

PROGRAM PLANNING GUIDE 2021-2022

Paramedic - Bachelor of Applied Health Science Post-Diploma Degree Completion

The Bachelor of Applied Science – Paramedic (BHSc-P) is designed to build on the previous knowledge and experience of practicing paramedics. Qualified candidates are able to obtain the BAHSc. Paramedic by completing the nine courses offered in the program. Diploma graduates continuing in the degree or practicing paramedics who wish to earn the Bachelor of Applied Health Sciences (Paramedic) degree will be able to remain at home.

The purpose of this program planning guide is to help students track their progress within their chosen program. The information in this planning guide is accurate at the time of printing and is subject to change without notice. It is the student’s responsibility to ensure the accuracy of their program and course choice. Students should use the program planning guide dated the year in which they began the program. This guide should be used in conjunction with the official (print) version of the Medicine Hat College Calendar, and calendars of appropriate transfer institutions, which are the final authorities regarding program requirements.
