production standards required by industry
• rig and perform complex critical lifts with crane operators

Steamfitters/pipefitters also remove and replace worn components, do general maintenance work, and may work on plant shut-downs.

Skills and Abilities
The work is most rewarding for those who enjoy working with little direction or supervision.

To be successful in their trade, steamfitter/pipefitters need:
• physical strength, stamina, and the use of proper lifting techniques required to manage heavy materials and stand for long periods
• manual dexterity
• mechanical aptitude
• the ability to read and understand complex instructions and blue prints
• the ability to do careful and exacting work

The above information was copied from the tradesecrets website. For complete information on being a Steamfitter/Pipefitter check out the website at tradesecrets.alberta.ca.

Working Conditions
Steamfitters/pipefitters work both indoors and outdoors at physically demanding tasks that often require climbing. They work approximately 40+ hours a week, with overtime sometimes required to meet construction deadlines. Construction contractors may require employees to travel and live in rented accommodation or at a company on-site camp.

There is some risk of injury involved in working with power tools, and heavy equipment.
Upgrading

This program is offered at both Medicine Hat and Brooks Campus

Adult Basic Education

What is it?
Classes in basic reading, writing and math, up to and including a Grade 9 level.

Who is it for?
- Adults who don’t read and write as well as they want to or need to
- Adults who need to upgrade their math skills
- Students wanting to go on to College Preparation classes

College Preparation

College Preparation refers to all programs from Grade 10 to Grade 12. It is designed to meet your needs should you wish to upgrade your academic education, to complete your high school equivalency, or to meet the entrance requirements of other programs. Most College Preparation classes are offered in the following formats: traditional classroom, Open Learning, Distributed (Distance) Learning, and/or On-line Learning.

High School Equivalency

As an adult, this program consists of a series of high school equivalent courses should you wish to upgrade your academic education to a level that will allow you to enter apprenticeship, technical, business, college or university programs.

Combined Upgrading/University Transfer

If you are lacking specific subjects or the required average for the university program you wish to pursue, this program is for you. You can complete your admission requirements and start university courses at the same time. You will be permitted to register in as many matriculation courses as needed to complete requirements for admission to university transfer. You may apply for a matriculation diploma when you successfully complete your matriculation requirements by taking courses at the college. Should you be admitted to a combined program, you may not take 300 level university transfer courses until your matriculation deficiency is cleared. When you are in a Combined Upgrading - University Transfer program and you withdraw from prerequisite College Preparation courses, you will also be required to withdraw from all of the University Transfer courses.

Admission Requirements

1. You must be 18 years or older.
2. An interview with an Academic Advisor is recommended.
3. If you have been away from school for four years or more, you may be asked to take the Medicine Hat College Math, Science and/or English Locator (Assessment). Contact a Medicine Hat College Academic Advisor at 403.529.3819.

Further Information Related to College Preparation Studies

Plan your program taking into account outside activities and demands at home.

Instructors may move you up or down a level in a subject during the first month of classes if it is found that you are incorrectly placed.

If you are in University Transfer/Combined Upgrading, you are expected to complete necessary prerequisite courses during your first year at Medicine Hat College for the university program selected.

Program Requirements

There are a number of levels of courses in this program. Those numbered 010 or 013 are beginning courses at the high school level in a particular discipline.

The 020 or 023 courses are designed for people who have some previous knowledge in a particular discipline. In some cases, they are beginning courses where only one course is required prior to the Grade 12 equivalent course.

The 030 and 033 courses are Grade 12 or equivalent courses.

Equivalency Courses

Biology 020, 030
Chemistry 020, 030
Computers 010
English 010, 013, 020, 023, 030*, 033
Master Student 100
Physics 020, 030
Science 009, 010
Social Studies 010, 020, 030, 033
Math 010R, 010FN, 010, 020FN, 020, 030FN, 030*, 031

*English 030 is accepted in place of Alberta Education’s ELA 30-1 and MATH 030 is accepted in place of Alberta Education’s Math 30-1 by Alberta’s colleges, universities, and technical institutes as per the Alberta Transfer Guide.

NOTE: These are equivalent to high school courses but cannot be used for the completion of a Department of Education high school diploma. However, they may be used towards a high school equivalency diploma awarded by Medicine Hat College.

Open Learning Centre

The Open Learning Centre provides you with an alternative to traditional in-class delivery. Open Learning is a combination of instruction, self-study and tutorial support. Open Learning courses are designed to meet your needs as the upgrading student who is unable to attend regular classes, requires flexible start dates, or requires courses that are not being offered in the traditional classroom format. You are expected to spend a minimum of five hours per week per course working in the Open Learning Centre. Students in Open Learning courses need to set goals, work independently and seek help from staff in order to do well. Instructors and tutors are available to work with you to ensure success.
Medicine Hat College offers eight apprenticeship programs leading to journeyman status and solid careers in the skilled trades. The following trade information is drawn from www.tradesecrets.alberta.ca. For more information about the apprenticeship program see page 76.

The term of apprenticeship for a welder is 3 years (three 12-month periods) including a minimum of 1560 hours of on-the-job training and 8 weeks of technical training each year.

If carpenters are “builders”, then welders are “joiners.” They join and sever metals in beams, girders, vessels, piping, and other metal components. They also make metal parts used in construction and manufacturing plants, and/or weld parts, tools, machines, and equipment.

Welding usually involves applying heat to metal pieces to melt and fuse them together.

Welders use different welding processes and fillers, depending upon the type of metal, its size and shape, and requirements for finished product strength. For a typical welding project, they:

- develop patterns for projects or follow directions given in layouts, blueprints, and work orders
- clean, check for defects, and shape component parts, sometimes using a cutting torch
- weld parts together

Welders may also build up worn parts by welding layers of high-strength hard-metal alloys onto them.

**Working Conditions**

Welders work in a wide variety of work environments. They may work outdoors on construction sites or indoors in production and repair shops. Travel may be required on jobs such as oilfield-related welding. A 40-hour work week is normal, but overtime is sometimes required.

There is some risk of injury involved working with torches and hot metals and the resulting sparks and toxic gases.

**Skills and Abilities**

The work is most rewarding for those who enjoy building things and working with little direction or supervision.

To be successful in this trade you require:

- manual dexterity
- good vision (glasses are acceptable)
- eye-hand coordination
- the ability to concentrate on detailed work
- patience

The above information was copied from the tradesecrets website. For complete information on being a Welder check out the website at tradesecrets.alberta.ca.
