

PROGRAM PLANNING GUIDE 2020-2021
Paramedic - Bachelor of Applied Health Science Diploma

The purpose of this program planning guide is to help students track their progress within their chosen program. The information in this planning guide is accurate at the time of printing and is subject to change without notice. It is the student’s responsibility to ensure the accuracy of their program and course choice. Students should use the program planning guide dated the year in which they began the program. This guide should be used in conjunction with the official (print) version of the Medicine Hat College Calendar, and calendars of appropriate transfer institutions, which are the final authorities regarding program requirements.

Program Notes:

- **Students exit with a diploma after winter semester of 3rd Year.**
- To maintain **satisfactory standing and to graduate**, you must attain:
 - **A minimum of a B grade in all PARA courses (Diploma only). All PARA courses less than a B must be cleared. If unsuccessful in a PARA course, you will be required to repeat the unsuccessful and all concurrent PARA courses within that semester to ensure a safe and competent continuation in the program.**
 - A minimum of a pass in the practicum component of all courses. A fail in a practicum course will normally require you to repeat the course before progressing to further PARA courses.
 - **A minimum C- in all support courses; a lower grade must be cleared prior to graduation unless it is a pre-requisite course. If unsuccessful in BIO 275, IDST 100, BIO 277, PHSL 200, you will be required to repeat (inclusive of any concurrent PARA courses) prior to continuing in the program. This excludes PARA 100.**
 - A cumulative minimum GPA of 2.0 throughout the program.
 - **You will be permitted to repeat a course only once (PARA and support courses).**
- You will be required to withdraw if you do not obtain satisfactory standing in a second attempt at a PARA course you have previously failed.
- See www.collegeofparamedics.org for information regarding Paramedic certification examinations.
- You should meet with your Academic Advisor for assistance if you are a student who:
 - a) chooses to take courses in a different configuration than shown above; or
 - b) dropped or failed a class; or
 - c) wants to take a course in the spring semester or from another institution.
