RATTLER RUN

SATURDAY, APRIL 25TH, 2020

Notice - Friday March 13, 2020

Statement - Cancellation of the 2020 MHC Rattler Run due to COVID-19 Coronavirus outbreak

With regret, but out of concern for the health of all participants as well as members of the broader community, the 2020 Medicine Hat College Rattler Run, scheduled to take place, Saturday, April 25, 2020, is cancelled.

After much consideration and in accordance with precautionary measures issued by public health authorities and governments, we take seriously our responsibility as a community organization to contribute to the efforts to fight this outbreak. The federal government recommends exercising extreme caution in mass gatherings. The chief medical officer of Alberta has recommended that events with over 250 people be cancelled. We are as disappointed as all racers and volunteers at this turn of events as we know this 41-year-old event is something the community looks forward to each year. However, due to the unknown timeline of the pandemic and the large amount of preparation leading into the race event it is difficult to reschedule, and therefore the decision to cancel has been made.

Please note that all racers that have registered will receive a 100% reimbursement. This will be processed over the next 2-3 weeks while working with our race registration site.

Making the decision to cancel the 2020 MHC Rattler Run was not an easy one, but the health and safety of the community comes first.

We will see you on Saturday, April 24, 2021!

Wishing you good health,

The MHC Rattler Run Race Committee
