### FAQ

<table>
<thead>
<tr>
<th>Question</th>
<th>Answer</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Can I call Registration Services to register for my courses?</strong></td>
<td>We do not accept registration for credit courses over the phone. You can register on-line or you can register in person, by mail, or by sending a signed registration form to <a href="mailto:registration@mhc.ab.ca">registration@mhc.ab.ca</a>.</td>
</tr>
<tr>
<td><strong>What is the difference between dropping a course and withdrawing from a course?</strong></td>
<td>Early each semester, there is a period in which you can add or drop courses without penalty. A dropped course will disappear from your schedule and will not appear on your transcript. You will receive a refund for courses dropped prior to the add/drop deadline. After the add and drop deadlines, there is another time period in which you can withdraw from courses. If you withdraw from a course during this period, it will appear on your schedule and on your transcript as a “W” but the grade “W” will not affect your Grade Point Average (GPA). You will not receive a refund if your withdraw from a course after the add/drop deadline. Both dropping and withdrawing from courses may have an impact on student funding that you may be receiving, as well as the length of time it will take you to complete your program. If you have questions, please contact your Academic Advisor and/or Student Financial Aid.</td>
</tr>
<tr>
<td><strong>How do I drop a course?</strong></td>
<td>You may drop courses online. You may also complete an Add/Drop form. If you want to withdraw from your entire program you must complete the Withdrawal form. Both the Add/Drop and Withdrawal forms are available from the Medicine Hat Campus Registration desk, the Brooks Campus Registration desk, an Academic Advisor and on our website (<a href="http://www.mhc.ab.ca">www.mhc.ab.ca</a>). You must return this form to the Medicine Hat or Brooks Campus Registration desk before the add or drop deadline to complete the process and receive a refund. NOTE: Notifying your instructor or discontinuing class attendance does not constitute a course drop.</td>
</tr>
<tr>
<td><strong>What if I register for courses and then decide not to attend college?</strong></td>
<td>Please let us know! After you have paid your registration deposit and have registered for your course, a place is reserved for you. If you decide not to attend MHC, call or e-mail Registration Services so we can free up the space. If you have already paid for your courses, your tuition and fees will be fully refunded (minus the registration deposit) if you inform us prior to the drop deadline. It is the student’s obligation to know the add and drop deadline dates for each semester because no extension will be given after this date. The registration deposit paid to confirm your seat is non-refundable.</td>
</tr>
<tr>
<td><strong>How can I check which courses are full before registering?</strong></td>
<td>To check which courses are full prior to registering visit <a href="http://www.mhc.ab.ca">www.mhc.ab.ca</a> and click on logins at the top of the page and log in. Select Course Schedule and select the term you are in. At the Course box type in the course that you want, (eg ACCT 113). Select Search. You will see the courses that are offered. Select the section you want and under Course Schedule select Click for Details. Here it will show you the number of available seats in that class.</td>
</tr>
<tr>
<td>Question</td>
<td>Answer</td>

<tr>
<td>-------------------------------------------------------------------------</td>
<td>-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>What is the last day I can register for my courses?</td>
<td>You may register for your courses until they commence. However, we encourage you to register early in order to have the best selection of courses and times offered. The last day to add a course to your schedule is Thursday, September 9, 2021 for the Fall semester or Wednesday, January 12, 2022 for the Winter semester.</td>
</tr>
<tr>
<td>How do I know I am taking the right courses for my program?</td>
<td>The academic calendar (<a href="http://www.mhc.ab.ca/calendar">www.mhc.ab.ca/calendar</a>) will have a list of the courses you are required to take. We also have program planning guides available on our website. If you are unsure if the courses are right for your program, you should speak to an Academic Advisor. Our advisors have the latest information on programs and courses to help you make the best decisions. See the Academic Advising (pg. 24) section for more information.</td>
</tr>
<tr>
<td>How can I be sure these courses are transferable to the university I plan on attending after Medicine Hat College?</td>
<td>MHC has transfer agreements with many post-secondary institutions around the province and across the country. Students may consult the Alberta Council on Admissions and Transfer website for information on Alberta course/program transfer agreements (<a href="http://www.transferalberta.ca">www.transferalberta.ca</a>). Colleges and universities outside the agreements may accept MHC courses upon individual course evaluation. Speak to an Academic Advisor to help determine if you are taking the courses or program that will transfer to the university you plan to attend. Because of the vast number of transfer opportunities that are available to students, university transfer students are encouraged to contact advisors at the transfer institution to verify information from that institution’s calendar, website, or other publications.</td>
</tr>
<tr>
<td>I have taken similar courses at another post secondary institution. Will I have to take these courses again?</td>
<td>At Medicine Hat College, previous post-secondary coursework is automatically assessed for transfer credit once official transcripts (with final grades) from previous post-secondary institutions are received. Coursework considered for transfer credit must be applicable to your program of study at MHC and you must have received a minimum grade of C- in order for transfer credit to be awarded. If you feel transfer credit has been missed, please pick up a Transfer Credit Evaluation form from the Medicine Hat Campus Registration desk, the Brooks Campus Registration desk, an Academic Advisor or from our website <a href="http://www.mhc.ab.ca/CurrentStudents/Forms">www.mhc.ab.ca/CurrentStudents/Forms</a> and submit the form to the Registrar’s Office. All transfer credit requests must be processed by the last day to withdraw from classes for each semester.</td>
</tr>
<tr>
<td>What do I do if I want to take a lighter load, but want to make sure I am taking the right courses for my program?</td>
<td>The best course of action is to make an appointment with an Academic Advisor to keep your information on track. See the Academic Advising (pg.19) section for more information.</td>

Our staff will assist you in finding the right person to help you with your questions or concerns.

**How do I know which courses to register in?**

HEALTH AND DENTAL PLAN

The Student health and dental Plan is mandatory for all full-time Canadian students (nine or more credits) at Medicine Hat College (International Students are covered under Guard.me.) The extended benefit plan, not to be confused with Provincial Health Care, covers items such as prescription medication, vision care, ambulance services, and dental care. It supplements provincial health care, and covers things that are not already covered. The coverage dates for the plan are September 1 to August 31 annually, and the rates charged for the plan will be pro-rated accordingly for later start dates in the year. This applies to winter enrollments or distance learning students. Of note, the fees for dental coverage are not pro-rated. Students who are enrolled only in the Spring/Summer semester are not eligible for the plan.

If you have a spouse or children, you may elect for family coverage as well. Your family will be eligible for the same level of coverage, once you elect and pay for family coverage through the Students’ Association office.

If you already have an equivalent extended health and dental plan you may opt out of the Students’ Association Health and/or Dental plan. You can also enroll your spouse and/or dependants by completing an enrollment process and paying an additional fee, over and above the Students’ Association fee. Please see the college calendar for deadlines. For plan details, Proof of Coverage information, please visit the website: www.studentbenefits.ca

We offer a dedicated prayer space in the Interfaith Centre, and our food ministry programming provides free snacks, soup lunches and emergency grocery gift cards.
