## PROGRAM PLANNING GUIDE 2024-2025 Occupational Therapist Assistant / Physical Therapist Assistant Diploma (On-site)

The purpose of this program planning guide is to help students when registering for courses, and to track their progress within their program. ***The information in this planning guide is accurate at the time of printing and is subject to change without notice.*** It is the students' responsibility to ensure the accuracy of their program and course choice. Students should use the program planning guide dated the year in which they began the program. This guide should be used in conjunction with the official version of the Medicine Hat College Calendar found on our website, and calendars of appropriate transfer institutions, which are the final authorities regarding program requirements.

\* **Fieldwork courses**

+**TAPC 218 is an online course taken through Blackboard while completing the fieldwork courses.**

**Program Notes:**

**Continuation Requirements**

- Students must adhere to the professional commitment as outlined in the Therapist Assistant Programs Student Handbook. Failure to do so may result in dismissal from the program.
- Students must complete the program within three years of completion of OPTA 212.
- **All OCTA, OPTA, PHTA, TAPC, KNES, and IDST courses must be completed with grades of C or better.**
- Students must earn a grade of at least C- in all other courses.
- In order to continue in the program, a current and cumulative grade point average of at least 2.0 is required at the end of each semester.
- Attendance in all courses is considered essential.
- Students will usually be permitted to repeat a particular OTA/PTA program course (OCTA, OPTA, PHTA, and TAPC) only once.
- Students are normally expected to complete courses in the sequence outlined in the calendar. Courses taken in a sequence other than what is outlined (including deferring courses into other terms) may compromise your standing in the program. This also facilitates proper planning for labs and fieldwork.
- **Revised plans of study must be discussed and developed with the Academic Advisor and approved by the Program Coordinator.**
