PROGRAM PLANNING GUIDE 2019-2020

Information Technology Diploma

Software and Internet Development Major

The purpose of this program-planning guide is to help students track their progress within their chosen program. The information in this planning guide is accurate at the time of printing and is subject to change without notice. It is the students' responsibility to ensure the accuracy of their program and course choice. Students should use the program-planning guide dated the year in which they began the program. This guide should be used in conjunction with the official version of the Medicine Hat College Calendar, and calendars of appropriate transfer institutions, which are the final authorities regarding program requirements.

CONTINUATION REQUIREMENTS:

- Prerequisite grades must be C- or higher.

GRADUATION REQUIREMENTS:

- Complete a minimum of ten 100-level approved courses.
- Obtain no more than one D or D+ grade in 100 level courses.
- Complete a minimum of ten 200-level or higher approved courses.
- Obtain no D or D+ grade in 200 level or higher courses.
- Attain a minimum GPA of 2.0.

NOTES:

- Students with a strong high school Math background may take MATH 202/203 or STAT 251 in place of ITEC 120. Advanced permission is required.
- Students in the Software and Internet Development major may take University Transfer courses CPSC 231 and/or CPSC 233 in place of one or two courses designated by the program. Advanced permission is required.
- Admission to the optional Co-op Program occurs at the end of the first semester and will be based on academic standing, evaluation of two written communications assignments in ITEC 100, work term availability, and approval of the ITEC faculty.
 - Students enrolled in the Co-op Program must complete ITEC 205 and ITEC 291. Typically ITEC 205 will be taken in the winter semester of the first year and ITEC 291 will be completed over the spring and summer months between first and second year.
- You are eligible to receive a certificate if you choose to exit the diploma program after one year. This route is appropriate for you if you are looking for a strong background in computer fundamentals, are looking for retraining or have graduated from other areas and wish to update your computer skills. To successfully complete the ITEC Certificate, students must:
 - Complete a minimum of ten approved courses
 - Obtain no more than one D (D or D+) grade
 - Attain a minimum GPA of 2.0
